BURDETTE'S BUBBLES.

A COWARDLY INSINUATION.

"Does your cow cringe and curl?" asks the New England Farmer, "and appear nervous and fidgety when you sit down and milk her?" Well, not much, she doesn't. She isn't that kind of a cow. She isn't one of your shy, timid, bashful cows. She just fixes her eyes on vacancy with a glare that will raise a blister on an oak knot, sticks her tail straight up in the air, stiff as a poker, plants three feet firmly on the ground, and then feels around with the other for the milk-pail, milk-stool, milk-maid; finds them; fires them up somewhere in the blue empyrean, and remarking "Ha, ha," amid the shouting, jumps over a six-rail fence and tramples down an acre of young garden. Don't talk about cringing and curling to a cow that has to be milked with a pipe line and a pumping station.

UNUSED TALENTS.

"Lancelot," asked Elaine, looking up from the paper, "how do the strikers 'kill' an engine? I can't understand it at all." "Easy as lying," replied Lancelot, promptly. "You just climb over the tailboard into the cab, open the blow-off cock by lowering the connecting rods until the crankpin is level with the crosshead of the fulcrum connections, push in the brass throttle ratchet till it reaches the crown sheet, which lets the water glasses fall into the fire-box—" "Oh, now I see," she said, joyously, "and of course that puts out the fire. But, Lancelot, if I knew as much about engines as you do I wouldn't stand at the ribbon counter another day. I'd just go out to where the strike is and be a president of a railroad myself." And Lancelot kissed her and said he would, just as soon as his tennis suit came home.—Brooklyn Eagle.

Legal Sales and Foreclosures.

May 17.

Lots 10 and 11 in b 1 in Jno Alles Jr's sub of lots 1 2 3 4 5 and 6 in original town of Rand (Desplaines) in sec 16 41 12. J T Noyes, Master. L N.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

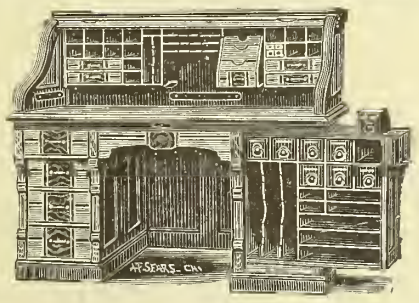
The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE



Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE, President and General Manager, Chicago.

E. ST. JOHN, General Ticket and Passenger Agent, Chicago.

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proven by numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTATE AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be made. Its circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are kept corrected up to date of issue. The sol d men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known as being permanently engaged in business, through the proper channel, and because they desire to support a worthy sheet that never blackmails representatives of the trades to which it caters, or from which it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor is it necessary. No reasonable man wants his pedigree published for a "nickel a week." The advertisements formerly published on this page are transferred bodily to another page, and this space will be occupied by a complete Directory of all reputable dealers engaged as above described.

THE
Real Estate and Building
JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, MAY 22, 1886.

THE outward movement of gold at the present time is without significance, so far as it relates to trade or the general business situation. France wants gold, and is making it an object for the leading money markets of the world to deliver it. We have a surplus which can be spared without interference with our financial stability, and are sending it abroad, we suppose, because there is a better profit in doing so than in retaining it in idleness at home. The recent shipments of gold are destined for Paris, and will probably enter directly or indirectly into the new French loan of 900,000,000 francs, to be protected by an issue of perpetual 3 per cent. rentes. The original proposition of the French Government was a loan of 1,466,000,000 francs, but this was cut down by the Chamber of Deputies to the amount as above. The funds are required for the following purposes: To repay loans made to the Government by savings banks, 350,000,000 f.; life annuities fund, 50,000,000 f.; liquidation account, 105,000,000 f.; extraordinary budget of 1886, 153,000,000 f.; treasury bills, 242,000,000 f.; total, 900,000,000 f. With the exception of the increase in the reimbursements of treasury bills from 230,000,000 to 242,000,000, all of those items were the same as originally proposed by the Minister of Finance. The budget committee also gave way on the question of redeemable against perpetual rentes, and accepted the latter. The Minister of Finance on his side abandoned the reimbursement to the Treasurer-General, which formed part of the scheme to transfer the business of the treasury to the Bank of Finance and its branches, and the funding of the 466,000,000 of sexennial bills, but he reserved the right to bring forward those questions afresh when the general budget comes up for discussion. If the Chamber then accepts his proposal, a further issue of 567,000,000 of rentes will be necessary. It is believed that some portion of the gold sent out has gone to Paris for permanent investment, and is a new departure for American capital. The time for opening the books was immediately after the monthly settlement at the Paris Bourse, for the month of May.

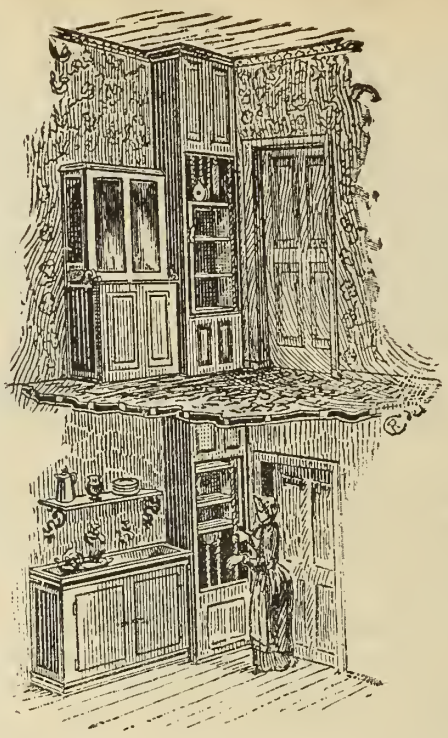
* * *

The growth of the protective sentiment in the South is even more rapid than its manufacturing development. Owners of properties which they wish to have utilized have come to understand that if protection could be absolutely assured for a term of years there would be much greater progress than at present, and a feeling of intense dislike against free trade politicians and advocates has been aronsed that will soon be thoroughly understood by Southern Congressmen, if by no one else. As an old man from North Alabama expressed it the other day, "Any congressman that puts a block in the way of protection will get run over."

* * *

Real estate dealers in several Western cities report quite an active demand for city lots and for properties along the lines of the railroads. A great deal of property has been bought for manufacturing sites. Small house building is being pushed with wonderful activity in large and small towns, and these houses are quickly bought on the installment plan. This activity is due largely to the fact that Eastern capital is creeping westward after employment, and is finding it at remunerative prices. Interest is low, and loans are much more easily effected than a few years ago. Capitalists and money lenders are more willing to permit their money to go into industrial enterprises than a few years ago.

* * *



The leader and members of the Knights of Labor present a spectacle of "the blind leading the blind." They are going ahead darkly, ignorantly. They don't know what is before them. All around them are dangers that they can not see. Their steps are fierce, but uncertain. They are listening for some warning of menaces that they can not behold. Both men and leaders are blind to the truth. Their eyes are closed to perils hemming them in. The Knights themselves are blinded by the promises, threats and commands of their dictators, who are blinded by arrogance and an insane desire to rule over capitalists. Like other blind men, the Knights of Labor are deceived. They think they are walking in safety. They suppose they are on a broad highway of triumph; that the demagogues are leading them on to a condition of peace, plenty, everlasting prosperity and freedom. They don't see any danger. Before them yawn the dark pits of communism and anarchy, but they plunge heedlessly on, for they know nothing of the meaning of these awful depths. By their sides are the precipices of socialism and atheism, but they can not see them. Their heads are filled with dreams of a safe road. They think they are treading a great avenue of victory. Above them are black skies of retribution, and the lightnings flash; but it means nothing to them. They can not discern the signs of the social heavens. They are blind to what they have done. They blame the capitalists for the calamities that have come upon them. They can not see. It does not appear to the Knights of Labor that they have caused this widespread paralysis of business; that they are the murderers of officers of the law in the West; that they are blamable for mobbing innocent men in the street of Philadelphia, New York and Chicago. They are sightless. They do not see that they have brought ruin on themselves; that they are the slaves of unscrupulous rulers; that their future prospects are very dark. They are blind men walking heedlessly on! Nothing but some terrible shock will ever open their eyes; and, as sure as God's sun rises in the east, that shock will come. It may not come in the shape of rifle bullets from the guns of soldiers sent to protect corporate property. It may come, as beggary, when their old places are filled with men who will work, and will not listen to the order of communists. It may come as death, when they are mown down by artillery in mad attempts to destroy the lives of non-union workers; but whatsoever its shape may be, it is inevitable.

THE MARKET.

The market is gradually but with no less certainty assuming again its former active condition.

Confidence is already being shown by home capitalists who are well aware that it will take more than one bomb to destroy or diminish the values of Chicago real estate or detract in any way from it as a means of investment. Property is held as firm to-day by owners as at any time previous to the strike.

Many capitalists in the east and else-

Special inducements offered to manufacturers.

where have withdrawn their orders for Chicago real estate during the past few weeks, through the intimidation received from the glaring headlines and exaggerated statements of our worthy dailies. Letters from every direction show that the greatest fear has been prevalent both for the property and lives of all Chicagoans during the past few weeks. While to the contrary no such fear was manifest or needed to be manifested during this time by the people of Chicago.

The confidence now shown by home capitalists will, however soon dissipate this feeling of uncertainty upon the part of non-resident buyers.

Business property in the centre of the city, placed in the market is as a rule held at too high prices by owners. Much that is now offered will only net six per cent, which is by far too low when risks of renting and the general care of such property are taken into consideration.

In such a case, bonds or stocks paying 5 or 5½ per sent are better investments.

Acre property and suburban lots show an improvement over previous weeks.

The dicision of the Supreme Court in favor of the Field building at the corner of La Salle and Monroe sts, makes very probable the speedy erection of this large structure. Work has been stopped for some months from a dispute between Messrs. Field and Leiter as to what rights are allowable by a party wall contract.

When Field commenced the erection of his new bnilding at the corner of Monroe and La Salle Sts., he broke into the basement of Leiter's building at the west end of the lot in order to strengthen the foundations of the wall, and nse the wall as a party wall under a contract he had made several years ago with Leiter. Judge Moran granted an injunction to Leiter against Field, on the ground that as the contract expressly declared that all additions should be made on the east side of party wall, Field had no right to put in any foundation beyond the medium line of the party wall.

The Supreme Court reversed the decision, holding, that the agreement between the parties constituted a party wall agreement. Such being the case, the original wall became a party-wall, with all the incidents of party-walls. Necessarily, therefore, the easement of support for such wall is given equally on both sides of the line of ownership. One party could not have the benefits of a party wall without submitting his property to all burdens incident to such walls. The right of support was one of the most valuable rights arising out of such an agreement. The evidence clearly showed that the wall could not be supported by a foundation only on the east side, but it must be over the center of the foundation. While our aldermen are not required to be conversant with the classics or sciences, they should be thoroughly versed in the rights of ownership of land, else anarchy may have greater foundation for its sway than it now has in Chicago. Through an ordinance passed by the Council recently, A. W. Maltby, who owns property on the north side of Haines, west of Hawthorne, has received damages amounting to about $50,000. An ordinance was passed recently vacating Haines st., between Crosby and the North Branch Canal. The ordinance was passed in favor of the Chicago Gaslight & Coke Co., who own considerable property in this vicinity, bnt on the vacation of Haines st. deprives Mr. Maltby of the only outlet his property had. It amounts to pretty nearly total confiscation of his property. Let the city make adequate amends to Mr. Maltby for his property, and the aldermen learn hereafter to respect the rights of private ownership.

W. D. Kerfoot & Co. are now located in their new and finely furnished offices at No. 85 Washington st.

H. C. Morey & Co. have moved to No. 83 Washington st.

H. G. Foreman & Bros. report an improvement in the market for loans. They believe buyers have more confidence in Chicago real estate than it is supposed.

E. A. Warfield has sold more than three-quarters of the subdivisions which he has been handling, located between 48th and 49th, Ashland and Wood. Lots range from $350 to $710. The demand for this property has not been abated by the labor troubles.

Nelson Thomasson is receiving an active inquiry for acres.

F. W. Springer: There is a good demand for lots in Hyde Park.

S. H. Kerfoot & Co.: Prices for property remain firm. We are receiving inquiries for residences.

Norman T. Gassette & Co.: Business is already recovering.

E. S. Dreyer & Co. report the sales of a lot on Dearborn st., at $320 a foot; one on N. Clark near Garfield, at $125 a foot; fifty feet on N. Clark in Lake View; and southeast corner of Nelly and Pine Grove, 160x200.

Chandler & Co.: While the improvement in bnsiness is only slight at present, we expect it to fully recover in the course of two weeks.

Sam'l Gehr & Son: Business is gradually righting itself again.

E. F. Getchell & Co. negotiated the sale of 120 acres at $66,000, on W. 48th st., southeast corner of 47th.

E. L. Brainerd has been building on his subdivision in South Englewood, and improving it with trees, etc. He has sold $7,000 worth of this property recently.

P. E. Stanley & Co. report a good market for investment securities.

Rutz, Needles & Netling are negotiating a large number of loans throughout the country.

H. A. Hurlburt reports the loan market to be as active as usual.

J. L. Cochran is now making improvements on his property at Edgewater, 6½ miles from the court-house, on Lake Michigan. It is connected with the city by the Chicago & Evanston R. R. This property is the same distance north as Kenwood and Hyde Park are south.

A. S. Maltman & Co. report business to be as active as usual.

Otto E. Pietch: Business is quite brisk with me.

R. S. Elder has sold 600 lots in less than three years in Altgeld's subdivision in Lake View.

NEW YORK REAL ESTATE MARKET.

May opens favorable for real estate in this city and near by places. There seems considerable money seeking investment, and plenty of property offered. Last Saturday was a lively one at the Real Estate exchange. Special offers of $10,000 to $50,000 or a larger amount on first class city property at four and a half per cent were made. The following property was offered.

A three story brown stone in West Eighty second street for $22,000; three lots on Seventy third street and avenue A for $20,000; a farm of 175 acres at Saybrook Conn., for $10,000; ninety acres at Somerset N. J., for $20,000 and twenty-seven acres at Tom's River, N. J. for $3,500. Among the properties listed on the Exchange are two parcels on Park avenue, one in the vicinity of the Seventh Regiment Armory for $57,000; a corner residence in the Thirties for $125,000 a prominent cor on Third avenue, in the vicinity of 100th street for $107,000; another corner a few blocks higher up for $77,500; a dwelling on West Fiftieth street for $30,000; a six story tenement in Chrystie street for $29.000 and a five story one in Baxter street for $27,500; 100 acres in Passaic county N. J., for $14,000 and a farm of eighty acres in Ulster county N. Y. for $7,000.

PHILADELPHIA CAPITAL.

The fact that there is a large amount of idle capital in Philadelphia seeking investment is shown by the way subscriptions pour in when the prospectus of a new financial enterprise, ably managed, is announced. The stock of the three land title companies recently organized, has already doubled or trebled in value, and two more companies of a similar nature are to be organized. It is stated however, that one of companies proposes to cultivate an entirely new field. The initial movement in this new enterprise occured a few days ago when a number of prominent capitalists, business men and representative manufacturers met in the First National Bank building to organize a corporation to act as intermediary between capitalists and approved borrowers for long terms, and to carry on other business of the same character. The company does not contemplate trenching on the business of the established banks and trust companies, but will be more after the nature of some of the great investment companies of Europe. Dr. William Pepper presided at the meeting, and Mr. Morton McMichael acted as secretary. Mr. Wharton Barker, who has had a great deal to do with starting the company, explained with others, its proposed business. The capital stock of $1,500,000 has been fully subscribed and there is another million anxious to be admitted. there is a difference of opinion among the subscribers whether this additional capital should be admitted and the stock increased to $2,500,000.

We again call attention to the auction sale of 33,000 acres of Western lands, mostly in Minnesota, belonging to the estate of Jay Cooke & Co., in bankruptcy, which takes place at the Real Estate Board, Room 5, 161 La Salle st., in this city, May 26th, commencing at 12 o'clock, noon. Arrangements are under the charge of W. J. Barney & Co., 27 Tribune Building, who have descriptive catalogues of all the lands to be offered. We trust there will be a full attendance of the investors and real estate men of the city, as nothing would seem more desirable to advance the interests of real estate transactions than that this auction should be a complete success. To offer such a vast quantity of farming lands to the highest bidder shows a faith in the market. There can be no better way of bringing buyer and seller together and arriving at fair values, or of economizing time in the transfers of large properties, than by this method.

A number of bills from the Public Lands Committee will come before the House during this month. Among these bills will be several for the repeal of some land laws which have been found in practice to be of use chiefly to land grabbers. To show how necessary it is to repeal some of these laws, it has become known here that recently a company of capitalists took up in two days a million and a quarter acres of timber lands in Louisiana, paying for them $1.25 an acre, when they were easily worth from $10 to $15 per acre. It is high time to begin to save the public lands for homesteads for the people. There are now left only about fifty million acres of arable public lands. The forfeiture bills now before Congress will add nearly two hundred millions to this amount. But there will be there a desperate lobby to fight these forfeiture bills, as well as the other land bills soon to be acted on. The influence of this lobby has apparently been strong enough to keep the Senate from calling up and acting on several forfeiture bills which the House passed early in the session.

Removals.

Horace A. Goodrich has removed his office to rooms 24 and 26, 80 Dearborn st. Mr. Goodrich has been engaged for years in the buying and selling of Chicago real estate, and has gained a wide knowledge of its value He makes a specialty of investment properties and the management of estates.

Crossman & Lee, interior decorators, have removed their studio and office to No. 266 Wabash ave, where they have adequate facilities for carrying on their large and growing business, and are fitting up fine showrooms. The firm carry constantly on hand a select stock of the latest foreign designs in wall paper, also in papiere mache and interior furnishings in general. Their capacity for preparing new and exclusive designs in interior decorations is generously recognized, and their marked success in this special feature of their business is testified to by many of the finest houses in Chicago.

H. M. Garlick has removed his office to room 39 of the Hansen Bldg., 116 and 118 Dearborn St. The purchase, sale and exchange of real estate both in the city and county is attended to by him.

The Robbins Estate has removed its office to room 5, 147 La Salle St.

Among the important changes of our insurance agencies this spring is the removal of Wm. E. & Wm. F. Rollo & Co. to the north-west corner of La Salle and Adams Sts.. where they have every facility for carrying on their large and growing business. The firm are among the oldest agencies in the city and are representatives of the following reliable companies; Packers' and Provision Dealers' Ins. Co., of Chicago; Girard Fire Ins. Co., of Philadelphia. Pa.; Western Assurance Co., of Toronto, Can.; Franklin Ins. Co., of Columbus, O.; Mechanics' Ins. Co., of Brooklyn, N Y., and the Marine Ins. Co., of St. Louis, Mo.

The Boynton Furnace Co. are getting out new and large sizes of their furnaces. The Champion wood furnace is among their new makes. They carry a full line of Tuttle & Bailey's registers and ventilators.

CITY COUNCIL.

May 3, 1886.

Synopsis of ordinances passed as follows:

For sidewalk on both sides of Indiana from Leavitt St. to Kedzie Ave; same on both sides of Rumsey st from Chicago av to West division; same on both sides of Douglas av from Oakley av to south west boulevard; same on both sides of Oakley av from Douglas to 36th st. Same on both sides Auburn st from 36th to Douglas; both sides Ashland av from Archer av to Illinois Michigan canal, on both sides of Ayers court from W. Huron st to Chicago av; both sides of Snell st from w Huron to Chicago av; both sides of Temple st from w Huron to Chicago, both sides of Seymour st from Kinzie st to w Chicago av; both sides of Artesian av from w Kinzie to Ohio st. Both sides of Pratt Place from Hoyne av to its western terminus, both sides of w Monroe from Aberdeen st to Western av both sides of w Taylor st from Canal to Halsted, both sides of Bradley from Noble st to Elston av on west side of Holstein Park from Ems st to Hamburg on east side of Long John st, from 31st st to Douglas av; on north side of Grand av from Wright place to Washtenaw av; on south side of Iowa st from Wood to Robey st.

For sidewalk on both sides of Grace st from Division to Vedder; both sides of Pleasant st from Division to Vedder; both sides of Herndon st from Hawthorn av to Fullerton; both sides of Vine st from Division to Vedder; both sides of Otis st, same to same, both sides of Jay st from Center st to Fullerton av; also for curbing, grading and paving the alley from Dearborn av to n State st, between Michigan and Illinois st, for same from Grant to Schiller st, bet n Clark to La Salle av, for same from 16th to 18th sts bet Wabash and Michigan aves; for curbing, filling and paving Robey st from w Harrison to Ogden av; for curbing and filling Gurley st, from Blue Island av to May st, same on Nixon st from w Polk st to w Taylor; for grading and paving Langley av from 37th to Egan av; also for repealing ordinance and and annulling assessment for the improvement of alley from Harrison to Gurley st bet Morgan and Miller; For establishing sidewalk space on Lexington st, West Polk, Harvard, West Taylor and Filmore sts. For annulling assessment for the improvement of the alley from 29th to 31st between South Dearborn and Butterfield sts, for the improvement of Tell place, and Kirth place.

Objects of a Real Estate Exchange in Baltimore, Md.

1. To secure uniform rates of brokerage in real estate transactions.

2. To protect the business from the encroachments of unlicensed and unauthorized persons who profess to act as real estate brokers.

3. To maintain principles of honesty and fair dealing in the operations of licensed real estate brokers.

4. To stimulate greater activity in real estate by joint effort in effecting sales and transactions rather than by scattered individual work.

5. To discourage and prevent the nnfair division of the broker's commissions by persons not in the business, who have no real claim upon him for a share of his living.

6. To restore the calling of the real estate broker to its former position of dignity and responsibility in this community, and to initiate measures to place it upon a foundation of influence and permanence in the future.

It is the duty of an agent to state facts in making sales of lands, and to be careful not knowingly to misrepresent the title or the character of the land; and it is as important that the buyers should not misrepresent themselves to an agent. If you want an agent to stand by you in your dealings, you must do your part faithfully. Some persons will go to an agent and find out the residence of the owner, and write or go and see him, in order to cut the agent out of his commission. Such dealing is not only ungentlemanly, but is actually dishonest.

DEPARTMENT OF LAW.

ADMITTING COPY OF WILL TO PROBATE.—The opinion of the Probate Court of Hamilton Co., O., by Goebel, J., holding that to admit a copy of a will from another State to record in that State the original will must have been admitted to probate and record, and the court admitting it to record there must be satisfied of that fact.

EASEMENT—RIGHT OF WAY.—The opinion of the Supreme Court of Illinois by Magruder, J., holding that an easement, as in the case of a right of way, may be created by the disposition made of the premises by the owner of the estate, and, upon a severance of the title, the purchasers will take their respective shares as they existed in the hands of the former owner; the foundation of the doctrine of easement, in such and like cases, being a disposition and an arrangement of the premises as to the use of the different parts, by him having the unity of seizin and then a severance.

Lusk & Torrence subdivided and platted this land in such a manner that there was no way of approach to the lots which did not abut upon the main highway except along the strip in question. They then severed their title by conveyances of different lots to different owners, accompanying their sales with the declaration that each lot owner should have a right of way over the strip to the main road. Each lot passed with the advantages conferred, as well as subject to the burdens imposed by the original owners.

WILL—APPOINTMENT OF NEW TRUSTEE BY COUNTY COURT.—The opinion of the Appellate Court for the First District of Illinois, by McAllister, J., holding where a person provided in his will that in certain contingencies the County Court might appoint a new trustee, that it was the intention of the testator to confer the power upon the County Court, as a court, and not as an individual, and as the County Court had no chancery jurisdiction it had no authority to appoint a new trustee, as directed in the will of the testator.

HOW TO DECORATE.

Headboards of bedsteads are sufficiently high to be handsome, without reaching to the altitude they once attained. A freak of fancy is to have panels of embossed leather inserted in them above the mirror on the bureau, and in the backs of chairs.

A pleasing fashion is to make spreads and pillow-cases of colored silesias, trimmed with colored laces.

Wood carving of a high character is fast coming into favor. It is displayed in elaborately worked screens, chair-seats, desks, door-frames, and nearly every description of furniture.

Dark walls and carpets absorb the light and give to a room a gloomy appearance; it is therefore better to select a medium tint against which objects will stand in good relief, and for a drawing-room dark, solid colors are to be preferred to light, delicate tints, and patterns of a reposed appearance are chosen in preference to those of a more pronounced character.

Imitation Madras curtains in new designs are shown that are artistic and pretty. Mexican gauzes come in all the light tints—pale pink, blue and crimson on a fawn ground—while gauzes with lace edging are also in favor, and give that dainty look to a room that is so desirable.

Nothing can be prettier for a bedroom than a chintz-covered screen, particularly so when the curtains, chair and ottoman covers match it.

A round mirror framed in richly chased brass, and supported by heavy chains at either side, is very showy.

Handsome dining-room screens have fine frame work covered with illuminated leather and decorated with leather fringe and studded with large square brass nails. There is absolutely no rule for the size or shape of screens. They may be high or low, narrow or broad, one fold or six. It does not appear to matter for fire-screens, only there is a regulation. They are invariably single, and in their construction opalescent. Stained or jeweled glass plays important parts.

A handsome antique oak chest is considered an important furnishing for a hall.

Iron architectural work is used largely in decorating homes; for the adornment of vestibule entrances and gardens, vases of bronzed iron are supplied that represent in relief some of the finest conceptions of ancient artists. Church ornamentation claims a large share of iron work, as in altar railings.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

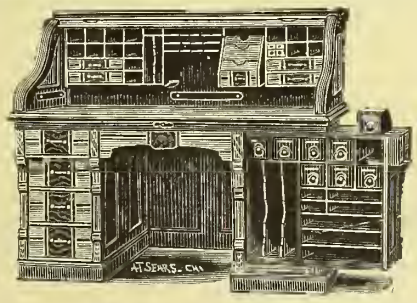
The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE



Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE, President and General Manager, Chicago.

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proven t numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTAT AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be mad e. I circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are ke corrected up to date of issue. The sol d men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known, throu gh t proper channel as being permanently engaged in business, and because they desire to support a worthy sheet that never blackmails representatives of the trades to which it cater or from whom it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor it necessary. No reasonable man wants his history published for eight cents a week. The advertisements formerly published on this page are transferred bodily to another pag and this space will be occupied by a complete Directory of all reputable dealers engaged as above described.

THE
Real Estate and Building JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, MAY 29, 1886.

It may be taken for granted that the organization of labor in this country will lead to some fortunate developments not originally contemplated. Workingmen will probably become more and more convinced that strikes are only temporary expedients, and that however much they may be justified by circumstances they can never afford permanent relief. We do not refer to those violent and destructive movements which attempt the subversion of authority as well as the ruin of property; but to those peaceable strikes which are defensive rather than aggressive, and which are quite as legitimate as the combinations of capital.

In the first place, it is inevitable that the labor question shall become an issue of prime importance in politics. The laborer already understands the value of his vote to the party with which he acts, and he expects his service to be reciprocated. This demand has long been urgent, and would have been made imperative years ago but for the fact that the country was passing through an era of sentimental politics, and that the minds of men were occupied with the quarrels of the past to the neglect of the really vital questions of the day. But the strife of sections cannot continue to occupy the time which should be given to the adjustment of the conflicts of classes. Parties must close with the labor question, and deal with it in effectual legislation, not as hitherto, only in effusive oratory of the stump and the glittering generalties of the platform.

The indications are that the Democratic party will take the lead in this necessary work. The opposite party, during its long tenure of power, was naturally the organization most courted by great capitalists and corporate monopolies, and its leaders have accordingly been brought more in sympathy and affiliation with the wealthy few than with the laboring many. But no party, however popular, no legislation, however sweeping, can repair the consequences of falsely directed labor and the improper distribution of population. The census shows that the relative population of cities is alarmingly on the increase. The population of even the most prosperous cities is in excess of their industrial and commercial demands. There are more men in New York and Boston, in Philadelphia and Chicago, than can be profitably employed, and such is the case in all our urban communities. This fact may be said to force the competition of labor with labor and the lowering of wages. This difficulty cannot be adequately met by organizations which go no further than the rule of a fair day's wages for a fair day's work. At the best such organizations can secure the due reward of those whose labor is not required by the necessities of the country.

The only solution, as every one sees, is to be found in the redistribution of poulation. Men must be attracted from the cities to the country. The public lands—the heritage of the people too freely squandered away by their servants—offer at least the actual necessities of life as a return for labor. But how is a man without money and without credit to clear and cultivate wild lands even when they are to be had for nothing? He must have means to move himself and his family, he must have tools for the building of his house, and agricultural implements for his fields, and he must be able to purchase supplies until his first crop is made. Here lies the real difficulty of the situation, and here it is that labor organizations can do their most useful work. Co-operation can accomplish much that is impossible to individual enterprise. In this work, too, the general Government can lend legitimate assistance.

Drifting From A Safe Course.

BAD EFFECTS OF LABOR DISTURBANCE.

Nine-tenths of all successful business men of the present day can point back to a life of toil which placed them just where they now stand, and no successful business man in the United States is now other than a hard worker if he successfully competes with rivals in business. The fathers and mothers of the business men of the present generation worked still harder and longer hours, and they were happy, contented and prosperous. But how is it to-day? A universal howl all over the land for increased pay and less work by men who are too indolent or incompetent to do a day's work at anything—the world owes them a living and they are bound to have it if they have to join the union representing their trade, and the Knights of Labor. The new doctrine they so much like is "down the employer and aggrandize the laborer"—anything in the shape of capital should be throttled, no matter if capital and brains do move vast enterprises and employ thousands of dependent beings. Down with everything fine and respectable, and elevate the low lived, foul-mouthed agitator, the striker, and pity for the poor fellows who have to labor ten hours a day for twice as much pay as their fathers received for fourteen hours.

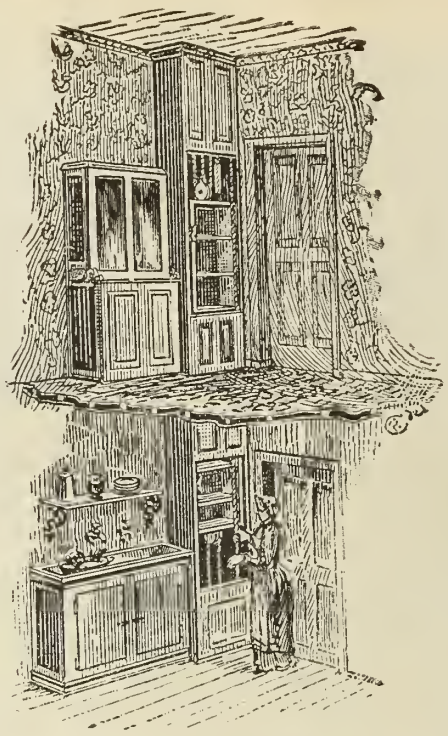
A more serious matter for capital, even more serious than the outrageous strikes that have lately taken place, is the present eight hour movement. In a large measure it is equivalent to reducing the productive power of capital and labor by 20 per cent., and in those numerous cases where labor wants to get its old ten hour wages for the eight hours', it means a complete wiping out of the returns to capital, which alone encourage the saving and use of capital and its power to employ labor. No matter how ignorant the workman may be, he must sooner or later learn that nine-tenths of his conduct for the past few months in striking and boycotting, reacts upon himself disastrously, by crippling the agent that gives him work.

What a pity it is that all young men cannot play dude; even if they have not education and skill enough to set type or "saw off" a stick of timber.

The strong public sentiment growing out of the villainous practice of boycotting, is a sign of good social vitality in this country. On account of new institutions and the many new elements in our social structure that have not become fully harmonized, public sentiment has not been very active or strong here except in cases of great provocation. The days of boycotting are numbered not only by law, but by the sentiment of justice finding expression in public opinion.

The cotton and woolen manufacturers of New England have organized associations for self protection against the excessive demands of workmen.

Various organizations of business men have passed resolutions in the direction of organizing capital and employers against the abuses of restless and noisy employees. The greatest harm so far caused by labor disturbances is the crippling of small manufacturers and business men who are dependent upon their own exertions for success as well as the laborer. Our streets are full of idle men, many of whom would not work if they had a chance. In this busy world, idleness should be punished as a crime, and loafers and tramps should not be tolerated any length of time—they should be told to "move on."



THE MARKET.

BOULEVARD PROPERTY—ANOTHER SALE ON WABASH AV.

No marked activity is noticeable in the transactions of the past week. The demand for real estate and loans is becoming more steady and everything looks favorable to the accustomed trade at this time of year.

The fact that Chicago real estate is passing into the hands of strong buyers renders the market less liable to fluctuations from disturbances of any kind.

Grand Boulevard property seems to be the leading property at present for fine residences. Improvements which are being made and under contemplation are not to be excelled in their character by any residence portion of the city. The palatial residence of Justice Harry Hammer built at a cost of $75,000, on the northwest corner of 37th and

Special indncements offered to manufacturers.

Grand Boulevard is approaching comple ion. The block of brown stone fronts on he northeast corner of Grand Boulevard and 37th are now completed and occupied. The roperty north and adjoining Justice Hamner's residence has all been sold, Messrs, Nichols, McCormick and Woodward of Edon Keith & Co., being the buyers. All these are getting their plans ready for first class esidences. Fifty feet south of 37th Mr. O'Dowd, a wealthy stock yards merchant, will erect an elegant mansion. Geo. and Chas. Smith, both Board of Trade men, will erect two fine residences bet 41st and 42nd sts. Just south of this property 100 feet has been sold but not yet recorded to a party who contemplates immediate improvement. Between 42nd and 43rd, Mr. Lynch, a South Water st merchant, has bought sixty feet recently. Mr. Florence, a capitalist, owns 231 feet on the southwest cor of 42nd. All this pertains to the west side of Grand Boulevard. On the east side, near 38th, south and adjoining the fine new residence of Mr. Moorhouse, Chas. Hancock owns 264x264 ft, on which he will erect one of the finest residences in Cook County. Among other large owners of boulevard property are Marshall, Joseph and Henry Field, Mrs. Dipple, Marshall Field's sister-in-law, and Edson Keith, who own all the property between 45th and 47th sts, running over to Vincennes av. Property here is held on the Grand Boulevard at $150 to $250 a foot. The demand for this property and the high prices which it brings is due to the exceptional beauty and accessibility of the property.

Board of Trade men can reach the proper y in twenty minutes. The station is located at 40th st, and the boulevard.

The extension of the State st cable this summer will tend to improve property adjoining. The elevated Railway projected by J. D. Jennings & Co, for which a large number of names has already been subscribed, will run through the alley between Prairie and Calumet aves, from 39th to 63rd sts. The city terminus has not been fully arranged for, but it is the wish and the intention of the company to terminate on 3rd av to run due south from there, then deviate to the west until they strike Butterfield st, then south again, and finally east to the alley between Calumet and Prairie avenues and 39th st.

Another large sale in Wabash av property has just been made. The piece is located between Jackson and Van Buren, forty feet front with bnilding at 85,000 cash. The purchaser has bought over $300,000 worth of real estate within the past three or four months.

Jacob Rehm has bought from Henry R. Bond et al lot on Market street, southwest corner of Washington east front, 189¾ feet running to the river, for $170,000, and leased the same to the Chicago Warehouse & Manufacturing Company for a term of ninety-nine years at a yearly rental of $10,200 n gold. It is understood the company to which he leased the site contemplated putting up a five-story warehouse on the rear part of the lot to correspond with the five-story building now standing on the front part. There was room enough behind the old building to erect a large warehouse, as the lots were 109 ft on Market st by 160 feet front on Washington. The location was a good one for a large general warehouse, being on the river.

The auction at the Real Estate Board rooms was well attended. The bidding was active—a large number of men outside who were posted as to the condition of the lands were present and bought largely. Among our agents in the auction, were Messrs. Pierce Hawley, and Isaac R. Hitt.

W. L. Davis & Co. have bought a new subdivision at Avondale on the North Western R. R. and will sell fifty foot lots with 4 room houses at $1,000.

At Fernwood a public hall has been constructed in honor of Mr. Gillette.

South Chicago, the center of so many labor troubles, has escaped this time the strikes prevalent in nearly every other place.

Suburban Improvements.

Hyde Park.—An ordinance was passed for side-walk on Ellis Avenue from 40th Street to 302 feet south of same; for same on the east side of Ellis Avenue from Oakwood Avenue to 185 feet south of same; also for same on the west side of Indiana Avenue from 44th to 45th Street.

AUCTION OF JAY COOKE & CO'S REAL ESTATE.

As has been advertised for some weeks the western lands of the estate of Jay Cooke & Co., in bankruptcy were sold in the room of the Chicago Real Estate Board this week. The sale commencing Wednesday and continuing all day Thursday.

Chicago returned the compliment of its selection by Philadelphia parties, by a full attendance and prompt, ready bidding. It is now demonstrated that great sales of many thousands of acres can be made a success in this city. It is the legitimate method to bring both buyer and seller together and reduce to a mininum the expense of selling.

As advertised the whole thirty-three thousand acres of the estate were sold, embracing over four hnndred separate tracts of land. Farms never before went so fast in Chicago, for the auctioneers A. M. Goldsberry of Marion Iowa, who established quite a reputation as a successful auctioneer, and Mr. Ellison of this city, did not hold long for bidders, but the going—gone resounded with rapidity.

The first day of the sale, when about 12,000 acres were sold, buyers seemed quite cautious, many were waiting to ascertain if every one connected with the management were acting fairly and if the sale really was what they advertised, open, fair and without reserve. On the second day 21,000 acres were sold, and so convinced was everyone that it was an auction sale made on merit, that the room was filled, prices ruled much higher, and at the time of closing the sale twenty-five thousand acres more could have been disposed of at same figures. The sale was a great success. Buyers seemed well satisfied and all connected with the estate were glad that they were not obliged to make a greater sacrifice. The trustee of this vast estate could afford to take off the per cent this sale falls short of the appraised value in order to dispose of it at once for cash and save the delays of years and the expense of retailing, and this view was taken in the beginning.

There are few men who have had the courage to undertake an auction sale of such magnitude and of lands so distant at this time when the public have not fully recovered from the financial depression caused by the recent labor troubles, and investors were in doubt.

Never before in Chicago were so many thonsand acres of land sold at auction and the success of Jay Cooke & Co's estate is directly due to the efforts of James C. Young of W. J. Barney & Co. 27 Tribune Bldg. this city. We understand Mr. Young has conducted many large real estate auctions before and the outcome of this demonstrates his understanding of methods of advertising and of drawing together an audience who mean business so essential to success. It was noticed thatthere were very few spectators at this sale. Men mostly came to buy remained until they obtained what they wanted, and then vacated for others. The sale could not have been managed better for it was bnsiness from beginning to end, and the creditors of Jay Cooke & Co. made no mistake in those whom they selected to manage it.

Elison, Flersheim & Co. were the auctioneers. The firm is one of the oldest in the city and is well known for its success in auctions whether of real estate or private property.

The present anction of so large amount of western lands is no exception to their success in this line, for in two daye they sold the whole amount and at prices which were entirely satisfactory to the trustees of the Jay Cooke Estate.

During the first day, over 12,000 acres were sold and the balance, 21,000 acres on the second day. Several pieces were sold at their full assessed value.

The members of the firm are John A. Elison, George B. Flersheim, William B. Severn and Willlam Barker, with office at 84 and 86 Randolph St.

CITY COUNCIL.

May 17, 1886.

Ordinances passed May 17, as follows:

For sidewalk on both sides of Rees st from Larrabee st to Halstead; both sides of Superior st from La Salle west to its western terminus; both sides of Townsend st from Erie to Chicago avenue; both sides of Crosby st from Larrabee to Division; both sides of Chatham from Division to Hobbie st; both sides of Elma st from Sedgwick to Crosby; both sides of Broad st from Chicago & Alton Ry to 31st; same on both sides of Boardman st from C & A Ry to Archer avenue; on both sides of Vermont avenue from 31st to 32d sts; both sides of Lowe avenue from 31st to 33rd; both sides of Stearns st from Halsted to Main; both sides of Fifth ave from Douglas to 37th st; both sides of 32d from Stewart ave to Wallace st; both sides of Keeley st from 31st to Lyman st; both sides of Bonfield st from Archer ave to 31st st; both sides of 27th st from Halsted to Quarry st; also for sidewalk on both sides of Douglass ave from Stewart ave to Halsted st; both sides of Western ave from Madison to West Ohio st; both sides of Central Park ave from Ogden to W 12th st; both sides of Robey from Madison to Lake; both sides of Ann st from W Madison to Randolph st; on May st from Lake to W Chicago ave; both sides of Carpenter st from W Indiana st to Chicago ave; both sides of Hoyne ave from Madison to W Kenzie st; both sides of Wayman st from Jefferson to Halsted; both sides of Oakley ave from Madison to W Chicago ave; both sides of Leavitt from W Lake to W Indiana; both sides of St John's place from Lake to Arbor Place; both sides of Wsldo Place from Desplaines to Halsted st.; both sides of Eagle from Desplaines to Halsted both sides of S Dearborn st from 22d to Egan on the west side of Lincoln st from 31st to 22d st for establishing sidewalk space on Mohawk st from Clybourn to North ave; ordinance for sidewalk on both sides of Pratt st from Milwauke to Halsted referred to committee on streets and alleys; Ald. Lyke presented an order for sidewalks on both sides of Homan ave from Fulton st to W Lake st; both sides of Walnut st from Parker place to Homan ave; the west side of Avers ave from Kinzie st to Indiana st; the west side of Central Park ave from Indiana st to Huron st; the north side of Indiana st from Tinkham ave to Avers ave; both sides of Fulton st from Parker place to Homan ave; the west side of Springfield ave from Kinzie st to Indiana st; both sides of Harding ave from Kinzie st to Huron st; both sides of Seymour st from Chicago, Milwaukee & St. Paul railroad tracks to W Chicago ave; and the north side of Ogden ave from Kedzie ave to Spaulding ave, which was referred to the Department of Public Wooks for proper ordinances. Ald. Campbell presented an ordinance establishing sidewalk space on Paulina st from W Madison st to W Lake st which was passed.

DEPARTMENT OF LAW.

SUPREME COURT OF ILLINOIS.

Marshall Field, Appellant, v. Levi Z Leiter, Appellee.

L. built a wall five stories high on the east line of his lot, half on his own land and half on the adjoining lot, with the owner of which he had no agreement. Afterward F. having acquired the adjoining lot and desiring to build a ten story building, a contract was made, providing that F in constructing his building "may use for that purpose as a party wall (with the right to add to the height thereof(, so much of the east wall of L's building as he may desire; F agreeing to strengthen said wall, and the foundation thereof, by making such additions thereto upon the east side thereof, as may be required to prevent any and all injury or damage to L'e building, by reason of the use of said wall by F. Additions were made to the wall on the east side, but it appeared that it was impossible adequately to strengthen the foundations by additions on the east side alone, and that in order to erect the building at all, additional foundation supports on the west side were necessary, which however might be confined wholly beneath the ground. L filed his bill to enjoin F from making any constructions whatever west of the lot line.

Held 1. That by the contract the existing wall, and any height that might be added to it, became a party wall, with all the mutual easements of support belonging to party walls.

2. That the purpose of the contract was to provide for the erection of a ten story wall, and the necessary support therefor was granted by implication.

3. That the words "on the east side thereof in the contract, refer only to additions made to the wall, and that as to the additions made to the wall and that as to the foundations, it was the right and dnty of F to strengthen them by the usual and reasonable method prevailing in that locality, so as to prevent injury to L's building, but that method shonld be followed which will occasion the least inconvenience to L.

The contract should be so constrned as to make it effectual and not inoperative. A party ought not to be allowed to come into a court of conscience, and demand equitable relief on the ground that the words he has used in making a contract, if construed literally, do not mean anything, and for that reason the contract is impossiple of execution.

Party Wall Contract.—The opinion of the Supreme Court of this state, by Scott J., holding that by the contract between the parties the existing wall and any height that might be added to it, became a party wall, with all the mutual easements of support belonging to party walls; that the purpose of the contract was to provide for the erection of a ten-story wall, and the necessary support therefor was granted by implication. This opinion seems to rest npon a sound foundation both as to law and the facts.

A new means of Investment.

The whole country after having undergone a period of depression is now asking itself, what bnsiness has least been affected and uninjured?

Such a business, indnstry or corporation, that can make a better showing now than before the crisis attracts the attention of capital, merits the confidence of investors and is being eagerly sought for.

There is such a bnsiness, and it has heretofore been monopolized by English and Scotch capital until some three hundred millions have been invested in the Ranche and cattle business of this great country.

A Land and Investment Company in New York is now offering $500,000 first mortgage 6 per cent 10 year bonds; for subscription at 90 cash, or at a par. upon a novel installment feature which appeals to the farmer as well as the banker, the clerk and mechanic as well as the millionaire, and to all who desire to invest their savings at better rates of interest than any bank will allow.

This company issues certificates of indebtedness in one and five dollars each representing an installment, and when the investor has purchased $50 of these certificates he becomes entitled to a $100 Gold Bond, First Mortgage, bearing 6 per cent interest, which he can obtain upon presenting his certificates or forwarding them by letter to the Company's office.

The remaining $50 due on the bond being payable to the Company in monthly installments not exceeding $5.

The bond commences to draw interest on delivery the same as if fully paid. In addition to which the Company gives us a bonus free, one fully paid up share of stock of the value of $25.

Those desiring to buy their bonds ontright for cash can do so at 10 per cent discount in $100, $500 or $1,000 bonds and receive one, five or ten shares of stock free. The Bonds are secured by property owned absolntely by the Company, estimated to be worth $3,000,000, and this money received from sale of bonds willl be invested in cattle, the income from which it is estimated will yield 30 per cent upon the stock after paying 6 per cent on the bonds.

HOW TO DECORATE.

Hanging lamps in imitation of the old fashioned lanterns set in iron work are now used in vestibules; they are suspended from a bracket also in iron work at a little distance from the wall.

All woods with ornamental grain are in great demand for cabinet work.

Folding beds are meeting the reqnirements for economy in space and dispense in apartment houses with extra rooms. Some of the newest and most popular patterns in walnut and cherry are nicely carved and polished and sometimes have a swinging plate mirror and small toilet drawers under bracket shelves.

Furniture coverings are changing this year. Plush, which has held the public for several years, is giving way to silk tapestries and brocades.

Where window curtains or portieres are hung inside the casings, the poles are usually sunk in sockets instead of showing fancy knobs.

A new $20.000 hotel will be built four blocks from the depot on Eagan avenue; also the state normal will be rebuilt at a cost of $25,000.

ALIEN LAND-OWNERSHIP.

The house committee on public lands have agreed to report favorably Judge Payson's alien land-ownership bill as follows:

TO RESTRICT THE OWNERSHIP OF REAL ESTATE IN THE TERRITORIES TO AMERIOAN CITIZENS, ETC.

BE IT ENACTED, That no non-resident alien or foreigner, or any resident alien or foreigner who has not declared his intention to become a citizen of the United States, nor any incorporation or association where, at most, one-tenth of its stock or right of property is owned or controlled by aliens or foreigners, shall acquire or own, hold or possess, any right, title or descent accruing hereafter, any real estate in any of the Territories of the United States; provided that the provisions of this act shall not apply to the real estate necessary for the construction and operation of any railroad.

Following is the committee report on the bill prepared by its author. It has for its basis the proposition that, American soil shall be owned by Americans, as far as Congress can control it:

"The committee on the public lands in this Congress, as well as in the last is thoroughly committed to the policy of so adjusting and administering our public land system that the agricultural lands of the nation shall be parted with, without cost, to be held in small tracts by actual settlers only for the purposes of cultivation by the owner, securing thereby the thrift of the citizen and economy in his management which ownership always stimulates. The policy we submit should become the national one. The experience of so many thousands of our people in the securing of homes on our vast area of public lands has been so successful that the desire for ownership of a home, capable of producing support for the family, is more universal here than in any country in the world.

"It was the prevailing idea when the homestead law was passed—one of the most beneficent acts ever adopted by congress—that it was the duty of the government to furnish to its people cheap homes; to aid the actual settler, whose labor would make the land fruitful and productive, giving added wealth to the locality, and stability and strength to the country; and it had the great magnificent possession, the public domain of that time, which under proper management, would have afforded such grand results for generations to come. But different counsels prevailed and a different course was followed. Areas of land, sufficiently large to make great States, were donated with a reckless liberality—indeed, prodigality—to railroad and other corporations; and, by a lax, easy administration of injudicious laws, men of wealth and companies have been improperly and illegally permitted to acquire other great areas of public lands, until now out of the vast empire of territory we had at its beginning, this generation has seen it so reduced that less than 5,000,000 acres of arable agricultural land—upon which crops can be raised without irrigation—remain for the settler under the general land laws of the United States, and about 50,000,000 of acres only of lands susceptible of improvement by irrigation. These lands are becoming more and more valuable year by year; and tempted by the promise, sure to be realized, of immense profits, as well as the absolute security of the investment, these lands, by devious methods in many cases, have been secured in great areas and holding by capitalists and corporations, foreign as well as domestic. In the hands of many of these foreign owners and holders these lands are made subjects to a system of landlordism and conditions totally un-American, and kindred to that existing in the old world—systems and conditions that have spread ruin and misery wherever they have existed in Europe.

"Besides this, out of the heritage of the American people the common property of this nation—its public lands—we are at present permitting the coining of immense private fortunes in the hands of foreign nobility and gentry at the expense of our own people, and giving the foreigners the control of the homes and happiness of thousands of citizens of those who have come here to identify themselves with us. The extent of these foreign holdings is illustrated by a list subjoined, which shows a total of nearly 21,000,000 acres. This list could be greatly enlarged; only the more important cases are given. Cases of like character are very numerous, but smaller in area, aggregating over $30,000,000 of acres.

There is no question as to the power of Congress over the matter. England exercised it during all the years of her progress, and it has only been until very recent years that the right to hold real estate there has been granted to aliens.

The question as to how cheap homes for the poor can be best secured will soon be upon us. At the present rate of disposition this generation will see the last acre of public land worth taking for a home by a farmer disposed of. The committee has devoted its best efforts and most earnest endeavors to perfect and present to the house for its consideration and action such lands as had been improvidently granted to corporations, and to which they are not entitled. Also for the repeal of such laws as rendered possible the improper aquisition of great areas of land from the government, and preserve what it had and should reclaim of the public lands as a reservoir to be drawn upon by the actual settler without cost, in homesteads, in small allottments for actual cultivation; believing, as we do that not only the fostering of the home sentiment and individual prosperity would result, but, in addition, that there is no greater safeguard against public disorder, tumults, and riots than a generally distributed ownership of lands and homes.

Such a general condition of affairs would be a guarantee in favor of law and order, and we therefore recommend the passage of the bill.—[Knights of Labor.

REPORT OF NEW BUILDINGS AND BUILDINGS TO BE ERECTED,

Order to sell, application for June term of court, 3rd Monday, as follows: Pt of s 44½ acre piece of 94½ acre tract 19 41 14, several pieces and parcels. Catharine O'Neill, Guardian. L A.

PROBABLY one of the most difficult problems that at present meets real estate owners and managers of properties, more especially those who have tenement houses under their supervision and care, is to satisfy their tenants clamoring for improvements. To meet a difficulty in the shape of excessive figures usually charged for wall papers, J. T. Dunn has opened a store at 78 E. Jackson St. near State, and carries an entire line of papers made by manufacturers not in the pool. The stock is entirely new, and of fashionable designs. We should imagine that seeing the nature of the stock and the absense of high rent and other unnecessary expenses, that Mr. Dunn can sell at the lowest figures, and give satisfaction to raal estate men.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

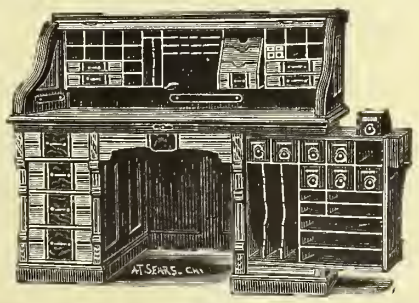
The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE



Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE, President and General Manager, Chicago.

E. ST. JOHN, General Ticket and Passenger Agent, Chicago.

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proved by numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTATE AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be made. Its circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are kept corrected up to date of issue. The sol d men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known, through the proper channel as being permanently engaged in business, and because they desire to support a worthy sheet that never blackmails representatives of the trades to which it caters, or from whom it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor is it necessary. No reasonable man wants his history published for eight cents a week. The advertisements formerly published on this page are transferred bodily to another page, and this space will be occupied by a complete Directory of all reputable dealers engaged as above described.

NEWSPAPER ADVERTISING
A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

THE
Real Estate and Building JOURNAL.

R. C. SMYERS, Editor and Proprietor.

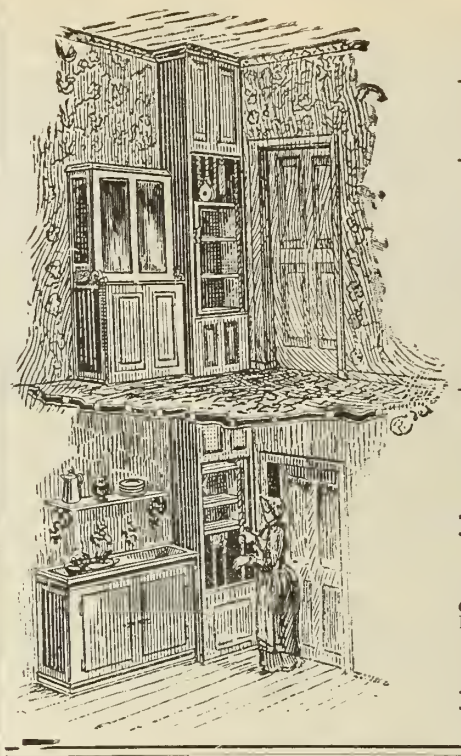
CHICAGO, SATURDAY, JUNE 5, 1886.

If the hopes of the labor organizations are ever realized, all the occupations in the country will be regulated by rule. Careful estimates will show the number of hands needed in each trade and then there are to be so many masons, so many carpenters, so many shoemakers and so many in each of the other crafts. Every hole will have its peg. Capital is to be allowed a fair interest, the hours of toil will be just so many a day, and the rate of wages in each trade is to be fixed and inexorable. The harmony in which the planets move round the sun would be nothing to all this. There is to be no guess work. The whole scheme contemplates reducing the labor question to a mathematical science, founded on the known demand and the power to supply. The United States are to be the real Utopia, and there will never be any strikes because, everything is to be run by a "Central Executive Board," stationed at Washington.

Of course this Board is to have great power—despotic power. It is to decide, finally, all questions of labor. It is to say how many shall be bricklayers and who the men shall be, by lot or otherwise, and it won't be of the slightest consequence whether these men want to be bricklayers or something else. The Board will see that they keep still and obey orders. This sort of method is to be pursued in all trades as the Board is to be elected by the labor organizations, of course the labor leaders will compose it, and their wisdom in the past and the present is a gnarantee of their wisdom in the future! It will be useless for workingmen to have an ambition to better their condition, for the Executive Board will see that they don't better it by assigning them to set tasks at so many hours a day and a fixed rate of wages. If this plan is to be carried out it will strike most people that the workers will have a sad time. They cannot choose those occupations best fitted to them. It never will be of any use for them to strike for higher wages, for the Executive Board fixes the pay, and the manufacturers and other employers wonldn't dare to raise wages if they wanted to. The workers will have nothing to hope for' nothing to live for. They will be bound hand and foot, the slaves of an irresponsible set of loud-mouthed loafers, who will take care to perpetuate themselves in power. There is to be no aspiration to toil for an independence, for toilers caunot leave their practical prisons. They are to be driven to and fro, like so many dumb cattle in the shambles, at the will of the masters they lect over them. and they are not to have even the poor right of protesting against such intolerable bondage.

There is no doubt that one of the causes which has had much to do with the late strikes is the recent heavy immigration. Since 1870 immigration has increased the population of the United States by 6,175,070, and more than half of this increase has occurred since 1879. These figures are enormous—representing more than one-tenth of the entire population of the country. Such an immigration, in such a short period of time, could not fail to make itself felt in many ways, even in this land of almost unlimited domain, numerous and diversified industries, and elastic capabilities of reception and assimilation. It is an easy thing to see how these six million immigrants have helped to force strikes. They came here to work, and most of them worked for wages. They competed in the labor market with our home toilers, and their tremendous addition to the manufacturing products—for most of them stayed in the great cities—has forced the total output up to a point much in excess of the requirements of domestic consumptiou and foreign export. Many of them joined the labor unions, and, as they had extravagant notions before coming here of the large sums of money they were to make, and in most cases were more or less disappointed, they have been dissatisfied and prone to counsel strikes. Besides his, their large addition to the output of manufactured goods has forced down the prices of these articles and made some reductions in wages necessary almost everywhere, and these reductions in wages have caused strike after strike. The labor unions themselves are responsible, primarily, for much of this trouble. They have always attracted shiftless workmen from all parts of the world, because they do not value or recompense a first-class worker more highly than an incompetent one. Since the mechanics and laborers of the old world have known this fact, immigration has wonderfully increased to the United States, with the most unfortunate results for the American wage-earners. The unions here have got to meet this question of excessive immigration, sooner or later, face to face. There is no avoiding it. A time for decided action is bound to come. The unions may put it off. if they please, by a dilly-dally policy of letting things take their own course forever. Some day the labor organizations here will have to decide what to do with this immense influx of foreign toilers, and when that day comes the current of excessive immigration will probably be permanently checked by the unions refusing to initiate foreign members.

Isn't it high time that the brick sidewalk, the venerable heirloom of defunct fogyism, was doomed to become a thing of the past. Brick, as a pavement for pedestrians to walk upon is the merest apology for a pavement and should be prohibited for evermore by councilmanic edict. New York, more than thirty years ago, prohibited the renewal of brick sidewalks. Property owners "kicked," and "kicked" hard against the law at first, but the change was such a good one, and the decided superiority of the blue flag stone as a pavement, over bricks, was so apparent and the lasting qualities of stone were so much greater than brick that opposition rapidly disappeared. If bricks could be made to possess equal hardness throughout, they would be very much better for such purposes, but as they are now made they soon become worn and a single brick will cause more falls or serions injuries in one hour than all the flagstones or patent pavements in a whole season. The hard granite slabs which are the attractive features of some fashionable streets on a slippery day should not be allowed either. Exposure to the atmoshere makes granite as hard as iron and it soon becomes even more slippery than ice itself, corrngation does very little if any good.



Builders, as a rule, already understand that the ways of country villages must be discarded, as they will no longer answer for growing, progressive Chicago. Consequently there is not much to complain of in the newly built up sections of the city, but why property owners in the old sections should be permitted to renew these man-traps which should have been abolished twenty years ago is more than the unlucky pedestrian can comprehend. The tittlcy-benders, always quite plenty in the spring of the year are the most insufferable nuisances known to a long suffering public; they are more treacherous, if not as dangerous as quicksand, and if there be anything more calculated to raise the ire of a mild-mannered, well meaning young man than to have a tittley-bender squirt the filthy liquid ooze underlying it, up his trouser's leg on a Sunday morning we don't know it.

THE MARKET.

DOCK PROPERTY.

The large purchases of property fronting on the river, by J. P. Neal. acting as agent for the Chicago & Great Western Raiload, have caused a scarcity of dock property and created a demand which is giving many of our agents plenty to do to fill. Between Madison and Twelfth streets there is only one piece of this class of property for sale and from Twelfth to Twenty-second, not more than three or four, making in this whole district at the most only four or five pieces which are offored at all on the market.

The operations of the Chicago & Great Western Railroad have exteuded though the past two years, in which time they have secured the right of way into the city by contract, condemnations or purchase and have

Real estate at South Chicago.
Sites for Factories on River and Railroads.
Lots for business and residence uses.
Particular attention is called to one Ten-Acre Lot, with a dock front of one thousand feet, adapted to Box Manufacturing.
☞ Possessing Docking and Dredging machinery of its own, this company is prepared to enter upon and execute promptly all work pertaining to dock construction.
Special inducements offered to manufacturers.

expended in so doing over three millions of dollars, a large amount of money but small whencompared with what has been accomplished with it. The purchaes of the company of dock property havebeen between Harrison and Twelfth streets.

They strike the city at Filmore st, then go south on Campbell Av. to Rebecca, east on Rebecca and Meagher street to Canal, then north easterly, crossing the river near Taylor, and along the river to Harrison, their final junction.

At Polk street they will erect a temporary depot. The site for their permanent depot is near the corner of Fifth av and Harrison street.

The Wisconsin Central will also come in on this road.

By the first of August they will be in operation and ready to transact business.

An auction will take place on the 22nd of June in Peotone, Will county, Illinois, of two farms, one of 320 acres and the other of 400 acres. This is desirable property with improvements necessary for farming. Any information may be obtained from Adolp Loeb & Bro. in regard to either the auction or the property.

The leasing for ninety-nine years of the old armory lot at the southwest corner of Adams and Franklin streets to Samuel W. Allerton has been recommended by the Mayor.

In consideration of the rental for the first twenty years, Mr. Allerton agrees to purchase and deed to the city, 40x80 feet on the corner of Franklin and Court place and 45x 100 feet on Fifth av, between Jackson and Van Buren street to erect thereupon two engine houses to cost not exceeding $30,000.

This will give the engine houses better locations according to the view of the fire marshall. The proposition seems a fair one if it can be shown by Mr. Allerton that the actual cost of the two lots together with the two engine houses is just equivalent to the rental of the armory lot for the twenty years. Property on Franklin street is in demand and no doubt offers will be forthcoming for the same property.

Mr. Allerton intends, in case of the acceptance of his proposition to erect a building to cost $150,000.

J. P. White has sold between 29th and 30th on State st, 72 feet for $15,000 cash—also 82 feet on Halsted between Lake and Fifth av, east front for $20,000.

C. C. Landt Co. have removed to Rooms 1 and 2, 113 Adams st.

M. A. Farr, has sold in the West Chicago Land Co's subdivision near Garfield Park, seven houses—Four are now being built and already sold. Pine lands in which the firm are also dealing are increasing in value. The strikes have not affected this property.

Tabor & Holton report the strong inquirf for residences ranging from $5,000 to $7,000.

E. A. Cummings & Co. will inaugurate their system of auction sales by one on the 22nd of the month and continue them through tne summer.

J. C. Magill & Co, have made the following sales;

S w cor of Washington Bd and Hoyne av, impd, $28,000.

N. E. cor Washington Bd, and May st, 50 x100 ft impd, $18,000.

Market st 50 ft n of Van Buren 50x165, $41,000.

N E cor Harrison and Desplaines 92x100 with building $20,500.

No 520 Congress st, $8,600.

No 278 Park av 60 ft lot, $7,500.

2 lots on Lexington near Rockwell, $1,000

3 lots on Polk near Rockwell $2,000.

No 761 w Jackson $5,125.

2 lots on Harrison near Morgan $6,250.

No 292 Hermitage av $5,500.

Lot on State near 45th, $1,500.

Lot on Washington Boul, near Central Park 46x101, $5,750.

Lot on Ohio st near LaSalle 20x106 $2,500.

101 ft on Monroe w of Albany av $4,500.

Monroe st near the above 50 ft $2,000.

No 1018 Wilcox av, $3,600.

70 acres in Lake County, $3,250.

Nos 36 and 38 Humboldt, $7,500.

3 lots on Flournoy st east of Rockwell $2,000.

100 ft on Van Buren west of Oakley ave to be immediately improved $4,500.

Our Philadelphia Letter.

June 1.

There are nearly 150,000 owners of real estate in Philadelphia who pay taxes upon the 225,000 separate properties assessed in the city limits. These figures show a larger proportion of tax-payers than can be found in any city in the United States, and probably in the world. There are less than 100,000 real estate owners in New York city, and the proportion in London is nearly as small. In round figures the total value of the real estate of this city is $600.000,000, and the average of property to each real estate taxpayer is about $4,000. This is a pretty fair vindication of the city's title to her fame as "a city of homes."

It would puzzle most people to tell who is the largest individual owner of real estate in Philadelphia, although nearly every one would readily declare that, including corporations in the question, the Pennsylvania Railroad Company heads the list, and they would be entirely mistaken. There are not more than half a score of individuals who pay taxes upon $1,000,000 worth of real property, and less than a score of corporations and estates that hold so much property. There are probably fifty individuals who pay from $8,000 to $10,000 as real estate tax into the city treasury, representing an assessed valuation of property of $500,000. Ten years ago the tax-payer who divides the honor with William Weightman of leading the list of individual real estate owners in this city was scarcely known at the real estate department of the tax office. John Wanamaker and Mr. Weightman are so nearly on a par to-day that neither can fairly be said to stand first. Last year each of them paid taxes upon real estate assessed at $2,000,000, but which a well-informed real-estate broker says neither would sell for much less than $3,000,000. Mr. Wanamaker's investment in the property between Market and Chestnut streets and Thirteenth and Juniper, all of which he now owns, has been one of the shrewdest real estate speculations that has been made in this city for many years. The property is now assessed at $1,200,000, and all told it has cost Mr. Wanamaker little over half that much. Perhaps, considering the fact that Mr. Weightman is interested in the real estate investments of Powers & Weightman, which amount to nearly $1,000,000, that gentleman may be ranked a point ahead of Wanamaker. There are a number of real estate owners who may be rated very nearly as high as either of these gentlemen, and Henry C. Lea, the publisher, who lives in a palatial residence at Twentieth and Walnut streets, is almost entitled to the very first rank. Mr. Lea last year paid $25,000 into the tax office on the assessed value of his real property, which was about $1,700,000. Next to Mr. Lea is Alfred Baker, the President of Board of Managers of the Academy of Music, who owns and controls a majority of the stock of that institution. Mr. Baker has been for years a steady investor in real property,and pays taxes on an assessed valuation of $1,500,000. A. J. Drexel and George W. Childs are known to be among the heaviest investors in real estate in the city, but their holdings appear in other names on the tax lists, they advancing the money and maintaining their interests by mortgages. Nevertheless they pay large taxes directly, amounting in the aggregate to about $25,000 a year on property valued at $1,500,000. Mr. Drexel, it is said, including the mortgages he holds, has $5,000,000 invested directly and indirectly in city real estate, and Mr. Childs' interests amount to over $1,000,000, and, perhaps, much more.

At one time I. V. Williamson was one of the city's largest real estate owners, but he has given so much of his property away that his checks to the tax office are no longer remarkably large. Within the past ten years Mr. Williamson has parted with nearly $1,000,000 worth of real estate to charitable purposes. His large real estate investments on Frankford road have been presented to the Episcopal Hospital. The Women's Hospital has been given large tracts in the First ward, and his large real estate buildings on Gray's Ferry road have gone to the University of Pennsylvania. Swarthmore College now owns the property on Chestnut street, below Green's Hotel, which he presented to it some years ago. But for these and other splendid gifts Mr. Williamson would still be among the heaviest real estate owners in the city. The list of those who pay taxes upon real estate of a million is not very long. It includes Israel Johnson (as trustee), for the Wistars, Joseph M. Bennett, the owner of the Chestnut Street Opera House, the Burts, the Disstons, H. C. Gibson, the real estate of Charles Lafferty, Stephen Flannigan, the Carpenter estate, the J. J. Bennett estate, and William M. Singerly. The Carpenter estate is the largest owner of real estate in the city, computing the number of houses and other separate properties included in its accounts. There are several hundred dwellings and a number of valuable tracts of land owned by the estate which are still intact, Its total value is nearly $2,000,000. Until portions of it had been distributed the Ridgway estate was the most extensive owner of real estate in the city. The estate of David Jayne holds $1,000,000 worth of real estate, and the Baldwin Locomotive Works also pay taxes on an assessed valuation of $1,000,000.

Including corporations, the largest owner of real estate in the city is the Pennsylvania Company for the Insurance of Lives and Granting Annuities, which pays into the city tax office $160,000 on an assessed valuation of its real property held in this city of nearly $10,000,000. Next to this is the Pennsylvania Railroad Company, which pays $130,000 a year on property valued at $7,000,000 or $8,000,000. The Reading pays taxes upon real estate valued at $6,000,000 or $6,500,000. The Fidelity Trust Company pays taxes on $2,000,000 worth of real estate which it owns.

Abolishing Foreclosures.

There is a movement on foot to abolish the present system of selling under foreclosure through a referee. It is claimed that considerable loss accrues to the parties through the default of referees to account for the 10 per cent. paid into their hands. One important firm is stated to have lost $20,000 in this way. The proposed bill seeks to transfer these sales to the sheriff, who gives bonds for all moneys in his hands.

Notwithstanding the labor agitation. the industrial activity in and about this city is certainly very encouraging. Manufacturers are enlarging their plants, adding additional machinery, pulling out old things and putting in new, preparing for a greater production, and counting upon a general improvement in trade. It is to be hoped their judgments are correct. They know that the comparative capacity of the country must increase; that markets will be opened both at home and abroad for our surplus products; that the cheapening process will continue in spite of an occasional upward tendency. Little industries are springing up all over the country. Silk mills in sight of blast furnaces, is a phenomenon; gingham mills in hearing of rolling mills is a probability. These facts indicate the elasticity of our industrial system. They also show the extent to which diversification can go.

Builders' hardware will not be advanced materially, according to the opinion of manufacturers and dealers. The builders are busy and having fine weather for work. No very large enterprises have been agreed upon during the week. The outlook is bright, however, for large operations.

Suburban Improvements.

HYDE PARK.

An ordinance was passed providing for opening and extending the alley located in the block bounded by 48th and 49th streets, Grand boulevard and Calumet avenue. An ordinance was also passed for sidewalk on the east side of Prairie avenue from 51st street to south line of lot 21 b 2 Jennings' sub of part of Jennings & Moffatt's sub in sec 10 38 14. Also an ordinance authorizing the Illinois Central Railroad company to lay down and operate certain tracks; for sidewalk on both sides of 136th street from Indiana avenue to C. & W. I. R. R.; also on west side of Erie avenue from 92nd to 93rd streets, and on north side of 67th street from Woodlawn to Stony Island avenues; on west side of Stony Island avenue from 67th to 63rd streets; on both sides of 108th street from Torrence avenue to Bensley avenue; on east side of Cottage Grove avenue from Oakwood boulevard to 40th street; on west side of Schell avenue from 75th to 76th sts.; on north side of 75th street from Schell ave to Storms ave; ordinance for vacating alley in subdivision of s hf b 4 Walker & Stuson's sub of w hf sw qr sec 2 38 14.

CHICAGO REAL ESTATE BOARD.

Chicago, June 2, 1886.

The regular monthly meeting of the Board was called to order President E. A. Cummings in the chair.

The following named members were present: Messrs. W. W. Baird, M. R. Barnard, E. A. Cummings, F. M. Elliott, R. C. Givins, E. Goodridge, E. S. Hawley, W. D. Kerfoot, A. B. Mead, S. M. Moore, W. L. Pierce, Edgar M. Snow, Bryan Lathrop, Geo. L. Warner, H. W. Hoyt, Sam'l Pokley, J. A. Wilson, Jno. N. Young, Wm. Loeb, M. E. Greenebaum, C. U. Gordon, F. A. Henshaw, Willis G. Jackson and C. H. Mulliken.

The minutes of the previous meeting were read and approved.

The membership committeee reported the name of Mr. R. W. Bridge for associate membership.

Mr. Mead of the committee on sale contract made a report embracing a form of contract. The report was accepted and the committee discharged. On motion, action on the adoption of the contract was deferred till the next monthly meeting.

The following report of the Title Committee was accepted and the committee discharged.

Mr. President and gentlemen of the Board:

Your committee beg leave to report that there have been no new developements in their work in behalf of the Title Reform since the last report, but they wish to state that they believe that the work which was done by the committee during the last season has been fruitful, in that it has stirred up public sentiment and created a public opinion in favor of resting titles, which is of great value.

They believe that if the work is pressed forward by the Board that they will now be assisted by outside influences, and other associations to such an extent that a definite reform in this direction may be accomplished, and would recommend that the Board take some action towards the appointment of, possibly, a larger committee, or at least a new committee, whose special work shall be the pushing forward of the movement of resting titles in this county.

Very Respectfully,
Henry L. Turner, Chairman.
M. R. Barnard.

Mr. Moore, of the Insurance committee, reported that arrangements had been made by which members of the board could become members of the Underwriters' Exchange and receive commissions as such, on paying certain dues.

The following resolution, presented by Mr. W. W. Baird, on behalf of Mr. Lyman Baird, was unanimously adopted:

Whereas, It is claimed that in Illinois no liability exists on the part of the municipality or state for property destroyed or damaged by rioters, it is

Resolved, That a committee of five be appointed by the chair to consider the subject and report to this board, at an early day, what action is advisable to secure the needed protection of property interests.

In accordance with said resolution the president appointed Messrs. H. A. Hurlbut, Lyman Baird, Wm. D. Kerfoot, Francis B. Peabody and Eugene S. Pike, members of such committee.

There being no further business before the board, on motion the meeting adjourned.

Loans.

Chicago real estate as a source of investment and security is becoming more popular with every year. The recent labor troubles which would have depreciated very materially the real estate of other cities, has not affected the values of Chicago property for it is held as firm as ever. The amount of money loaned on Chicago realty is constantly increasing, as may be seen by referring to the trust deeds and mortgages published in another part of this paper. Prominent among the firms who are loaning money on city real estate is that of Felsenthal, Gross & Miller, La Salle st. They are ranked among our old and large firms and have placed during the last 18 years of their existence many millions of dollars. They are representatives of home and non-resident capitalists, and are thus enabled to make loans in any amount at current rates of interest. The firm is carrying on, in addition to their loan department, a general banking business and are receiving the accounts of merchants.

DEPARTMENT OF LAW.

James A. Trowbridge v. George H. Cross. Filed at Springfield, May 24, 1886.

Homestead—In partnership land.—One partner can not acquire and hold a homestead estate in real estate of the firm as against a partnership debt and without the consent of his co-partners.

Interest of partner in lands of.—The true and actual interest of each partner in the partnership stock including its lands is the balance found due to him after the payment of all partnership debts and the adjnstment of the partnership account between himself and his co-partners. In equity partnership land stands on the same footing as personal property.

The Illinois Central Railroad Company v. Henry Willenborg et al. Filed at Mt. Veruon, May 12, 1886.

The remedy of a land owner whose land is divided by a railroad track, for a refusal or neglect of the railroad company to construct him a suitable farm crossing, whether the duty to make it arises out of a contract or nnder the statute, is full, complete and adeqnate at law. Therefore a court of equity has no jurisdiction to enforce performance of the dnty.

Edward Howe v. The South Park Commissioners et al. Filed at Springfield, May 14, 1886.

Sheriff's Deed—Prior to the bankruptcy of a party, land claimed by him was sold under execution on a judgement against his grantor, and long after his bankruptcy, on bill against him and others, a decree passed confirming the validity of the sale under the execntion and requiring the sheriff to make the purchaser a deed, which was done. Held, that the making of the deed by the sheriff related back to and confirmed the title in the purchaser as of the date of his pnrchase. if the decree was valid and binding on the parties in interest.

Bankruptoy—Under the Bankrupt Law of the United States, the assignee of a bankrupt was required within two years to recover whatever interest the latter may have had when claimed by others adversely, and where the right of the assignee to maintain an action against an adverse claimant is barred before he makes a conveyance, his grantee will be equally barred.

Chanoery—A party seeking to defeat the title of his adversary to real property must be diligent in discovering that which will avoid the title or render it invalid, and diligent in his application for relief. Unreasonable delay not explained by equitable circumstances affords evidence of acquiesesence and will be bar relief.

So when a party and those claiming nnder him suffers a quarter of a century to elapse, withont asserting their claims to real estate, dnring which period it is held adversely and transferred muny times to purchasers for valne, and its value has increased greatly, and no reason is given for the delay, the laches will be a bar to equitable relief in this form.

The People ex rel., Charles P. Swigert, anditor, v. William G. Anderson. Filed at Springfield, May 14, 1886.

Taxation—In a proceeding by the anditor of public acconnts in the Supreme Court to procnre a reversal of an order of the board of supervisors declaring certain real estate exempt from taxation, the question of the regularity of the assessment by the local assessor is not involved, the only question being whether the property is snbject to taxatiOn.

Same—It may be regarded as a general rule that all property is liable to taxation for state, county, and mnnicipal purposes, except snch as the General Assembly has seen proper by general law to exempt. Sec. 3, Art. 9 of the State Constitution does not exempt any property from taxation. It only authorizes the Legislature by a general law to exempt certain property.

Exemption of church property.—Church property to be exempt from taxation must be actually and exclusively for public worship, and the land, of h reasonable size for the chnrch building, must be owned by the congregation. If the congregation is not organized it can not own the property, and without such ownership it is not exempt.

William H. Todd v. Mary A. Todd. Filed at Springfield, May 14, 1886.

1. Limitation—The Statute of Limitations was set np in defense of a bill for partition between two tenants in common, and the only evidence as to the defendant's possession was that at the time of taking the complainant's deposition, one L., a tenant under defendant, was occupying the premises, and there was a dwelling house, barn, outhouses and fencing on the land, but how long defendant had been in possession, and its character, or whether adverse, did not appear: Held, that such evidence failed entirely to establish such an adverse holding as to bar a recovery.

2. A bill for partition of land by one tenant in common against the other, charged that defendant had had the use and received the rents upon the land from 1869 to 1881, both years, inclusive, and also for previous years, and had collected a large amount of rent, which was sought to be charged to defendant with interest: Held, that conceding such allegation to be an admission binding on complainant, it fell far short of establishing twenty years possession of the land, or that the possession was adverse.

3. To make the Statute of Limitations a bar as between tenants in common, it is not snfficient that the one continues to occupy the premises and appropriates to himself the exclusive rents and profits, makes light improvements and pays the taxes. To constitute a disseizin there must be outward acts of exclusive ownership of an nnequivocal character, overt and notorious, and of such a nature as by their own import, to impart information, and give notice to the cotenant that an adverse possession and an actual disseizin are asserted.

The possession of one co-tenant will not be adverse to the other where there is a mere possession of the premises and an appropriation of the rents, for all this may be consistent with the continued recognition of the rights of the co-tenant. Such possession must amount to a disseizin or ouster of the co-tenant before it will be regarded as adverse.

Henry R. Martin et al. v. Isabella H. Clark et al. Filed at Springfield, May 14, 1886.

1. Consideration—An agreement of creditors to release their debtor is a sufficient consideration to support a deed of assignment made by the debtor and wife, of her lands to a trustes for the benefit of the creditors.

2. Trust—If an agreement between a debtor and his creditors for the conveyance of his wife's land in trust for the payment of his debts, shows upon what trust the conveyance is to be made, the copying of it in the deed before its execntion will show the trust upon which she parts with her land, although she may not have signed snch agreement.

Where a written agreement was entered into between a debtor and his creditors to the effect that the former should cause his wife's lands to be conveyed to a trustee to be agreed upon, who was to have power to sell the lands and personal property, to be included in the deed, and distribute the proceeds, after paying the expenses of the trust, pro rata among the creditors, and any surplus to the debtor, and in consideration thereof the creditors agreed to release and forever discharge him from all his debts, etc., and the debtor and his wife made such conveyance, in which such written agreement was copied: Held, that by such agreement and conveyance the debtor and his wife parted with their entire interest in the lands and the husband's debts were forever discharged. The only interest the debtor had in the matter was any surplus that might be left after paying all his debts.

4. When a party assigns for error the dismissal of his bill seeking to set aside a conveyance which divests him of all title, and a mortgage given by the grantee nnder such conveyance, if the decree is affirmed in so far as it refused to set aside the conveyance, it will be a matter of no interest thereafter to such party whether the mortgage is set aside or a decree foreclosing the same is reversed or not.

5. Fraud—After the lapse of many years the deed of a married woman of her land to a trustee for the benefit of her husband's creditor's, and the death of the party implicated in the transaction as having induced her to execute the same, shonld not be set aside except it is shown by the clearest and most satisfactory evidence that it was fraudulent. It will not be set aside when it appears she was fully advised of the circum stances and of her rights, and acted after due care and deliberation.

6. Trustee—If a trustee holding land for the benefit of creditors sells and conveys the same to a purchaser with the consent of some of the principal creditors, they will be estopped to complain that the sale is wrongful, and the sale, if wrongfully made without the consent of the cestui que trust, can not be set aside, unless on bill filed by them without unreasonable delay. If they fail to take prompt measures to avoid the sale they will be held bound by it.

7. If a trustee should fraudulently convey trnst property held by him to one without security for the price and without the consent of the beneficiaries, the latter may, on bill, have the sale set aside and compel the trustee to proceed and further execute the trust, or perhaps have him removed and one appointed in his place to execute the trust.

Excursion to La Vergne.

The beautiful suburb of La Vergne is now attracting much attention among home seekers. This new and attractive suburb is located only 30 minutes' ride from the Union depot, corner Canal and Madison streets, on the C. B. & Q. R R. The excursion to-day is managed and provided by Messrs. I. E. Roll & Co., at 196 La Salle st. Their advertisement will be found on the 6th page of the Journal.

HOW TO DECORATE.

For mantels, wood holds the leading place oak, mahogany and ash are most used. For halls and diuing-rooms terra cotta is much liked, and some very effective combiuations are made in that material in conjunction with Oak top mantles.

A great deal of the handsomest bedroom furniture is manufactured of hazelwood, wronght in curious and pleasing designs.

A floor with bright rugs scattered about upon it is very effective. Almost all furniture looks well upon polished wood floors, and all decorative objects gain in brilliancy.

Massive brass pedestals supporting classic figures or an odd vase are choice productions and are admirably adapted for hall, stair-landings or drawing room decorations.

The horsechestnut with its magnificent foliage and burr forms in autumual colorings is a favorite design for the ornamentation of portieres.

A novel idea is a dressing table with canopy and curtains of fine creamy batiste hung over yellow sateen, with a mirror framed in yellow sateen and cream lace; front draperies, cushion and mats covered with batiste, embroidered with butter-cups over yellow sateen.

Velonrs cretonne, which is quite new and can be procured in the most beautiful designs and colorings, makes a very rich drapery for a dressing table; in fact, full bedroom sets are covered with it and further ornamented with bands of plush caught down by very large brass nails.

Something quite unique in a call-bell is a miniture silver gong suspended from a gold horseshoe. Still another novelty is the nautical easel; it stands ten feet high and holds an anchor, spar and sail, rope and chains, all of which articles are tipped with silver.

There are many coverings now in use and particularly rug stnffs, that are durable and composed in quiet and rich colors, divans tete-a-tetes and easy chairs wholly covered with upholstery have a very good effect.

In selecting colors for painting a room, the aspect should be well considered, giving cool and and refreshing shades for the south and warm comfortable colors for the north, the use of a room should also influence its color.

The grass and cotton rugs from China and Japan are pleasant and cool substitutes for heavy, heating woolen rugs.

A very attractive pillow is of Turkey red embroidered with fishes darting in and out of a long floating net.

Bamboo is now very popular for framing screens, the panels of which are composed of bamboo matting.

The newest chair backs are made of silk bolting-cloth over colored silks.

A drawiug-room should be light and cheerful. Bedroom papers should be of a a small pattern, and of such colors as harmonize with the furnitnre and other fittings.

Japanese silks are nsed for hangings for chippendale bedsteads.

Soft surah silk chair scarfs in bright yellow or blue, fringed with long silken cords and tassels, add a bit of color to a somber room.

Taxing Building Associations.

Philadelphia, Jnne 1, 1886.

The decision of the Supreme Court upon the constutionality of the Pennsylvania revenue act of 1885 has been constrned by some officials of bnilding associations as a declaration that the mortgages held by such associations are taxable at the rate of 3 mills on the dollar. What the judge said was this: "The proviso of the first section of the act, exempting building associations is harmless as the act does not apply to corporations. Snch an exemption would be unconstitntional, void and of no effect if the act affected corporations.

It should be explained that in the revenue act of 1879 and in its snpplements of 1881 and 1885 there was inserted by zealous friends of the building associations a clause exempting the mortgages of those bodies from taxation, but, as appears by the decision of the Supreme court, this precaution was entirely nnnecessary, because the money of corporations at interest was not taxed by any of those acts. While the money of bnilding associations at interest is not taxed their capital stock may be liable to a tax. On Monday last the court did not directly pass npon the exemption of building associatious from the tax on capital stock, for the reason that that question was not raised in the case of his appeal; but if the question ever does reach that body there is very little doubt, from its decision in the Bourgingnon Association case, and from its insinnation of last Monday, that it will declare nnconstitutional the exemption of building associatious from the tax on capital stock.

On June 6, 1881, in the case of the Bourguignon Building Association vs. Commonwealth, it was decided by the Supreme court that bnilding associations are included within the corporations upon whose capital stock taxation is imposed by the act of June 7, 1879 (commonly known as the General Revenue act.) Subsequently, on May 22, 1883, an act of Assembly was approved exempting mutual loan and building associations from taxation for State purposes on capital stock or mortgages, on the gronnds as stated in the preamble of the act, that snch associations have been heretofore declared by law to be "meritorons and deserving the care of the State" becanse of the indncements they offer to the people, "to form habits of economy and to become real estate owners, thereby enriching and strengthening the Commonwealth." It was also stated in the same preamble that these associations are copartnerships on the mutual beneficial plan, and that their profits are made from amongst their own members and not from the outside pnblic.

The State Constitntion reqnires (Article IX Section I.) that "all taxes shall be uniform npon the same class of snbjects," but permits the General Assembly, by general laws, to exempt from taxation public property nsed for pnblic pnrposes, actnal places of religious worship, places of burial not used or held for private or corporate profit, and iustitntions of purely pnblic charity. Section 2 declares void all laws exempting from taxation any property other than that above ennmerated. The conflict of the act of May 22, 1883, with sections 1 and 2 of Article IX of the State constitntion has not yet been raised.

Appraisement of School Property.

At the meeting of the Board of Education on Wednesday night the appraisers chosen to valne the school property occnpied by the First National Bank, Dearborn and Monroe, fixed the value at $2,500 per foot, or a total of $480,000, being an increase of $135,000. The former rental of the property was $18,000, but under the new appraisement it will be $26,000 a year. The contract for the steam-heating apparatus for the new West Division High School was given to the Exhanst Ventilating Company for $10,875, the contractors to guarantee the apparatus for five years. Contracts were awarded for the erection of a fifteen-room school bnilding on the Walsh school lot, to take the place of the present frame building, the snm total of the contracts being $47,027.

COUNTRY BUILDING NEWS.

Advance Information to Architects, Builders, Contractors and Dealers in Building Material.

FORT WAYNE, IND.—Mr. Louis Fox has under way a 4-story store building, 50x105 feet, of pressed brick and stone to cost $12,000. St. Paul's Catholic church is under way; it is to be of brick and stone, and cost $35,000. Wm. Sanders has underway a double brick dwelling, 48x60 feet, at a cost of $6,000. R. Zoller will build a 2-story brick store building, 25x28 feet, to cost $4,000. A. Becker has under way a brick residence, 30x55 feet and cost $4,000. Wm. S. Bash has under way a 2-story brick dwelling, 39x50 feet, to cost $5,000. Val Gutermuth will erect a frame residence, 32x48 feet, at a cost of $2,500. Hon. L. M. Ninde has under way a brick store building, 47x80 feet, cost $6,000. Wm. H. Druir will erect a brick and stone residence, 38x60 feet, to cost $6,500; contracts not yet let.

AURORA, ILL—A brick and stone store and flat building, cost $11,000; owner, Ralston Bros; architect, E. Baumann, of Chicago, Ill.

WATERVILLE. O—E. O. Fallis & Co., architects, of Toledo, have drawings for a brick college building for the Ursuline Sisters; its cost $45,000.

COLUMBUS, O—Kinnear & Foster will erect a building for store and offices to cost $30,000. N. P. Huntington and Wm. G. Dishler will build a business block, cor. High and Chestnut streets, to cost $50,000.

MILLERSBURG, O—B. S. Young will build 2-story brick store-building, 33x60 feet; cost, about $4,000; architect, H. W. Mason, of Fort Wayne, Ind.

HILLSBORO, O—Architect Joseph H. Ott, reports: E. L. Ferris, 2-story frame, cost $6,000; projected; Kremer & Hartman, of Columbus, builders. Mr. Ott also reports a number of smaller buildings, ranging in cost from $1,000 to $2,000.

RAVENNA, O—The officers of the C. & P. R. R., J. N. McCollough, president, Pittsburgh, Pa., will build a new depot.

CHATTANOOGA, TENN—A five-story hotel, to cost $50,000, will be built here by Peebles Bros.

CHESTER, PA., is to have a new opera house. Eighty thousand dollars in bonds are to be issued and sold, of which $30,000 is to be used to purchase land, and $50,000 to erect the building.

STEUBENVILLE, O—The Cleveland & Pittsburgh, and Pittsburgh, Cincinnati & St. Louis R. R. will build a large union station at once.

KNOXVILLE, TENN—D. B. Loreman & Co., three-story and basement building, containing five stores; superstructure brick, with terra cotta and stone trimmings, tin roof, 60x243 feet, fronts on three streets, total frontage 363 feet; cost, $50,000; basement and first story up. S. M. Winchester, corner of Market and Seventh streets, four-story and basement building, four stores and bank; basement, exterior walls and foundation limestone; superstructure brick with terra cotta and marble trimmings, tin and slate roof, 110x200 feet, fronts on three streets, total frontage 420 feet; cost estimated at $100,000; excavations being made. J. W. Adams, corner of Eighth and Cherry streets, three-story and basement, eight stores; basement and foundation walls limestone, superstructure, main front stone, other fronts brick with stone trimmings, tin roof, 100x220 feet, fronts on three streets, total frontage 420 feet; cost, $45,000; roof on. M. E. Church, block of two stores with apartments above, three stories high, 35-6x65 feet, near corner of Cherry street and Georgia ave., foundations limestone, superstructure brick with stone trimmings; cost, $6,000; under way. T. H. Boughton, ten-room frame dwelling; cost, $3,000; projected. Willingham & Son, frame dwelling; cost, $3,500; under way. Adams Bros., architects.

MANKATO, MINN—It is reported that the Mankato house building will be extensively improved during the summer; the contemplated improvements would involve an expenditure of over $20,000. Gen. E. M. Pope is making preparations for the erection of a fine residence on Second street. The Standard Cement company is erecting another warehouse, 200x240 feet. Work has been commenced on L. Peterson's new residence, corner Broad and Liberty streets. The plans for the new court house are in the hands of the county commissioners who will thoroughly examine them.

MEMPHIS, TENN—Otto Zimmerman, Broadway and Mississippi ave, two-story house; cost, $3,000.

RICHMOND, IND—Architect W. S. Kanfman reports: For R. H. Shoemaker, 2-story and attic brick residence, 52x74 feet, stone trimmings, cost $20,000; drawings completed.

DUBUQUE, IOWA—Richard Cox has plans for extensive repairs and remodelling of his business block, at an expense of $5,000. Plans are in the hands of the architect for a double brick tenement house, for Schenkowitz & Rose, to cost $4,500. J. K. Farley will build a $3,000 residence.

SIOUX CITY, IOWA—Architect Fay has prepared plans for a $5,000 residence for Albert Duling.

SAN ANTONIO, TEX—T. Campbell, two-story frame dwelling, 30x50 feet, cost $3,000; taking bids. Val Verd connty, Texas, two story rock jail building, 40x55 feet, cost $18,000. O. J. Woodhull, two-story frame dwelling, 40x60 feet; cost, $5,200. J. Lowenstein, one-story frame dwelling, 37x70 feet, cost $4,000. C. Villemain, two-story brick store building, 26x46 feet, cost $3,000. W. Atkinson, 2-story frame dwelling, 45x60 feet, cost $10,000; projected. Medina county, Texas, 2-story rock jail building, 35x50 feet, cost $10,000; taking bids. J. J. Stevens, 1-story brick dwelling, 30x35 feet, cost $2,500; projected. Traders' National Bank, alterations; cost not estimated; Gorden & Shelton, architects.

APPLETON, WIS—C. L. Marston is having plans made for a 2-story frame residence to cost $4,500. Mrs. E. C. Foster has under way a 2-story residence, Queen Anne style, with gables and shingle roof, 22x26 feet, which will cost abont $2,750.

FOR SALE — BARGAINS IN ALL CLASSES OF BUSINESS PROPERTY OUR SPECIALTY.

We offer our services to assist purchasers in finding the property they want. Few persons have the time or facilities for examining all that is for sale, or to ascertain what is offered for sale. Some of the best property is not advertised or even placed on the market. From these causes buyers often miss the best bargains.

Can furnish them plain, painted or japanued.
If you want anything of this sort, we will be pleased to furnish you estimates.

so far progressed in their plans for a handsome new church, it is expected to be under way in a short time.

MILWAUKEE, WIS—The Washington avenue church society will probably build a $5,000 parsonage this year. Plans for the Temple Bne Jeshurun by H. C. Koch & Co. have been prepared, bids are in, and the contract will be let in a few days; it will be 54x102 and cost $23,000. The permit has been renewed to build the Layton art gallery. Mr. Greenwood will erect a dwelling house on Sixteenth street, to cost $3,000. August Beitz will erect a store on Seventh street, to cost $3,500.

MARSHALLTOWN, IOWA—The foundations for the large store and office building with a fine hall, to be built by the Odd Fellows, are complete; the cost will be over $10,000.

EAU CLAIRE, WIS—The Phœnix Manufacturing company of this city has commenced the work of rebuilding the Bay street school house at the falls, the contract price being $10,000.

MACON, GA—Robert H. Plant, office building, 36x50 feet cost $7,500; under way; R. C. Wilders' Sons, builders. Mrs M. F. Palmer, two-story frame dwelling, 47x60 feet, cost $3,500; plans in preparation. Dr. C. H. Hull, 2-story and basement brick and frame residence, 49x72 feet; cost $6,000; plans in preparation. R. L. Berner, 2-story frame, 39x37 feet; cost $2,500; plans in preparation. Robert Coleman, 2-story frame 39x37 feet, cost $2,000; plans in preparation; Alex Blair, architect.

NEW IBERIA, LA—Architect N. J. Clayton, of Galveston, Texas, reports: For Rev. Father Jacques, brick church in the thirteenth century Gothic style, cost $20,000; projected.

CADIZ, O—Harrison National Bank, 2-story bank building, 44x36 feet, stone foundation and trimmings, ornamental brick cornices, granite entrance porch; cost $12.000; under way. C. P. Harrison, Wheeling, W. Va., architect.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

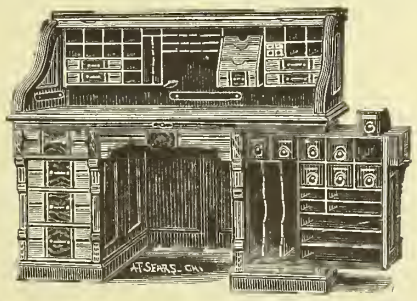
The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE



Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proved numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTA AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be made. circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are ke corrected up to date of issue. The sol d men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known, through t proper channel as being permanently engaged in business, and because they desire to support a worthy sheet that never blackmails representatives of the trades to which it cate or from whom it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor it necessary. No reasonable man wants his history published for eight cents a week. The advertisements formerly published on this page are transferred bodily to another pa and this space will be occupied by a complete Directory of all reputable dealers engaged as above described.

THE
Real Estate and Building
JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, JUNE 12. 1886.

THE MARKET.

There has been a fair business transacted in real estate during the past week. The record of transfers make a very creditable showing, and includes several important exchanges.

The N. E. cor of Wabash ave and 20th, 109½x170 ft, was sold to S. A. Kent by L. Read for $44,000. Chas. D. F. Smith bought 96 ft improved on west Lake st—west of Sheldon, for $18,000.

Mortimer Goff sold to Newton S. Mc Abee Trustee, the southwest cor of Franklin and Congress st, $100,000.

Conrad Furst bought of the estate of Wm. Halsted, 200 ft on Hawthorn st, near Oak for $27,000.

The southwest corner of Washington boulevard and Hoyne ave was sold by Francis H. Hill to Edward G. W. Rietz for $28,000.

The northwest corner of Goethe and Aster was sold to Charles L. Hutchinson by Martha W. Phillips for $35,000.

H. M. Hobart bought the 250 ft on the northwest corner of Hampden court and 245 ft on the opposite corner for $30,312.

The Chicago & Alton Railroad bought the nw cor of Archer av and Salt st 202 feet to railroad for $25,000. D. Davis was the seller.

Among the important building permits for the week was one for a four story hotel at No 3034 and 3036 State st, to cost $50,000 taken out by Wright & Singer.

J. J. Glessner took out a permit for a two-story dwelling to be built on the corner of Prairie av and Eighteenth at a cost of $60,000. The late H. H. Richardson drew the plans. It will be a novelty in Chicago architecture. There will be no windows on the street fronts except in the second story. the first floor being lighted and ventilated from an interior court, the entrance to which is through a gated archway opening on to Prairie ave.

The house will resemble in appearance dwellings to be seen in Spain and Mexico.

On the southeast corner of the same streets will be erected a superb apartment building six or seven stories high and at a cost of $250,000. It will be the finest structure of its kind in the city.

The flats will rent from $2000 to $2500 a year.

On the west side, there is not much building being done, outside of the large building operations of Messrs, Campbell, Hull, Clark and Gross.

The $20.000 being expended on Union Park, will greatly beautify the park and make more desirable than ever the adjoining property.

There is some talk that the next move in West side business property will be on west Lake st where property is sold at about one fifth the price brought by corresponding property on Madison st. A. J. Snell is buildidg a row of flats and stores, cor of Lake and Bryan Place at a cost of $80,000.

On Lake and Sheldon, Reed, Murdock & Fisher are putting up a $15,000 building.

The St. Paul R. R. has been buying on E. South Water st, considerable property with the probable intention of erecting a depot.

On Madison st improvements have been made in the opening up of several enterprising stores. Messrs. Tuohy & Co. the dry goods merchants, have rented the northeast corner of Madison and Wood, and established a large retail dry goods house. Their trade has been greater than they anticipated.

Messrs. Field & White have rented the Corwith building on Loomis and Madison, they will open up a fine dry goods store there

Myron L. Pearce reports a good demand for property. Out of the 400 houses, stores and flats he had for rent not more than fifteen have been left over and these are not what may be called desirable property.

J. C. Sampson & Co. account for the stores and lofts for rent on Wabash ave by the fitting up of a large number of buildings on that street so as to accomodate more tenants than they did last year.

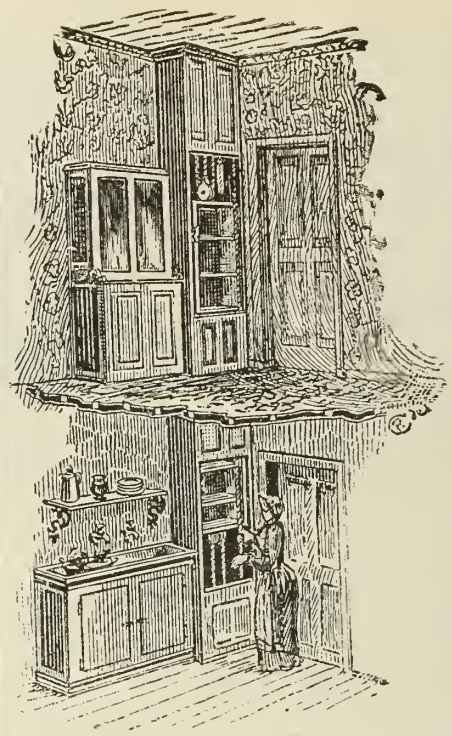
Rutz, Needles & Nettling report a large number of applications of recent date from western towns for loans. They loan at 50% of the valuation of business property and 40% of farms.

They have made arrangements to loan in amounts as low as $2,000.

Messrs. Sawyer & Lombard have sold several houses and lots ranging from $2300 to $5400 in their Douglass Park addition.

Considerable building by other parties is going on in the limits.

Wright & Tyrrell have sold the S. S. Hayes property on Carroll and Sheldon streets, for $15,000 to the Masonic Orphans home.



Dissatisfied Tenants and Hungry Lawyers.

A movement is contemplated by a few disgusted tenants and a couple of enterprising lawyers to form a Tenant's Protective Association, for the purpose of fighting landlords. There are no doubt a few curmudgeons among the latter, who would grind a tenant—who would insist upon every right provided in a lease for himself and allow nothing to a tenant. But their number is naught when compared to the number of dead-beat tenants. There are also thousands of lying, impecunious fellows in a great city like Chicago, who pretend to have a business, and make a "great blow" about their prospects in order to gain possession of "the premises." When it is too late the landlord finds that his tenant is chattel mortgaged, or that somebody else owns the furniture or property, and that his tenant is "bomb-proof," or to say the least, worthless; not unlike hundreds of other idle and incompetent men who go about imposing upon people who give them employment, and borrowing money of their associates. Some tenants make a business of beating their landlords. Hence the necessity of using an iron-clad lease. It is impossible to always find out just what kind of a tenant you are getting. Now just because some few landlords are grinding and dishonest the tenants need an association to protect their rights!

We fear that these few tenants and their lawyers are imbued with the "new idea:"—"Private property is stolen wages." "Down with capital, down with property; and a crooked dollar is worth ten straight ones;" anything to beat the fellow who gives you shelter or employment. There is not a reputable tenant in Chicago who would not rather lose a few dollars by a miserly landlord than go to law, and, upon the other hand, there is not a half dozen intelligent landlords in this city who would not willingly lose a month's rent in order to get rid of a tenant who could not or would not pay the rent, and take care of his property. Our advice to landlords is to use the same diligence in selecting tenants that all employers have been forced to do when hiring employees: ask them if they believe in the rights of property, and what organizations they belong to, and if they are members of the Association in question. There is nothing sure in this world but death and taxes, unless it is that a business man must lose 15 to 20 per cent. of his gross earnings by dead-beats.

Walpole Mortar Black.

This article mixes readily with mortar under all conditions, and improves it, making it like cement and producing a permanent jet black. It does not possess the greasy quality of lamp black and consequently does not rot or weaken the mortar. When Walpole Mortar Black is used there is no need of using cement to mix with the lime. It has been thoroughly tested during the last eleven years, and has rapidly grown in favor with architects and builders. The fact that many spurious imitations are on the market of the Walpole Mortar Black is a further testimony of its merits and good qualities. The firm of Adams & Adams, 248 Randolph St., are the exclusive agents for the Walpole Mortar Black, of whom any further information may be obtained. The firm are also dealers in fine oil and coach colors, brushes and painters' supplies generally. Price lists and discounts sent on application.

CITY COUNCIL.

May 24, 1886.

An ordinance was passed for grading and paving 29th st., from Groveland to Lake Park ave; for sidewalk on both sides of Blucher st., from Wood to Lull place, same on Bryson st., from Lincoln st. to Western Ave., both sides of Dean st., from Panlina to Brigham st. same on Wabansia Ave. from Milwankee Ave. to Elston Ave. same on Coblentz st. from Robey to Leavitt, both sides of W. 16th st, from Centre Ave. to Wood st, same on California Ave., from W. 12th to W. 26th st, same on Maplewood Ave. from W. Lake to its Northern terminus, same on Oakley Ave, from W. Madison st, to W. 12th, same on Western Ave, from West Van Buren to Ogden Ave, same on Ogden Ave, from Oakley Ave. to California, same on Laavitt st, from Madison to Harrison, same on Green st bet same, both sides of Dudley from Angnsta to W. Division st same on Rosebud st from Western Ave to Bloomingdale Road; on sonth side of W 22d st, from California Ave to Southwestern Boulevard; on south side of W Monroe st from California Ave to Colorado Ave, same on north side of Lexington st from Rockwell to California Ave, on east side of Western Ave from Milwankee Ave to Fullerton Ave ;for sidewalk on the east side of Elizabeth st from Lake to Fulton sts; on both sides of Wood st from Milwaukee Ave to W. Clybourn Place; on both sides of Paulina st, from Milwaukee Ave to Wabansia Ave. It was ordered to proceed and obtain judgment for the paving of the Alley between Wabash Ave and State st, from 18th to 20th sts.

Ordered, That the Commissioner of Public Works is hereby directed to advertise and let the contract for the paving of Fulton street from Sangamon st to Ashland ave; provided, however, that the contractor will wait for his pay until the assessment for the same is collected.

An ordinance was passed establishing sidewalk space on Paulina st from Harrison to Polk sts; on Paulina st from W. Chicago av to Division st; on Front st from west line of Wright's add to Chicago to Halsted st.

Ordered, That the Department of Public Works is hereby directed to advertise for bids for curbing, filling and paving with cedar blocks, Seeley av, from Madison st to Van Buren st, and let the contract to the lowest responsible bidder; provided, the contractor will wait for his pay until the special assessment for said improvement shall have been collected.

Ordered, That the Department of Public Works is hereby directed to take the necessary steps to cause the constrnction of the alley, crossing over the tracks of the Chicago Northwestern Railroad and the Pan Handle Railroad, between Madison and Monroe sts.

Ordered, That the Commissioner of Public Works be directed to proceed with the cnrbing, grading and paving of West Erie st from Milwaukee av to North Curtis st.

Ordered, That the Corporation Counsel is hereby directed to prepare a proper ordinance, by the passage of which the Pittsbnrg, Ft. Wayne & Chicago Railroad Company will be compelled to comply with the law, and place eighteen feet of Stewart av in good condition as a pnblic street.

An ordinance was passed repealing ordinance for opening a street from 37th to 38th st between Langley and Cottage Grove aves; also repealing ordinance for widening North av from Rockwell st to Fairfield av.

Jnne 7, 1886.

THE TWELFTH STREET VIADUCT.

A petition was presented to the Common Conncil by the owners of land on the west side of Clark street a little north of Twelfth. They claim that when the plans for the Twelfth street viadnct were agreed on the railroad company had begun proceedings in condemnation to get their property, and that, as the railroad did not care for a frontage on Clark street, the plans were so made as to leave a little alleyway in front of the property in question, bnt with no means of reaching Clark street. After the plans were agreed on the condemnation proceedings were dropped. The petitioners maintain that, nnless the plans are changed so as to abolish this alley and bring the viadnct up to the line of their property, they will be damaged to the extent of abont $100,000. In case the plans are changed all the damages the petitioners will ask will be the expense of raising the buildings to the new grade. It is understood, however, that the contracts have been let, and that the plans cannot now be changed, so that the petitioners will be left with their property far below grade, separated from the viaduct by a narrow bit of alleyway.

IMPROVEMENT OF STREETS.

The Department of Public Works opened bids on Tuesday for the paving of the following streets with cedar blocks:

STREET.	FROM—	TO—
Ada	Randolph	Carroll.
Astor	Scott	Schiller.
Aberdeen	Harrison	Polk.
Allport	Sixteenth	Nineteenth
Bunker	Canal	Halsted.
Brown	Taylor	Twelfth.
Clinton	Madison	Harrison.
Carroll	Ashland	Leavitt.
Curtis	Fulton	Huron.
Franklin	Chicago	Division.
Hnrlbut	North	Fullerton.
Morgan	Washington	Randolph.
Mather	Desplaines	Halsted.
Monroe	Throop	Loomis.
Mohawk	North	Garfield.
Sangamon	Monroe	Harrison.
St John's	Carroll	Arbor.
Twentieth	Throop	BlueIsland
Twentieth	Halsted	Centre.
Twenty-fonrth	Hanover	Butler.
Wood	Harrison	Twelfth.

The prices ranged from $1.11 to $1.32. There were nine bids for Franklin street, the lowest being $1.15 and the highest $1.29. It is, however, to be paved by private contract, the property-owners paying $1.30, and the city about $1.12 for the intersections. The only advantage in having a street paved by private contract is that the work may be done a month or two sooner, but it costs abont 20 per cent. more.

THE RIVER TUNNEL AT TAYLOR STREET.

A permit was issued to the Chicago Gaslight & Coke Company to construct a tunnel under the river at Taylor street, in order to connect its Sonth Side mains with pipes to be laid on the West Side. The tunnel is to be large enough for a thirty-five-inch gas main and a twenty-four-inch water-pipe, and is to cost about $50,000. The work is to be done under the supervision of the City Engineer. The application of Mr. Billings for a permit to cross the river at the same point is still pending. The Illinois Light, Heat & Power Company applied yesterday for a permit to tunnel the North Branch at Chicago avenue. Corporation Counsel Hoffman was unable to find any such company mentioned in the statutes or the city ordinances, so he sent word to Mr. Billings to come in and tell him where he got authority to pnt mains in the streets. If it has no ordinance giving it the required authority the application will have to be made in the name of the old company.

A UNION OF BUILDING ASSOCIATIONS.

A meeting of the Secretaries of the several building associations of Cook County was held Wednesday afternoon in the office of the American building-Association News, at No 133 LaSalle st, for the purpose of forming a permanent organization among themselves. George Schroeder of the new Fort Dearborn Association presided and J. T. Sutor acted as Secretary. A general plan for the permanent organization was outlined, and the meeting was then adjourned until June 25. There about 150 associations doing bnsiness in Cook connty, but only a small proportion were represented.

TOWN OF LAKE IMPROVEMENTS.

The Board of Trnstees awarded a contract for 100,000 feet of Lumber to Bloss & Baker. Supervisor Stafford submitted his monthly report, showing a balance on hand of $84,-881. A petition was received for the improvement of 53d st from Halsted to Morgan streets. A contract for a 15-inch sewer in Lincoln av, from 67th to 71st streets, was awarded to Philip Kelly at 89 cents per lineal foot. Proposals for the sewer in Ashland av, from 39th to 55th sts, were opened and referred. A petition for the improvement of 67th st, from Stewart av to Wright st, was received and referred. The Town Clerk was instructed to correspond with the Hyde Park Trustees with a view of holding a joint meeting and discussing the improvement of State street.

DEPARTMENT OF LAW.

MORTGAGE — FORECLOSURE — DEFICIENCY — DECREE — RELEASE.

The opinion of the United States Circuit Court for the Northern District of Illinois, by Blodgett, J., holding that the legal effect of the dealing by the complainant with Mrs. Fake, the purchaser from the mortgagors, was to change the relation of the mortgagors to the indebtedness from that of principal debtors to that of sureties, and that as such sureties they became released by the extension of time given to Mrs. Fake, the principal debtor, by the mortgagee. The court follows the New York cases in preference to a conflicting opinion in Iowa and one in Connecticut. We regard this as an important opinion.

CONFESSION OF JUDGMENT UNDER POWER IN LEASE.—The opinion of the Snpreme Court of Pennsylvania, by Paxson, J.. holding where a lease providing that for default for a certain time, in payment of rent, lessor may enter judgment in ejectment, upon such default occurring judgment may be confessed, and if habere facias possessionem be issued thereon, and the tenant after proper notice be ejected by the sheriff, there is in this no malicious use or abuse of civil process. It has been the practice in Pennsylvania, for more than a hundred years, to enter judgment by confession in an action of ejectment under a power contained in a lease. In this State it is entered in an action of forcible detainer, and not in ejectment. Judge Bradwell, many years ago, took the form of lease used in Pennsylvania, and remodeled it, changed its provisions so as to make the confession part apply only to an action of forcible detainer. This form, so remodeled, is very generally used where an extra strong lease is required in Illinois. The Pennsylvania practice was taken from England, where it had existed for several hundred years. So the practice of entering judgment by confession under a power in a lease is old, and not of modern origin.

REPLEVIN—PARTIES—CHATTEL MORTGAGE—FRAUDULENT.—The opinion of the Appellate Court, First District of Illinois, by Bailey, J., passing upon several questions of practice in replevin suits and holding where a chattel mortgage expired by two years' limitation while two executions were in the sheriff's hands against the mortgagor, and it appeared that a short time prior to the expiration of the two years the mortgagee and mortgagor. in anticipation of the termination of the lien of the mortgage, entered into an arrangement by which the mortgagee was to take possession of the mortgaged property at the expiration of the two years, and foreclose the mortgage by making a private sale of the property back to the mortgagor on credit, and take a new mortgage to secure the purchase money, which arrangement was in fact carried out. Upon the two executions being levied the next day upon the property so held, and a replevin suit brought by the mortgagee to recover possession of the mortgaged property, that the jury were warranted in finding that the entire scheme was undertaken by the mortgagee for the purpose of so dealing with the property as to keep it in the possession and enjoyment of the mortgagor, and to protect it from the liens and claims of other creditors.—[Legal News.

HOW TO DECORATE.

Large wicker chairs, silver bronzed, and with cushions of plush tied on with bright ribbons, are very inviting for a library.

Large brass nails are figuring as a border for tapestry panels of screens; they are also nsed with excellent effect on the lines of upholstery gimp or braid.

Curtain chains are almost exclnsively of brass. A very pretty design is a series of half moons with small Greek coins pendant connected by chains.

Glass photograph frames are the latest novelties in this line. The beveled edge is held by an almost invisible band of silver, and the lower part of the frame is ornamented with a cluster of silver daisies.

Brass sconces with candles are superseding the chandelier. Many very attractive designs are in copper, with oxidized silver trimmings; and Nuremberg candlesticks, consisting of a length of cnrled iron rising like a snake from a shamrock-shaped base are among the rococo novelties.

The Labor Question--Business Outlook

The labor agitations still continue to be a very exciting thing to builders and investors. So far as local matters are concerned we are nearly out of the woods. A few strikes still obstrnct harmonious movements in the building trades, bnt it is thought that in a week or so everything will be adjusted. The greatest harm has been done in Chicago the least in eastern cities. The Master Builder's Association of Boston, thinks the losses in that neighborhood will foot up not less than $5,000,000 and at Providence $1,-000,000. The losses at Pittsburg are pnt at $300,000; at Lonisville, $500,000; at Chicago $300,000; throughout New England $6,000,-000. Fortunately a great deal of this work will be done as soon as investors and builders feel safe. The factors of safety are not simply that no more strikes will take place, but that a reaction is not probable; that there will still be a demand for honses; that people will be able to rent them and pay rent. and that the general industrial condition will be as it has been. Of course as to this there are different notions. Some are predicting that we are on the eve of another depression, that capital must take warning; that organized labor must be taught a lesson, and that capital cannot ezist upon its present margins, or at least it will not leave its present hiding places and seek investment. A fair and reasonable view of the situation is that the industrial agitations are abont over; that a large amount of suspended work will be nndertaken; that capital will be anxious for employment and that the businss of the country will go on smoothly from this out. It makes every man who had anticipated grand things for the spring of 1886 feel mad clean throngh. that so little has been done, when the opportnnities were so great, and so many capable men were ready to act. Capital hungry for investment. operations contemplated, commenced, and, if not altogether abandoned, allowed to rest, owing to the uncertainty of the situation and the fear of loss; and what have the strikers gained? Not mnch, certainly, unless idleness, debt, suffering and loss of employment, for a time at least can be connted as a gain.

The Flagg Furnace.

The Flagg Fnrnace has been in nse for the past thirteen years in the States of the North and West, and has proved itself a sncess, as shown by the abundant testimonials of those who have given it a practical test by adopting it. It is one of the most durable as well as the most powerful heaters for schools, churches. and other pnblic buildings, together with all kinds of residences. The market is flooded with light sheet iron fnrnaces, which last but two or three years, and prove in the end a very expensive furnace.

The Flagg Furnace Company, Room 3, 61 Lake street, corner State, believing that a good furnace always pays in the end, are manufacturing and offering to the pnblic an honest, heavy cast iron fnrnace. They have added many recent improvements and guarantee the successful working of their furnace in every case where their instrnctions are carried out. M. A. Thayer, one of the oldest and most favorably known fnrnace men in Chicago, has recently become a member of the firm, and will give his supervision to the manufacture and setting of the furnace, and thus will give an added assurrance of satisfaction to those who may favor them with orders.

Loans.

Chicago real estate as a source of investment and security is becoming more popular with every year. The recent labor troubles which would have depreciated very materially the real estate of other cities, has not affected the values of Chicago property, for it is held as firm as ever. The amonnt of money loaned on Chicago realty is constantly increasing, as may be seen by referring to the trust deeds and mortgages published in another part of this paper. Prominent among the firms who are loaning money on city real estate is that of Felsenthal, Gross & Miller, 108 La Salle st. They are ranked among our old and large firms and have placed dnring the last 18 years of their existence many millions of dollars. They are representatives of home and nonresident capitalists, and are thns enabled to make loans in any amount at current rates of interest. The firm is carrying on, in addition to their loan department, a general banking business and are receiving the acconnts of merchants.

NOTICE.

The public is notified that this journal does not employ foul-mouthed, irresponsible loafers as business representatives, and that if such characters should impose upon us for a short time they are summarily dismissed as soon as their true character is found out. Our representatives are generally known to business men in Chicago, and our past record will enable us to withstand the attacks of all such. as above described.

The public is further notified that all solicitors who claim to represent us, and attempt to take orders for advertising and subscription at half-price, or for a great deal less than our published rates, are acting without authority, and that no order will be accepted unless it is consistent with the rules of business and of the paper.

THE Building * Department.

COUNTRY BUILDING NEWS.

Advance Information to Architects, Builders, Contractors and Dealers in Building Material.

Milwaukee, Wis.—John Johnson will build a $60,000 residence, to be 3-stories, and built of stone; E. T. Mick & Co., architects. C. B. Roberts & Bros., mason contractors. Dumb waiters, boilers, elevators, etc.

Marquette, Mich.—A new penitentiary is to be erected; it will be built of brick and stone, and cost $130,000. Wm. Scott & Co., Detroit, architects. Fire proof vaults.

Quincy, Ill.—G. J. Cottrell will erect a business block at a cost of $8,000. It will be three stories high, built of common brick, architectural, ornamental and galvanized iron. Frank Tubbessing is the architect; W. B. Hauworth, contractor. Fire proofing, grates, iron mantels, plate and stained glass, stove heating and hardwood finish.

Burlington, Iowa.—A stone bridge, 380 feet long, will be built on Main street, under the supervision of the city engineer; it will cost about $9,000. Jno. Mercer, city clerk.

Plans have been made for forty depots for the Chicago, Burlington & Northern Road, to be built on the line of the road between Oregon and St. Paul, to cost $50,000, and also a road house to cost $45,000, besides a depot at La Crosse to cost $15,000.

Sioux City, Iowa—A hotel has been planned for the Sioux City Hotel Company to cost $100,000, and a residence for James E Booge for $10,000.

W. W. Clay, of Chicago, has plans for the following: A residence for Frederick G. Perry on Washington avenue, in Hyde Park, to cost $7,000; also a $6,000 flat building for U. P. Smith, in Woodlawn Park, near Douglas avenue. Also a frame residence at La Grange for D. B. Lyman, and a residence at Las Vegas, N. M., for William Vincent. F. R. Shock has plans for four frame residences at Austin for E. M. Rossiter, W. L. Emerson, F. C. Beeson and W.G. Beeson.

Burlington, Iowa—C. E. Starr is erecting a 3-story brick store building at a cost of $11.000. W. H. Hayden, contractor.

St. Louis, Mo—The Board of Public Improvements has appropriated $65,000 for laying new water mains.

Racine, Wis—A 3-story academy will be erected for the Dominion Sisters; it will be 52x92 feet, and cost $18,000. It will be built of brick, with stone foundation and finish, terra cotta, galvanized iron, furnace heat, hardwood floors, ornamental glass and school futniture.

Reading, Kan—A 2-story school house costing about $5,000 will be erected here. It will be built of frame, have one bell, stove heat, wood carpets, furniture, etc. J. A. Brantley, architect.

South Evanston, Ill—The Board of School Trustees met Wednesday and let the contract for the new school house, corner of Lincoln and Judson avenues. The building will be begun at once and finished by Sept. 1. The structure will comprise four large rooms above the basement and face on Lincoln avenue. The cost will be $7,500

Port Huron, Mich—A 2-story brick school house will be erected at a cost of $5,000. Contracts not let. Boiler, fire escape, fire-proofing, school furnitnre, stained and plate glass and sidewalk lights. M. Northup, President of Board of Education.

Sioux Falls, Dak—Peck & Campbell will build a business building at a cost of $13,000. It will be built of brick, terra cotta, cut stone, granite, etc. Fire-proofing, hardwood finish, stained and plate glass. W. L. Dow is the architect.

Fort Collins, Colo—The Farmers' Protective Association will build a mill. Proposals will be received for excavating, building of drains and brick and stone work for the same.

Burlington, Iowa—Architect Sunderland has prepared the plans for a 2-story residence for C. W. Rand, to cost $5,500. It will be of frame, will be heated by furnace, and will have wood mantels.

Corning, Iowa—An academy will soon be commenced here. C. H. Lee, of Des Moines, is the architect.

Columbus, O—William E. Horn will erect a 3-story brick business block on High street to cost $12,000. It will be 43⅔x112 feet.

St. Louis, Mo—Architect C. C. Hellmers, Jr., reports plans for a 5-story brick hotel addition for Mrs. Beers, Grand ave and Olive st.; it is to contain two dumb waiters, one hydraulic passenger elevator, electric work, incaudes cent electric light, fire alarm, 30-horse power engine, fire escapes, fire-proofing, steam-heating apparatus, marble and wood mantels, laundry machinery, pump, safes, tiling, stained glass and sidewalk lights; $50,000.

Hamilton, O—Architect Max Reutte reports that Eisel and Mefford are building for C. Benninghofen a 3-story brick and stone building, and that they will use the following materials: Boiler, fire escapes, fire-proofing, grates and wood mantels, stained glass, steam-heating apparatns; $12,000.

Columbus, O—Architect J. H. Kramer reports that Kinnear & Foster are erecting from his plans a 3-story brick and stone business block and the following special material will be used: Boilers, dumb waiter, electric light, mercuri al fire alarm, fire escapes, marble mantels, stained glass tiling; $36,000.

Red Wing, Minn—Architect H. C. Misener reports that Boxrud Brothers are building after his plans a brick, stone and granite building. three stories high, to be heated by steam and have one freight elevator, electric light and steam engine; $15,000.

Kalamazoo, Mich—Architect M. W. Roberts has prepared the plans for a 2-story frame residence to be erected by J. L. Sebring. It will be heated by furnace; marble and wood mantels, and laundry machinery will also be required; will cost $7,000.

Mt. Vernon, Ill—Architect Elmer Casey has prepared the plans for a 2-story residence for E. M. Walker. It will be constructed of pressed brick. It will have wood mantels.

Galesburg, Ill—Fred Seacord will build a residence costing about $5,000. Harvey Chatten, of Quincy, is the architect. Steam-heating apparatus, grates, mantels, laundry machinery, billiard tables, etc., will be used.

Racine, Wis—The Mechanics' Building Association is organized for the establishment and maintenance of an opera house in the city of Racine. The capital stock is placed at $60,000. The opera house will be built on the east side of Main street, between Second and Third.

Waterloo, Ia—Architect F. M. Ellis, of Marshalltown, has prepared the plans for a 3-story hotel to be erected here by the Waterloo Improvement Company. It will be heated by steam, lighted by electricity, and cost $35,000. The contracts have not been let.

Pine Bluffs Ark—The St. Louis, Arkansas & Texas Railway will spend about $100,000 in erecting large machine-shops near this place.

Grand Rapids Dak—The North Dakota Elevator Company is building a large elevator here.

State Center Iowa—The work of moving out the old buildings and clearing the ground for the new Stipp's Hotel has been begun.

Duluth Minn—A syndicate of capitalists has been formed to build a syndicate block, 100x140 feet four stories high.

Anniston Ala—Gen. Leslie will build a $10,000 residence on Rhodes avenue.

Contracts are being let for a $15,000 residence for G. G. Lyon at Kenwood.

Marshalltown Iowa—The contract for building the Odd Fellow's block, was let recently. The building is to be completed by October 1.

Birmiggham Ala—A $6,000 synagogue will be erected at this place soon, also the Pioneer Mining and Manufacturing Company, bids for manufacturing 1,000,000 bricks and for the erection of several brick houses.

The Birmingham Gas Light and Illuminating Company will spend $40,000 in enlarging and extending their gas and electric light works.

Jamestown Dak—The Council of this town has advertised for bids for an artesian well and system of water works.

Kansas City Mo—Architect Stephen D. Hatch, of New York, has plans for a new hotel to be erected here to cost $400,000. It will be modeled after the Murray Hill hotel, New York, and will be six stories and basement high, 120x220 feet, and will be constructed of pressed brick with stone and terra cotta trimmings. There will be required steam heating apparatus, boilers, engine, hydraulic freight and passenger elevators, glass and iron store fronts, electric lightieg, marble floors and wainscoting, furniture, brass work. The contracts have not been let. A. J. Cooper, of Chicago, is a member of the company.

Independence Iowa—Architect J. L. Rice, of Clinton, Iowa, plans for an addition to the insane asylum here. They will use two boilers, one dumb waiter, fire proofing, fire escapes, grates, mantels, steam heating apparatus, hardwood floor, slate roof; will cost $30,000.

Hawardan Ia—A Catholic church will be erected here, to cost $3,000. It will be of frame. Stained glass, etc., will be required. Rev. P. J. Phelan, of Rock Valley, is pastor and will let the contracts.

Concordia Kan—Architect A. E. Lynch, of St. Louis, reports that he has prepared plans for a four-room ward school building to be built here. It will be of brick, two stories high, slate roof, and heated by two furnaces. Contracts will be let by the board of education.

Benton Harbor Mich—Architect W. H. Richards has underway a two-story frame academy for Edgcombe & Mc Cord. The interior will be finished in hardwood, fitted up for school purposes, heated by furnace, with marble mantels and will cost $6,500.

Mahogany Finish.

The Phoenix Block cor. of Jackson and Clark sts is to be finished entirely with mahogany; it is to be ten stories high.

The consumption of this most beautiful of woods is increasing rapidly in the west. Furniture manufacturers have heretofore used large quantities of it and retail furniture dealers have profited largely by its use, by charging enormous prices.

The use of mahogany for interior finishing in business blocks is certainly a new feature in building. The different kinds and grades of this wood are found in our tables on page 5. A description of the different grades and a full explanation of the methods employed in its manufacture have been heretofore published in these columns.

The Mexican mahogany is noted for its size and clearness, boards are frequently sawed from this wood 30 feet long and from 24 to 36 inches wide without a blemish; the Honduros is very soft plain wood, not much figure and has about the same relation to real mahogany that basswood has to pine. Many people think because mahogany is such rich beautiful wood that is very expensive. We used to think so too but on enquiring at the yard where it comes from first hands we find that the cost of this over other hard-finishing woods is very little, in fact only 12 to 20%, and when we consider that it is a wood that grows richer with age it is surprising that there is not more used even than there is. How many of us have not seen some piece of mahogany furniture that has been made generations ago and admired its natural beauty? Where can we find another wood that is as durable and will improve with age like this? It has always been surprising how people will finish a house or a piece of furniture, stained to imitate this wood, when they they know that in a few years it will be shabby—when for a very little more cost they can have the genuine that will last for ever. It is a mistake to stain any kind of wood to imitate another, if it is not good enough to finish natural it is not worth having at all. You can never make one wood look just like another of a different species, then if it wont stand on its own merits why not paint it and be done with it.

Rosewood.

Rosewood was once, even if it be not now, a fashionable wood. It was used for costly furniture and pianofortes. There is no information respecting its first employment; but it appears certain that it became known soon after the discovery of Sonth America. Old writers speak of rosewood cabinets and other furniture made of it. The wood is met with only in South America. The French give it the name of "palisandre;" by the Germans it is sometimes called "Palissander-holz." What they term "bois de rose," or "Rosenholz," is in reality an African wood, and red with

yellow streaks. It seldom attains a diameter of more than 8 inches and is cut into veneers to be nsed as a bordering in inlaid work or for floors. But the best qnality of rose or palisandre wood is found in Brazil. All the finest descriptions of this wood are exported from Rio de Janeiro. Larger qnantities of inferior kinds are sent out from Bahia. The latter sort, however, is only worked for cheaper articles, the fiber having a dark red color and but few beautiful veins. Honduras also exports a description of heavy, dark colored rosewood, which is mostly made into drnmsticks and walking-sticks. The Rio de Janeiro wood grows to a good size, and has beautiful veins. The best is chosen for veneers; but the ordinary blocks with straight fiber look very rongh and knotty. Rosewood is at present sold by weight; formerly it was disposed of by trunks. It contains a very stringent oil, which mnst be extracted by steam or else by long exposure to the air, before the wood can be glued. It has also a powerful smell, and people who work it seem to be penetrated with it. Nothing can remove it, and the worker in it may be easily distinguished from snch as work in other woods; the dust rising from the wood when it is being rubbed with sand paper is not poisonous, but it imparts to the face of the workman a peculiar, ghastly expression. Rosewood is, if properly worked, the most durable description of wood, and may even after a hundred years' use be polished again so well that it looks like new. It is extremely hard and strong, and becomes harder with age.

MAHOGANY has become the leading and fashionable fnrniture and cabinet wood in this conntry, as it is now and has been for two centuries in England and Enrope. It is already largely nsed in honse trimmings and doors in our large cities. It is a wood which does not crack, warp, swell, or shrink, and is famons for holding glne. It improves with age in color or tone, and therefore gets more beautifnl as it gets older, whereas other precions woods look theif best when new. So great has the increase in the nse or mahogany become in the past few years in this conntry, that many manufacturers, especially in the Western States, have been making goods of cherry, birch, and other cheap and inferior woods, and staining them to imitate mahogany; bnt these imitation goods very soon begin to fade as well as to crack, warp or shrink, to the disgnst of the purchaser. Walnut is rapidly going out of fashion, and as this wood is now very scarce, and getting more so every year, its nse is necessarily diminishing, and mahogany is taking its place, as also of rosewood. Mahogany should not be varnished till it has grown dark to suit one's taste, as varnish is said to stop the natnral coloring process.—[N. Y. Evening Post.

Knights of Labor vs. Saloons.

"The temperance question is an important one, and I sometimes think it is the main issue. The large number of applications dnring the past year to grant dispensations to allow the initiation of rnmsellers was alarming. I have persistently refused them, and will enjoin my successor, if he values the futnre sncoess of the order, to shut the doors with triple bars against the admission of the liqnor dealer. His path and that of the honest, industrious workman lie in opposite directions. The rum-seller who seeks admission into a labor society does so with the object that he may entice its members into his saloon after the meetings close. No qnestion of interest to labor has ever been satisfactorily settled over a bar in a rnmhole. No labor society ever admitted a rum-seller that did not die a drunkard's death. No workman ever drank a glass of rum who did not rob his family of the price of it, and in doing so committed a donble crime—mnrder, and theft. He murders the intellect with which the Maker hath endowed him. He steals from his family the means of snstenance he has earned for them. Turn to the annals of every dead labor society, and you will see whole pages blnrred aad destroyed by the accursed footprints of rnm. Scan the records of a meeting at which a disturbance took place, and you will hear echoing throngh the hall the mandlin, fiendish grnnt of the drnnken brnte who disturbed the harmony of the meeting. In the whole English langnage I can find no word that strikes more terror to my sonl than the one word 'Rnm.' It was born in hell ere the fiat 'no redemption' had gone forth. Its life on earth has been one of rnin to the hopes of youth and the peace of old age. It has robbed childhood of its delights. It has stolen the laugh from the lips of innocence, the bloom from the cheeks of manhood. It has tonched the heart of old age like the tip of a poisoned arrow. Its sonnd, as it gnrgles from the neck of a bottle, echoes through many a desolate household as the hissing of a thonsand serpents. You may deem me too radical on this point. Yet I never interfere with the rights of a man to drink if he so elects. I hold I have a right to and do shun rnm as I wonld an enraged tiger, neither meddling with it nor allowing it to meddle with me. So long as it keeps its distance I am content to leave it alone, bnt the moment it attempts to interfere with my rights by coming into the Knights of Labor, then my soul rises in arms against it, and I can find no words too bitter, no denunciation too scathing, to hurl against it."—[Powderly's Address to the General Convention of K. of L.

REPORT OF NEW BUILDINGS AND BUILDINGS TO BE ERECTED,

In advance of Permits for the week ending June 12, 1886.

OWNER.	Stories.	KIND OF BUILDING.	SIZE.	LOCATION.	COST	ARCHITECT OR BUILDER.	DESCRIPTION.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proved by numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTATE AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be made. Its circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are kept corrected up to date of issue. The sol d men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known, through the proper channel as being permanently engaged in business, and because they desire to support a worthy sheet that never blackmails representatives of the trades to which it caters or from whom it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor is it necessary. No reasonable man wants his history published for eight cents a week. The advertisements formerly published on this page are transferred bodily to another page and this space will be occupied by a complete Directory of all reputable dealers engaged as above described.

mportant to Real Estate and Insurance Men.

TRADERS INS. CO. VS. RACE ET AL.

BILL.

AGRICULTURAL INS. CO. VS. RACE ET AL.

CROSS-BILL.

SUPERIOR COURT, COOK CO.

SHEPHARD, J. On August 28, 1882, the Traders Insurance Company and the Agricultural Insurance Company respectively issued a policy of insurance to Sarah Hirsch whereby each company, in consideration of twenty-eight dollars premium, paid by her, insured the said Hirsch against loss by fire, to the amount of $3,500, apportioned as follows:

$2,500 on her two story and basement frame dwelling, situate on lots 2, 3, 6 and 7. in Irving Park, Cook County, Illinois; $500 on household furnature * * contained therein; $500 on frame barn on said prem ises, for the period of three years.

In July, 1884, Sarah Hirsch sold and conveyed the property insured, together with the land on which the house and barn stood, to the defendant, Francis T. Race. The payment of a part of the purchase price being deferred, a trust deed was executed by Miss Race to Julius Rosenthal to secure the same. Both insurance policies were duly assigned by Mrs. Hirsch to Miss Race, the insurance companies duly consenting thereto, and at the same time the insurance companies, at the request of Rosenthal, attached to each of said policies a contract known as the Chicago Board of Underwriters' form of mortgage clause, making the loss if any should occur. payable to said Rosenthal, as trustee, and containing various agreements, some of which will necessarily be commented upon hereafter

Omitting much of the verbiage in the forepart of the decision, the following statement of the law as laid down by the Judge will be of interest.

"For a dwelling house to be in a state of occupation there must be in it the presence of human beings as at their customary place of abode, not absolutely and uninterruptedly continuous, but that must be the place of usual return and habitual stoppage."

In that case the destroyed dwelling was the usual summer residence of the plaintiff, was furnished ready for occupancy at any time and was annually resorted to and dwelt in from spring until late in the fall, by the plaintiff and his family as their place of abode and during the balance of the year was inspected and aired by a sertvant and members of his family, who lived in an adjacent house on the same grounds, and was visited fortnightly by the plaintiff and his wife in order to see for themselves that it was well taken care of.

Yet it was held that such fell short of occnpation, although a useful care and supervision.

Our own Supreme Court in Insurance Co. v Padfield, 78 Ill. 167, has said with reference to a similar condition in an insurance policy:

"A fair and reasonable construction of the language vacant and nnoccupied, is that it should be without an occupant—without any person living in it. * * * * not technical occupation, but as popularly understood and used.

With these definitions of what is meant by occupation, and the citations made might be supplemented by many others to the same effect, the inquiry remains to be made as to whether the dwelling house in the case at bar was occupied at the time of the fire within the meaning of the policies.

At the time of purchasing the house the furniture contained in it and covered by the policies of insurance was bought with it and always remained in it, and was rented along with the house to the tenant. The fuaniture was in no sense the personal belongings or home surroundings of the defendant. She had never occupied the house as a home, and had never used the furnitnre in the peculiar sense of use as applied to the furnishings of one's place of personal abode or home. It had been aud was to her mere chattel property to lease or sell; so that the fact that the furniture contained in the honse belonged to the defendant, did not of itself in any sense indicate the house as her place of residence, and might as well, so far as the question here presented is concerned have not been in the house at all.

Builder's Hardware.

Chicago has the reputation among manufacturers of being the closest market in the United Staues in builder's hardware and consequently, it must be the most satisfactory market for any one in need of this material.

Many new improvements in builder's hardware novelties have been introduced, and the trade is keeping up well with the times.

Among the old and prominent representatives in builder's hardware is the firm of Larrabee & North. They have recently removed their store from Lake st, where it has been so long located to No 191 State st. In their new quarters they have every facility for carrying on their business and are ready to give bids on all classes of work. They deal in all grades of builder's hardward and carry on hand a large and complete stock including the recent novelties in their line.

Philadelphia Letter.

PHILADELPHIA, June 15, '86.

Building material keeps cheap. The labor situation keeps muddled. Investors and builders are still on the anxious bench. The sitnation to-day is not materially improved. Architects promise considerable news in a week or two. The iron-workers are apprehensive of trouble with their workmen over a demand for an advance of 7%. Even the German pork butchers are striking for higher wages. The malady must run its full course. Employers everywhere are organizing. The hosiery and knit goods manufacturers, to the number of fifty, employing 10,000 men, have agreed to stand together. The cabinet manufacturers are still firm, and quite a number of strikers have returned to work. The saw and planing mill men are having trouble with their workmen, who went out on a stiike on the 1st of June. One-half of the planing mill work used in this city is made in the interior of the state, because of cheap labor, material and lower freights. To advance wages is to further decrease the bnsiness done. The nail makers report a declining tendency in nails; quotations are now $2, and in some cases sales are made at less. Lumber holds up pretty well, but now and then bargains are heard of in it. The arrivals continue quite large; yellow pine has been selling very freely; the hard woods are rather scarce, especially for the better qualities. The Brick Manufacturers' Association held a meeting on Thursday evening to arrive at some understanding on the wages question. The Master Metal and State Roofers and Metal Cornice Workers' Association met on the same evening and appointed a committee to meet their employes. The Building Trades Council met and talked over the sash and door mill workers case. As to summer prospects, it is impossible to arrive at any harmonious conclusion, because of the contrariety of opinions expressed. The elements exist for a general revival of bnsiness, and the probabilities point in that direction.

Robert H. Sayre, Samnel Thomas and other Philadelphia capitalists have formed a company for the purpose of developing iron ore land in the neighborhood of Birmingham, Alabama. A plant is to be erected to produce the best grades of pig iron, and it is anticipated that the furnace will be in operation by the first of next year. The company will invest about $150,000. A number of New York and Philadelphia capitalists will visit Alabama during the present month for the purpose of thoronghly investigating the subject.

A plethoric treasury seems to increase imaginary wants, Blessed be they that have nothing, although not a pleasant aphorism when the larder is empty; yet in the case of the national treasnry lots of money would have been saved if there had been none in it There's a good chance now to kick up a war with England about the Nova Scotia fisheries. Snch a war would have one commendable feature, at least—it would save the the tired brains of the people's representatives fro worrying over the money in the United States treasury, and concocting schemes to get it ont.

HOW TO DECORATE.

Decorative tiles are fast replacing every other kind of flooring, and especially so in private mansions. Hall-ways and bath rooms should also have tile flooring. The advantages they offer are elegance, beauty of design, harmony and variety of color, durability and free breakers or waste.

A fine screen of glass is adorned with a garland of pressed flowers. There should be two plates of glass, one to cover the flowers and thus preserve them from injury.

The seal sets are very handsome and have now become an important feature of the writing table furnishings. Pen wipers in the form of a plush monkey swinging in a wish bone are very novel and useful.

An old steamer chair can be rendered fairly luxurious by the addition of two long cushions, one softening the back of the chair, the other stretching itself over the deep seat. A small pillow to fit into the deep hollow. where seat and back form an angle, is acceptable to a weary spine.

A very pleasing card receiver is made by taking three bamboo canes and fastening them together in tripod form and securing in the opening thus made, by means of brass screws, a hammered brass tray.

A table frame made with a low shelf, ebonized or cherry stain legs, cover the top and shelf with stamped leather and it makes a very pretty ornament.

A collection of cameo glasses approaches perfection so nearly as to disarm all offorts of criticism. The delicate and beautiful glass is prodnced in vases, jars and bowls in sapphire golden tints, pale water green and rose, some in distinct colors, others exquisitely shaded, one of Greek form in ruby glass has a design of cyclamen abont the base, one of tall graceful form in blue has sprays and leaves of foxglove; these vase. are works of art and are very expensive

IMPROVEMENT OF STREETS.

The Department of Public Works opened bids on Tuesday for the paving of the following streets with cedar blocks:

STREET.	FROM—	TO—
Ada	Randolph	Carroll.
Astor	Scott	Schiller.
Aberdeen	Harrison	Polk.
Allport	Sixteenth	Nineteenth
Bunker	Canal	Halsted.
Brown	Taylor	Twelfth.
Clinton	Madison	Harrison.
Carroll	Ashland	Leavitt.
Curtis	Fulton	Huron.
Franklin	Chicago	Division.
Hurlbut	North	Fullerton.
Morgan	Washington	Randolph.
Mather	Desplaines	Halsted.
Monroe	Throop	Loomis.
Mohawk	North	Garfield.
Sangamon	Monroe	Harrison.
St John's	Carroll	Arbor.
Twentieth	Throop	BlueIsland
Twentieth	Halsted	Centre.
Twenty-fonrth	Hanover	Butler.
Wood	Harrison	Twelfth.

The prices ranged from $1.11 to $1.32. There were nine bids for Franklin street, the lowest being $1.15 and the highest $1.29. It is, however, to be paved by private contract, the property-owners paying $1.30, and the city about $1.12 for the intersections. The only advantage in having a street paved by private contract is that the work may be done a month or two sooner, bnt it costs about 20 per cent. more.

BONA-FIDE LIST.

FOR SALE—By C. F. JACOBS, Room 626, 112 South Clark st.:

Investments from $5,000 to $150,000, which will net from 8% to 15% in business and residence property.

ROOM 626, CHICAGO OPERA HOUSE BUILDING.

FOR SALE by W. L. DAVIS & Co., Real-Estate, Loan & Renting Agents, 153 RANDOLPH-ST.:

We have for sale: Lake View property of every description. Choice lots at the terminius of the new North Halsted street-car line on Melrose and School Sts.

We are exclusive agents for the central part of Argyle Park, the first lake shore suburb north of Chicago. Also have acres for sale on the Chicago, Evanston & Lake Superior Railroad. Owners of a new subdivision at Avondale, 5 miles from the Northwestern Railroad city depot. Neat cottages and fifty feet of ground, two blocks from station, for $1,000 on monthly payments.

Money loaned on good city and suburban property at current rates.

FOR SALE—By BERNHARD F. WEBER, Rooms 15 and 16, 84 La Salle st., Chicago.

We are making a specialty of property in the suburbs of Ravenswood and Lake View. Parties desiring to invest in good paying property, either improved or unimproved, in these suburbs will find it advantageous to call and confer with us.

FOR SALE — By C. LINDEMANN & SON., 84 and 86 La Salle st., Room 14: LAKE VIEW office, 510 Lincoln ave.

As we are making LAKE VIEW and NORTH SIDE property our specialty, we feel confident that it will be to the interest of those who wish to purchase suburban property to call on us, having a large list of vacant and improved as well as acre property, and some choice residence property near Lincoln Park and the Lake Shore Drive, cheap.

FOR SALE by WASMANSDORFF & HEINEMANN, 160 and 162 Randolph-st., cor. LaSalle.

Rooms 35, Portland Block, S. E. Corner Washington and Dearborn Streets.

FOR SALE by J. P. WHITE, 99 Washington St., Room 10:

BUSINESS PROPERTY A SPECIALTY. Few persons have the time or facilities for examining all there is for sale. Some of the best property is not advertised or even placed on the market. From these causes buyers often miss the best bargains. My long experience in keeping a record of the principal transfers and names of owners of this class of property enables me to offer special advantages to buyers.

COUNTRY BUILDING NEWS.

Advance Information to Architects, Builders, Contractors and Dealers in Building Material.

MILLWAUKEE, WIS.—A structnre designed by Mr. Beman, of Chicago, is the office building for the Northwestern Mntual Life Insurance at Milwaukee, which is now approaching completion. It is a six-story basement and subbasement structure, with a frontage of 180 fest on Broadway and 120 feet on Michigau. The exterior treatment is: basement story of Fox Island granite, first story of Hallowell granite, upper stories of Bedford stone. The characteristic feature of the interior is the inclosed court, 40x50 feet, around which run the corridors. The court is architecturally treated in the round-arch style, which prevails throughout. A feature of the building is the richly carved Broadway entrance, leading into the vaulted and wainscoted vestibule, treated in polished marbles. The interior is fiuished in hard woods. It will cost $500,000.

ROSALIE COURT, ILL.—S. S. Beman, architect, is now preparing plans for a club house to be erected here.

PULLMAN, ILL.—A Catholic church will be erected for Father Waldron; at South Bend, Ind., a Baptist church is to be erected. S. S. Bemen, of Chicago, holds the plans for both, and also reports plans of the Town of Ivorydale, now building on the old Ludlow farm, some seven miles out from Cincinnati. It is a picturesque little place, and Proctor & Gamble are erectiag it. The material used for the exteriors is stoue with brick trimmings. There are thirty buildings for manufacturing purposss, 50x150 feet, and one 50x450. The chimney stack, which is the highest save oue in the United States, is the most architectural in treatment of any in the world. Two hundred and fifty dwellings for workmen are to be built, and a chnrch and school house. The office buildiug will contain library, reading-rooms. lecture hall, etc.

KANKAUNEE, ILL.—The First Congregational church of this town will build an edifice, at a cost of $20,000. It will be built of pressed brick, stained glass, etc. It will require upholstery. carpets and steam heat. Rev. A. N. Hitchcock is the pastor. Contracts not lot.

OSKALOOSA, IOWA.—A school house, costing $5,000, will be commenced soon. It will have furnace heat. Contracts not let.

TOLEDO CITY, IOWA.—J. A. Merritt, secretary, will receive sealed proposals up to June 27 for the furnishig and putting a steam heating apparatus in the school building in this town.

GREEN COUNTY, OHIO.—W. R. Baker, county anditor, will receive sealed proposals until June 21 for building four iron bridges, span 72x220 feet.

AKRON, OHIO.—Architects Bauman & Lots, 58 Metropolitan block, Chicago, are making plans of an elevator to be built in this town for the Schumacher Milling Co., to replace the one destroyed. It will have a capacity of 100,000 bushels, and will be 52x90 ft. in size and 119 ft. high, and built of frame with stone foundatlon and iron work.

ANDERSON, IND.—An orphan asylum, costing $4,000, is to be soon erected. It will be 2-stories, brick veneered, and contain boiler, fire escapes, furuace, marble and wood mantels, pumps, furniture, etc. I. T. Thompson architect. Dunham & Son contractors.

STANTON MICH—Big Rapids has voted to build a new $8 000 brick school house.

ELK POINT DAK—Can secure the location of a Catholic school for a bonus of $2,000.

GARDEN CITY KAN—The U. B. Society are about to erect a fine church edifice 28x44, of brick and stone.

PEABODY KAN—Contemplates building an opera house.

WICHITA KAN—The W. C. T. U. will erect a suitable bl'dg cor So. Market and Williams sts.

COON RAPIDS IOWA—Will build a new school house 48x52, to cost $4,000.

COOPERSTOWN DAK—C C Brown of Mayville intends build ing handsome brick block.

WAYNESVILLE ILL—The M. E. Society will erect new church 32x50.

EAGAN DAK—Electors have voted to build a $5,000 school house.

LONG PRAIBIE MINN—Mr. Hartung is digging his cellar and putting in foundation for his new brick house and baru north of Powell's opera house.

ST. PETER MINN—Will erect new city hall. $5,000 having been appropriated for that purpose.

LAKE FOREST ILL—Contract for building new church has been let to P. C. Healy.

ST PETER MINN.—Excavating for a new bank building is about completed.

ASHLAND WIS—A new and elegant brick Roman Catholic church is being erected cor Cass Av. and Fourth st.

WAKEFIELD NEB—Thomsen & Nelsen will in a short time begin the erection of a brick block 25x80. The front half of the structure will be used as a hardware store and the rear as a warehouse for machinery.

FORT SCOTT KAN—The Gulf road has let the contract for a $40,000 depot, work on which will be commenced at once. It will be built of brick, in the latest style of architecture, with all facilities for the accomodation of the public including a dining-room.

HASTINGS NEB.—Sealed proposals received at farm of W. H. Waldron sonthwest of Hastings, up to 12 o'clock June 26, for erection of Town hall in Denver tp. to be completed Sept 1st '86. Plans etc. to be seen at above mentioned place. By order of Township Board.

REPORT OF NEW BUILDINGS AND BUILDINGS TO BE ERECTED,

THE
Real Estate and Building JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, JUNE 19. 1886.

THE MARKET.

The most marked feature of the market for the past week was the limited number of transactions within the city limits; they were also small in consideration except the sales made to J. P Neal for the Wisconsin R. R. Co. The sale on the corner of market and Lake sts for $325,000 was made the last week in May, but recorded during the week just closed. The sale on Clark st just sonth of Van Bnren for $45,000 and another on Cottage Grove av for $27.000 and still an other on Sheffield av for $22,000, relieved the monotony somewhat. Under the head of agreements will be found a sale in the original town of Chicago, for $32.500 by L. Hodges to C. L. Jenks and one in section 19 39 14, for $19,300 by E. C. Waller to J. Y. Macomb.

A sale on Grove st in Evanston for $25-000 by Z. S. Holbrook to Newell Matson was the largest recorded north of the city.

The long lists of mortgages, trust deeds and chattle mortgages are not indicative of prosperity although many building loans are included under the first two heads; and many of these are for very small amounts.

There is not so much depression but a quiet in business seems to prevail not only in real estate operations, bnt also in mercantile branches. Building certainly holds out well considering the back-set given by the strikes.

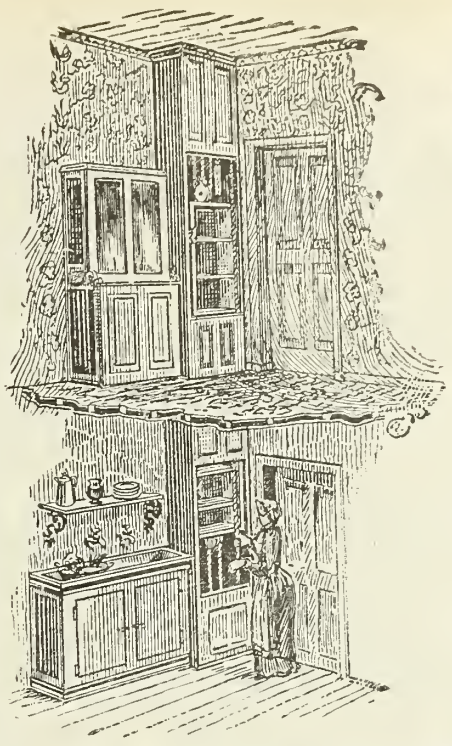
The following is the report of the Abstract Department of Cook County under the management of Wiley S. Scribner, Recorder.

Receipts, 6 mos. ending May 31, '86	$15,343
Disbursements	12,631.43.14
Salary of Recorder	500.00
Balance	$2'211.69

The report shows an increese in the amount of business transacted and in the balance due the connty.

This increase is specially noteworthy when there is taxen into consideration all the abuse and persecution which the Department received from the newspapers a few months ago.

A few weeks ago the Knights of labor started out to inaugurate nniversal prosperity. They wanted workingmen to secure big pay for short hours, brisk trade all over the land, easy money, flush times, wholesale happiness and plenty and they went to work to get it, They proposed to do away with poverty, hard times, profitless railroads, pinched households; and to produce instead, general wealth, profitable business, and the very livliest season of rapid money making ever known, even in this country of frequent periods of unusual and abnormal activity. This was not all. They proposed to make the manufacturer prosperous by limiting as they said, production and thus increasing the demand, and making better prices. Happy Knights! What a blessed ambition! Who would not have lauded your aspirations, however impracticable they might have deemed them, as they saw you set forth in your chosen work?



The Knights of Labor took most original methods of securing this wholesale prosperity and all embracing happiness' They inaugurated strikes in hundreds of mills. They tied up street railways in half a dozen cities. They coolly demanded that they should be allowed to tell their employers who to employ, who to discharge and what wages to pay. They stopped all the freight traffic on Great Western Trunk Lines, they killed officers at Fort Worth, threw bombs among the police at Chicago, set fire to depots, broke the machinery of engines, threatened the lives of their employers, and chose Anarchists from Europe for their leaders. They "boycotted" men and women, and tried to starve them; chased and assaulted workmen who wanted a chance to earn their daily bread and carried the accursed red flags of the Communists in their riotous processions in the cities of the west. They disgraced themselves branded their families with infamy, and at last were compelled to acknowledge the power of the law, and stop in their infamous career of crime. We all know the results of their efforts. They did-not bring universal prosperity flush times, high wages. brisk trade, profitable employment for capital; but instead, a wholesale business demoralization. They killed the building industry, for the time being and thereby caused brick-yards and planing mills by the score to reduce their forces of hands or shut down. They knocked the spring trade in the head all over the country, so that merchants and jobbers are in tight financial position, and manufacturers can see nothing but disaster ahead. They prevented the railroads from earning dividends, they pnt a check to new enterprises, and most effectually put a stop to the coming of business prosperity, for this season at least. They have thrown thonsands of hands out of employment, and made many a family hungry, and they have involved themselves in the general misery they have brought upon others.

A large porton of the workmen of this country have jnst finished a very foolish experiment. They have been trying to dictate to their employers. Not alone as to what wages should be paid, although their "walking delegates" have almost walked their feet off, and their "arbitration committees" have talked themselves hoarse on this particular subject, but as to the number of honrs they should work, and who should be employed and who should not. They attempted to force those who employed them, in many instances. into iron-clad written agreements guaranteeing certain wages for a certain period of time, and stating the terms upon which employers might discharge men, with the consent of the "committee." What are the results of this idiotic experiment? The eight hour movement is a failure, for employers cannot pay for ten hours' work and obtain only eight, as some of the more complaisant ones have found out to their cost. Many of the strikers have seen their places filled by others who were willing to do an honest day's work for an honest day's wages. A large portion of the savings of the working classes are gone, eaten up in weeks or months of idleness. The laboring classes have lost the confidence of the people, and what is more bitter just now to them, they have lost prestige; for they have come out at the small end of the horn. Between April 24 and May 14 the strikers in the country numbered 250,000. On May 12 the total number did not exceed 80,000, and on May 20 there was less than 50,000. Below is an estimate, from the most recent statistics, of the losses cansed by the recent strikes:

City.	Wages.	Current Business.	New Business Stopped.
N. Y. City	$300, 00	$300,000	$2,000,000
Philadelphia	60,000	50,000	5.000,000
Smaller Pa cities	70,000	50,000	——
Detroit, Mich	97.000	25,000	850,000
Cincinnati	375,000	300,000	1,000,000
Milwaukee	460,000	200,000	4,000,000
N. E cities	275,000	——	6,000,000
St. Louis	75,000	——	——
Troy. N. Y.	75,000	——	150,000
Washington, D C.	54,000	——	2,000,000
Indianapolis	2,000	——	——
Pittsburg	30,000	75,000	300,000
Louisville, Ky.	23,000	5,000	500,000
Coal strikes	200,000	500,000.	Indeterm'te
Chicago	700,000	700,000	3,000,000
Totals	$2,802,000	$2,105,000	$24,800,000

New Business Directory.

R. R. Donnelley & Sons have just issued their Directory of Architects, Contractors and Material Dealers doing business in Chicago. This issue is the second one issued by this firm, and is meeting with nniversal favor among all classes of business men. The arrangement and classification are the best we have ever seen. The demand for this book is increasing daily and it is in request throughout all parts of the country tributary to Chicago and among all persons who seek the trade of this city. We are in receipt of a copy of the book and hereby return our thanks for the same. Real estate men and bankers will find it useful. Architects should have it by all means.

NEWSPAPER ADVERTISING

A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proved by numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTATE AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be made. Its circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are kept corrected up to date of issue. The solid men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known, through the proper channel as being permanently engaged in business, and because they desire to support a worthy sheet that never blackmails representatives of the trades to whom it caters, or from whom it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor is it necessary. The advertisements formerly published on this page are transferred bodily to another page, and this space will be occupied by a complete Directory of all reputable dealers engaged as above described.

CHICAGO, SATURDAY, JUNE 26, 1886.

THE MARKET.

There are weather-cocks in the commercial atmosphere which tell, as surely as did ever a vane on a high roof, from which quarter the business breezes are blowing; and every sign now apparent is a sign of coming prosperity. The prices of leading staples are 20 or 30 per cent. lower than a year ago, and yet freight movements and bank exchanges show that there has been a large increase in transactions. Surplus stocks have been largely gotten rid of, with no considerable reduction in the output; investment stocks are steadily advancing, and the rates for money show a decline. Savings, during the past years of low prices, have increased, and many other conditions for a period of activity here, are now existing. All these things are not prosperity itself, but they are indications of its approach, shadows cast before, the vanes on the citadel of trade that tell how the wind is blowing. These signs of activity have been long looked for. Merchants who have been doing an unprofitable business for the past two years, manufacturers whose mills had been run at little or no advantage, bankers and brokers who have felt severely the pressure of hard times, and business men generally have been hoping against hope, while the clouds of trade depression hung over them, for some promise of better times, some signs that should indicate with truth and certainty the coming of a season of prosperity, when capital should have its reward, and the avenues of commerce should teem with a busy and healthy life. Above and beyond these signs of activity will stimulate action. The capitalists who have been hesitating about undertaking new enterprises will feel emboldened to go ahead, encountering risks, if need be, and carry out their schemes. More goods will be made by manufacturers, more hands employed, more wages paid out, and more money put in circulation. From this time on we may expect greater activity in the Stock Exchange, and it will be well if the general desire to hurry up good times, by forcing them before they are due, does not result in a period of incautious and almost indiscriminate speculation.

SOME FACTS ABOUT WESTERN LOANS.

The slight improvement shown in stocks, bonds, and in the general banking business throughout the country has appeared also in the real estate market of Chicago during the past week. Very few of the agents complain, as they realize that, taking everything into consideration, the market is all that can be expected.

Large amounts of money are being placed by Chicago brokers on western lands. Most of the money comes from eastern insurance companies which prefer this security on account of the high rates of interest that can be obtained. Capitalists, however, are becoming more favorably impressed with this kind of security and are seeking it as an investment.

In Dakota, farm mortgages bring from 10 to 12%, Kansas and Nebraska 7 to 8%, Iowa 6 and 7%, Illinois and Missouri 6 and 7%, and Washington Territory 10 to 15% and in some cases as high as 2% a month. The legal rates are not higher than 8%, but by special agreement 12% may be obtained, while in Washington Territory no limit is placed at all.

A thorough knowledge of western lands is essential and even then the greatest caution should be exercised in placing these loans, for there is much of the land that is absolutely worthless.

For example, an application was recently received by one of our Chicago firms for a loan on a farm of 160 acres, 80 acres cultivated and 80 acres pasture land, valued at $30 an acre. The price per acre was cheap enough for the cultivated land but for the so-called pasture land was three or four times what it was worth, as it consisted of a wax-like clayey soil which rendered it unfit for use of any kind. Thus the 160 acres could only be valued at $15 an acre instead of $30.

The move of the members of the Real Estate Board to close their offices at 2 p. m. on Saturday will no doubt be followed up by many agents not in the board, as very little is accomplished after that time on Saturday and the offices may as well be closed as not.

The auction under the management of Adolph Loeb & Bro., at Peotone, Ill., proved a success. Four pieces of 160 acres each were sold at $36.25, $36.15, $35.00 and $26.00 per acre, and one piece of 80 acres at $27.75 per acre. The sale amounted to over $23,000 acres. The farms were worth about $45 an acre. The firm report an improvement in business with an increase in the demand for lots and acres in Lake View.

Goldy & Zurburg have made the following sales: four story stone front on North Clark street near Ohio street, $40,000; 12 houses and lots on Upton street near Milwaukee avenue, $24,000; 51 lots at 49th and Wood streets, $10,200; three story and basement stone front residence on La Salle avenue near Oak street, $12,750; residence corner W. Jackson and Wood streets, $9,000; house and lot on Ohio street near Clark street, $5,000; lot 50x133 on Wellington street near Evanston avenue, $2,500; residence, two story and brick cellar, on Humboldt boulevard, $6,000. They have also placed between $40,000 and $50,000 in loans during the last month.

W. F. Netling, formerly of Rutz, Needles & Netling is in business for himself at room 21, Portland Block.

Turner & Bond are receiving a good inquiry for residence and inside business property.

Sixteen houses are now going up at Morgan Park. An ordinance has just been passed for laying a sewer which will be commenced soon. C. C. P. Silva reports a favorable outlook for this property.

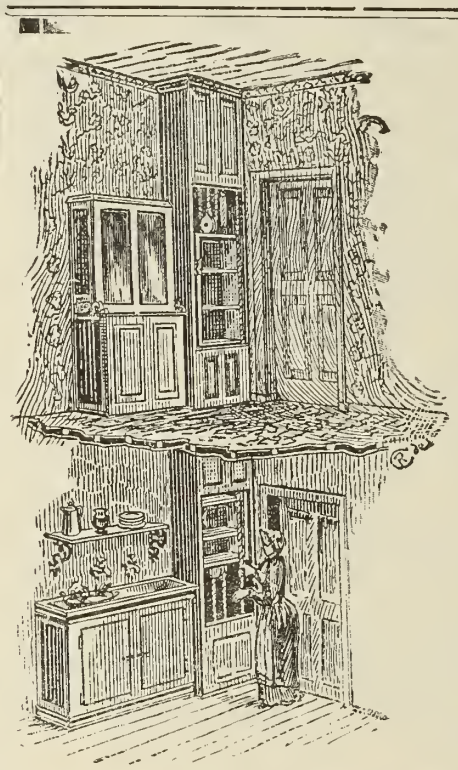
Robbins & Blood, agents for the Robbins estate, report a good demand for property followed up by a fair amount of sales.

Baird & Rradley will soon open up and place on the market a new sub-division south of Harrison street and west of Ashland avenue.

E. A. Cummings & Co. will sell on Saturday, June 26th, 72 lots in Englewood at public sale. This is choice property and the bidding will no doubt be active.

AUCTION.

On Monday the fifth and Tuesday the sixth of July there will be another public sale of western lands at the Chicago Real Estate Board, 161 La Salle St., room 5, under the management of Frederiksen & Co., 181 Washington St., Chicago, of whom full information can be obtained.



By order of the Board of Directors of the Kentucky, Kansas & Texas Land & Cattle Co. 34,000 acres of prairie lands, situated in Stafford, Reno and Rice counties, Kansas, will be sold in order to wind up the company. Dr. F. A. Steckel, of Ellinwood, Kansas, will show these lands free of charge. The Atchison, Topeka & Santa Fe Railroad is running north from these lands; the station, Ellinwood, being situated at a distance of only six miles, and the station Raymond only two miles from this tract. The Arkansas River & Western Railroad is running from three to six miles south from these lands. Settlers are living on each adjoining section and doing first rate. These lands are worth from $16 to $25 per acre.

The Trustees of the Southern Minnesota Railroad Co., urged by the parties interested in the Southern Minnesota Special Land Trust, have authorized Frederiksen & Co. to sell their lands at public auction in order to close the trust. These lands are situated in the old settled counties, Winona, Houston, Fillmore and Freeborn, in Minnesota, adjoining the northern line of Iowa and can be reached by the Chicago, Milwaukee & St. Paul and Chicago & Northwestern Railroads. The distance from these roads to the lands is only from one to six miles. The value of improved lands in these counties is from $30 to $40 per acre.

Frederiksen & Co. will also offer for sale about 10,000 acres of timber and prairie lands situated only from 30 to 40 miles north from the thriving towns of St. Paul and Minneapolis, Isanti county, between the St. Paul & Duluth and the St. Paul, Minneapolis & Manitoba Railroads, where the farmers find good markets for their products in the cities St. Paul, Minneapolis and Duluth. Isanti county is thickly settled and the settlers are well satisfied. The settlers of the lands adjoining these which are offered do not want to sell out but value their improved lands from $20 to $30 per acre.

As the above lands in Kansas and Minnesota will be sold at prices varying from $3 to $12 per acre there is no doubt but that many Chicago real estate men or speculators can strike a bargain at this public sale, especially as many of their patrons like to get some western lands for trading property.

As the public sale of town lots in Kansas has been a success and many buyers have made money by investing small amounts in town lots in new towns in a growing country there will be offered some lots in the new town Prinsburg, situated in Kandiyohi county, Minnesota, ten miles north from Renville, a station on the C., M. & St. P. R. R., and fifteen miles south from Willmar, a station on the St. Paul, Minneapolis & Manitoba Railroad and the terminus of the Duluth, St. Cloud & Willmar Railroad. The extension of the latter railroad is surveyed via Prinsburg, Forty thousand acres were sold last year to actual settlers in this neighborhood. Town lots in Prinsburg are selling there now for $40. The title of all the above named lands is perfect.

An ordinance establishing sidewalk space on Belden Ave. from Halsted St. to Perry St.

An order was passed authorizing the leasing of the old Armory lot, corner Adams and Franklin Sts., to S. W. Allerton at $12,000 per annum, provided that a building be erected thereon to cost not less than $125,000, and the lessee will, as payment for the first eighteen years' rent, under such ground lease, on the execution of said lease by the city, procure and cause to be conveyed to the City of Chicago, in fee simple, clear of all encumbrances, title to be shown good by abstract, sub-lots 1 and 2 of lot 5, in block 41, in the Original Town of Chicago, being 40 ft front by 80 ft deep, at the southeast corner of Franklin St. and Court place; also the north 25 ft of lot 23. in block 98, School Section Add., being 45 ft front by 100 ft deep, west front on Fifth Ave., 75 ft north of Van Buren St., all in the City of Chicago, and deposit to the credit of the City of Chicago with the City Treasurer the sum of $40,000 in money, so that the city authorities can erect substantial buildings suitable and adapted for fire engine houses on the lots so to be conveyed. And it is further provided that on receipt of said sum of $40,000, the Mayor and Comptroller are hereby directed to proceed at once to cause to be erected the said fire engine houses.

Suburban Improvements.

HYDE PARK.—The total annual appropriations by departments provided by the Board of Trustees is as follows: Public Works, $90,712; Finance, $5,432; Fire, $43,349; Health, $1,537; Law, $5,125; Police, $75,000; Water, $61,745; special assessment $6,703; election, $2,020; printing and stationery, $3,075; Clerk, $1,537.50; Trustees, $1,025; interest, $31,406; contingent, $14,620; total, $262,731. From this should be subtracted $61,745, the Water Department being self-supporting. To the $200,986 should be added $89,000, which gives $289,986, the total current expenses of the year, the additional $89,000 not figuring in the appropriation, as revenue to that amount will be expended. The sum of $10,000 was set aside for the construction of a bridge at One Hundred and Sixth street across the Calumet River.

An ordinance was engrossed for the opening of Kenwood avenue between Forty-eight and Fiftieth streets, also for a water pipe in Ninety-second street, between Commercial and South Chicago Avenues.

The proposition of the Town of Lake to pay $7,000 a year for the privilege of drawing water through the new water works tunnel was discussed by the board and a committee from the Town of Lake board and referred for one week.

An ordinance was passed for a sidewalk on the east side of Mackinaw avenue from 84th to 88th Sts.; on the north side of 51st St. from Lake Ave. to Drexel Bld.; on the west side of Ellis Ave. from 45th St. to 46th St.; on the west side of Woodlawn Ave. from 60th to 62d Sts.; on the east side of Madison Ave. from 54th place to 55th St.; and on 54th place from Madison Ave. to 150 feet east.

LAKE.—The Board of Trustees convened June 21. The object of the meeting was to discuss the improvement of State St. H. W. Kline and C. Leyhe submitted a petition from property owners on the lakeside, representing 3,733½ feet of property, asking that the street be paved with cedar blocks, with stone curbing. The matter was referred to the Committee on Roads and Bridges, with instructions to confer with a like committee from Hyde Park, and to report Wednesday. Several petitions were received and referred.

GARFIELD PARK.—At the meeting of the West Park Board on Monday afternoon it was decided to proceed at once to complete the driveway along the north end of Garfield Park from the Humboldt Park entrance to the Lake street entrance, and from the latter point along the west side to the Madison street entrance. The engineer reported that the gas escaping from pipes of the People's Gas Light & Coke Company was killing the trees along Washington boulevard west of the railroad tracks.

LAKE VIEW.—The Board of Trustees met Monday. An ordinance was introduced giving the North Chicago City Railway the right to lay cables in the streets now occupied by their tracks. The matter was referred to the Committee of the Whole. Lake View people generally want rapid transit and favor the advent of the cable, but the property owners on the streets involved are almost unanimously opposed to the project, chiefly on account of the narrowness of the streets.

THE RECORD.

The advance which is continually going on in Chicago real estate, and the bright prospects ahead, together with the many paying investments made, have induced many prominent and responsible business men to engage in the real estate and loan interests of our large city. Among them is our prominent real estate lawyer, R. W. Bridge, Room 109, Adams Express Building. His large acquaintance and wide business experience enable him to give satisfaction to propertymen in the care and management of their property

HOW TO DECORATE.

Painting on glass makes the most artistic and attractive decorations; articles in frosted glass of different kinds are sold ready for painting screens photograph frames, vases and other ornaments.

When mirrors have plain frames of pine or ash nearly level with the glass, a very pretty effect is made by carrying on the flower, spray or vine from the glass across the border in one or more places according to the shape of the design.

Painted mirrors are often draped with plush to add to their effect. A beautiful mirror painted with an artistically arranged spray of stephanotis is draped with pale-blue plush by way of frame. A very good subject is an arrangement of dandelions with their seed balls floating down and drifting across the glass.

A newly devised mirror is of elongated diamond-shape, held between the extremities of the horns of the moon in her first quarter, the moon being gilded with silver edge.

Flowers used on the table should be all of the same color, and the candles and candle-shades all of the same, silk being the prevailing material for these shades. A very telling arrangement has the exquisite Marechal Niel rose put into small glases, and the glasses hidden by moss arranged on a plush centre of peacock blue, and the candles and shades a delicate yellow tint. Little China figures, with basket of confections, add to the effect.

ADVERTISING RATES
OF THE
REAL ESTATE & BUILDING JOURNAL.

OFFICE: 164 and 166 Washington St., Rooms 12 and 14.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

NOTICE.

The value of a complete Directory of reliable and established Real Estate Agents, Renting Agents, Capitalists, and Loan Agencies, as well as Insurance Agencies, is proved b numerous inquiries from every State and money center, by mail, and personal calls of Chicago business men, and visitors. It is not claiming too much to say that the REAL ESTATE AND BUILDING JOURNAL is filed and bound by nine-tenths of all persons so engaged. The JOURNAL is now twenty years old, and is as complete and correct as it can be made. It circulation is rendered of four-fold value by the fact that it is universally filed and bound as a book of reference, and for the tables of prices of building material, which are kep corrected up to date of issue. The solid men of the profession have always advertised in it, and continue to patronize its columns, because they desire to be known, through th proper channel as being permanently engaged in business, and because they desire to support a worthy sheet that never blackmails representatives of the trades to whom it caters or from whom it seeks support. We can not publish a full card in this Directory, containing all the particulars of a man's business, for $4.00 a year, as we have been doing, nor i it necessary. The advertisements formerly published on this page are transferred bodily to another page, and this space will be occupied by a complete Directory of all reputabl dealers engaged as above described.

THE
Real Estate and Building JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, JULY 3, 1886.

THE MARKET.

One of the largest ventures in real-estate adjoining Chicago, and which bids fair to be a very successful one, is the purchase and improvement of Cheltenham Beach, situated a few miles south on the Lake Shore. At least one hundred and fifty thousand dollars have been expended in beautifyiug and equipping the grounds for the World's Pastime Exposition to be held for 100 days. On the opening day, July 3, over 100,000 people are anticipated to be present and view the exhibit, which will consist exclusively of manufacturers' articles, pertaining to the pleasures and pastimes of the people and will be open to all munufacturers of such goods throughout the world.

Special arrangements have been made with the Illinois Central Railroad to accommodate those who attend. A line of steamers will also convey the people to the grounds.

A large series of novel and original entertainments have been provided, and nothing has been left undone which would add to the interest of this place as a summer resort.

The undertaking is truly characteristic of Chicago enterprise and is worthy of success.

Some two or three years ago attention was first directed toward Cheltenham Beach with the same end in view. Last year considerable money was laid out upon the grounds aud attempts were made to draw the attention of the people of Chicago to the place as a summer resort, but with only partial success. Not until this year, under a new management, with Malcolm McNeil as President, has the project taken a definite and prosperous turn.

The success of this enterprise cannot help but improve the property adjoining Chicago on the South.

Auctions of real-estate are becoming quite popular in Chicago. That of E. A. Cummings & Co., on June 26th, at Englewood, proved a success. The seventy-two fifty-foot lots offered by them were all sold at an average of $500 a lot. Their auction on July 3d will be held at Douglas Park where 100 lots will be sold.

Another auction will be held at the Real-Estate Board Rooms on July 6 and 8, under the management of Frederikson & Co. Fifty thousand acres of Kansas and Minnesota lands will be sold. These lauds belong to the Kentucky, Kansas and Texas Land and Cattle Company and the Southern Railway Company. and are sold to wind up the former company and close the latter's Special Trust.

The success of the aution of the Western lands belonging to the Jay Cooke's estate in bankruptcy, held a few weeks age, gave evidence that Chicago has many buyers who have great confidence in Western lands.

The inconvenience caused by the tearing up of streets by railway companies is more than counterbalanced by the rise iu the values of adjoining real-estate.

The new line of the West Division Railway Company, on Eighteenth street to Ashland avenue, will soon be extended south on Leavitt to Blue Island. The Division street line, from Milwaukee ave. to California ave., has recetly been opened. Cars have just been placed on the new piece of road on Ogden ave., between Madison and Randolph sts,, and will go east on the latter street.

On Van Buren, a line from Western ave. to Kedzie is in course of construction and will be finished in two months. Tracks will probably soon be laid on West Lake street to Fortieth.

On the North Side, preparations are being made for laying the cable which will probably be on Clark, Wells and Lincoln avenue. The work will go on whether the much disputed tunnel ordinance is passed or not. These lines will open up and make an active market for considerable unavailable property.

Barnes & Parish have twice as many houses left over this year as they had last year, but from present indications these will be all taken during the coming fall.

The action of the Real-Estate Board to close up on Saturdays at 2 p. m., they believe will meet with universal favor.

F. C. Gibbs reports an unusually active business for this time of the year.

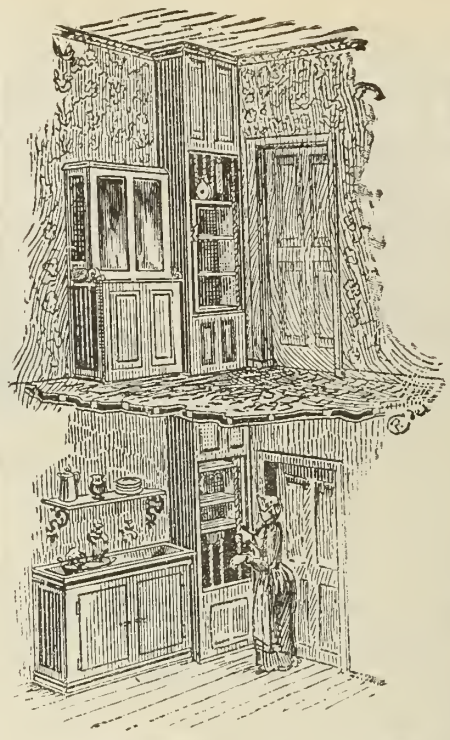
Pierce & Ware look forward to the manifestatiou of more confidence in the market after the Fourth.

W. D. Kerfoot & Co. note an improvement in trade.

E. L. Brainard reports the erection of two residences on his subdivision at South Englewood.

Efforts are again being made to resuscitate the Hyde Park Railway scheme which fell through last year. The Michigan Southern or Rock Island Railway should take up this railroad in order to make it a success. There is a demand for such a road and it must come in course of time.

C. Cleaver & Son have sold, on Cottage Grove and 44th, three lots at $1,200 a lot; also three at Lexington and 53d sts. at $40 a foot; 100 feet on Drexel Boulevard, near 55th, $170 a foot; in same locality, 50 feet at $160 a foot. On both of these lots residences will be erected. Also 50 feet on Pierce street, near Grand boulevard, at $40 a foot.



The most accurate est'mates place the loss from the late labor troublas at three million dollars. This loss was occasioned by the strikers all over the country. It is gone as absolutely as if destroyed by fire or sunk in the sea; and the effect of such a loss is telt in every channel of business.

There are quite a number of political economists who, in view of the disastrous strikes and riots recently iucited by the lowest criminals who ever came here from Europe, who are in favor of limiting immigration. They advocate obstacles to a free entrance for foreigners to our shores, in season and out of season; and while they are not always very rational in their talk, they are mighty persistent. They ventilate their views through the press whenever they have the chance, and, no doubt, actually impress quite a number of readers with the idea that the United States is going to everlasting destruction, if something is not done soon to keep the people of other countries from coming freely to this. These gentlemen theorists declare that laws must be made of such a rigid nature, forbiddiug certain classes to land here under heavy penalty, that there will be a certainty of accomplishing their object—i. e., to check the tide of humanity flowing in upon us.

We do not believe this is the wisest policy, for there is work in our undeveloped territory, in our building operations, as well as in most rural districts for a great many thousands more immigrants than we shall have. In the next place, such limitation is unnecessary for public safety in times of labor agitation. Then, again, such a course is absolutely contrary to the spirit of our institutions, and, if not unconstitutional, would be such a serious departure from our unswerving policy of welcoming all, and educating all to a knowledge and appreciation of the blessings of liberty, that it would have most unfortunate effects. Last of all, it would give us a bad name abroad, and needlessly furnish the enemies of the Great Re. public with argument, however weak, against a government of the people, by the people, and for the people, being a permaneut success.

A CHANGE.

Hartigan & Son have opened up offices at No. 106 Fifth avenue, southwest corner of Washington street, room 6, and will conduct a general real estate and loaning business. The individual members of the firm are T. O'T. Hartigan, formerly with Kenny & Hartigan, at Union and Madison streets, and T. L. Hartigan, his son, late at the corner of Milwaukee aveuue and Carpenter street.

COUNTRY BUILDING NEWS.

Advance Information to Architects, Builders, Contractors and Dealers in Building Material.

TEXARKANA, ARK.—The erection of a two-story hotel is contemplated by Mr. Bennefield.

WEBSTER, N. C.—$12,000 is to be expended for the building of a court-house here.

SEDAN, KAN.—Charley Crow has the contract for the stone building to be built by Crouse & Webb and Wait Bros.

TOPEKA, KAN.—Plans have been completed for a church for the Cumberland Presbyterian Society, to cost $10,000.

CAIRO, ILL.—Treat & Foltz have completed plans for the church of the Redeemer. It will be 30x99 feet in size, and will cost $20,000.

FREDONIA, KAN.—P. G. Potter, west side of square, for J. I. Pierce & Bro., Harrison Thompson, F. Scholesser, M. Brown, P. G. Potter, J R Willits, E. E. Root and R. J. Wood; to be built of brick, with iron front and stone trimmings.

LARNED, KAN.—Two-story brick building for H. Kling; two-story brick building for the Phœnix Bank; two-story brick building for S. B. Moore.

PAULDING Co., O.—Brick court-house with stone trimmings; cost about $50,000; E. O. Fallis & Co., Toledo, architects: contract not yet awarded.

ASHLAND, WIS.—Round-house. twelve stalls, brick, stone and wood, for Lake Shore and Western R. R.; cost $11,-00; Scott, Perrine & Co., contractors.

KINSLEY, KAN.—Two-story brick business house on Sixth ..; owners, Wm. Plag & Co. Wm. Campbell has contracted with J. B. Shatzer for the building of a large addition to the Blanche House.

AKRON, O.—Brick freight-house and office, with stone and terra-cotta trimmings; cost $8,200; Theo. Rosenberg, of Cleveland, architect.

MT. OLIVE, ILL.—A school-house will be erected here by the School Board at a cost of $7,000. It will be two stories high, will have tin roof and stove heat and require furniture. Contracts not let.

MOUND VALLEY, KAN.—Dr. Parker, of Girard, Kan., has contracted with the City of Mound Valley to build a $25,-000 hotel. The building is to be four stories high, and constructed of blue lime-stone.

SAN ANTONIO, TEXAS.—A four-story brick, stone and iron opera house, 80x160, is shortly to be built, with a seating capacity for 1,700 persons. It will cost $80,000. The structure will be owned by a joint stock company. J. B. McElfatrick & Sons, architects.

DETROIT, MICH.—A new theatre, to be called White's Opera House, is to be built here, 120x148, of iron, brick and terra cotta. It will be four stories high and will have a seating capacity for 2,600 persons. It will cost $140,000. The building will be owned by the Brush estate. J. B. McElfatrick & Sons, architects.

LAKE CITY, LAKE Co., ILL.—Treat & Foltz have completed plans for a handsome summer residence for E. J. Lehmann. The first story will be built of farm bowlders. It will be 36x50 feet in size, two stories and attic high, and will have a large verandi on the south and east sides. It will cost about $10,000.

OTTAWA, ILL.—Architects Treat & Foltz have just completed plans for a handsome residence for Judge J. D. Caton, to replace the Judge's home which was destroyed by fire a short time ago. The house will be 85x50 feet, and will have a most artistic exterior of pressed brick and Connecticut brown stone, the latter being employed extensively in the trimming. It will be two stories and attic and cost about $25.000.

FOR SALE by J. P. WHITE, 99 Washington St., Room 10:

BUSINESS PROPERTY A SPECIALTY. Few persons have the time or facilities for examining all there is for sale. Some of the best property is not advertised or even placed on the market. From these causes buyers often miss the best bargains. My long experience in keeping a record of the principal transfers and names of owners of this class of property enables me to offer special advantages to buyers.

J. P. WHITE,
Room 10, 99 Washington St.

WANTED.

To purchase a one-half interest in an established Real Estate business, or to form a partnership with an experienced party. Address "Purchaser," REAL ESTATE AND BUILDING JOURNAL, Room 14, 164–166 Washington street.

IMPORTED ROCK ASPHALT.

During the past few months, imported rock asphalt has been successfully introduced in Chicago and has received many favorable testimonials from architects, builders and property owners. It is used chiefly for floors of cellars, stores, breweries malt houses, hotel kitchens, stables, public buildings, factories, refineries, mills, rinks, &c. Among the qualities which make it worthy of merit are its hardness smoothness, cleanliness, durability etc. It is both fire and water proof. The successful introduction here of this article has been made by Simpson Bros, R. 15, 159 La Salle st. They employ foreign workmen of long experience in Europe and are prepared to fill orders for any work in their lines. Among the contracts which they have received are, a large public building now in course of construction, basement floor for C. C. P. Freer, 105 Madison st; stable floor for Fleischman & Co. 245 S. Canal st; stable floor for Dr. E. F. Ingalls W Adams and Laflin; driveway corner Madison and Curtis, J. H. Wagner Arch; for Geo. P. Braun; a driveway—La Salle and and Eugenie sts. Brewery floor for J. L. Hoerber, Brewery Co. also for Joseph Jumk, Brewery, and a floor at P. W. Gates, Iron Works at S Clinton st.

CITY COUNCIL.

An ordinance was passed for sidewalk on both sides of w Clybonrn Place from Wood st to Girard st; on both sides of Pratt st fron Mllwaukee av to Halsted st; on both sides of w Harrison st from California to Kedzie ave; for establishing sidewalk space on Indiana av from 22d st to Egan av. Ordinance repealing ordinance for opening 32nd st from L. S. & M. S. R. R. to Wentworth ave; for repealing ordinance and an nnlling assessment for the improvement of North Franklin st from Chicago av to Division st; for same for sidewalk on Indiano av from 18th st to Egan av.

Ordered, That the Law Department be directed to proceed with the comfirmation of the assessment for widening Forest av.

Also, That the Commissioner of Public Works be directed to advertise for bids for improving Union st, from Carroll av to Erie st, and to let the contract for the same to the lowest responsible bidder, provided such contractor will wait for his pay until the assessment for the same shall have been collected.

HOW TO DECORATE.

—Backs of antique chairs and hall settees show some verv fine carving.

—Rare lamps of great antiquity are no longer kept in cabinets to be admired at odd moments by their happy possessors, but are put in constant use to shed soft light npon all who appreciate their beauty of workmanship and their historic associations.

—Among the most decorative Chinese pieces are the low, wide, square lanterns of lacquered bamboo and painted gause, through which gas or canlelight show with moonlight effect.

—The demand for candlesticks having grown into such strong proportions, the designers have been taxed to the utmost to meet it; the result comprises pretty strange and odd shapes; a quaint style is a single candlestick of Japanese bronze showing a storк plucking a lotus up by the roots, the cup of flowers forming the candle socket.

THE RECORD.

(See table of Future New Buildings, Fifth Page)

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, he he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

THE
Real Estate and Building JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, JULY 10, 1886.

THE MARKET.

The reports from the different agents show a better market and more trading than might be expected at this time of year. The demand for loans, especially building loans, is quite active.

At the meeting of the Real-Estate Board on Wednesday, only a fair number of the members were preseut.

The meetiugs of the Board are not held so often but that a full attendance should be expected. Matters of general interest and importance come up for discussion, and demand for their successful issue, the hearty co-operation of the whole Board.

The portrait of Lyman Baird, ex-President of the Board, in accordance with a former request, was presented and appropriately received. It is an especially fine likeness of Mr. Baird.

Mr. Morey, in behalf of Mr. Fernando Jones and of himself, presented to the Board two hand-bills, nicely framed, bearing dates of 1835 and 1836, and particularly interesting as giving the values of Chicago real-estate at that time. One of them was the notice of an auction of 40 lots of Chicago property between Franklin and Fifth avenue, Jackson and Adams, to be sold by Franklin & Jenkins, at the Merchants' Exchange, New York. Pencil marks on the margin show that the prices brought ranged from $175 to $300. These same lots could not now be bought for as many thousands. The other, bearing date of 1836, gives the appraisement of a large number of lots by the Commissioners of the Illinois and Michigan canal—W. F. Thornton, W. B. Archer and G. S. Hubbard. The appraised value of a few of these lots will be of interest. Lot 2, blk 16, 80 ft., between State and Dearborn, on Water, was then valued at $12,000. A fair consideration for the same to-day would be $80,000.

The southeast corner of Water and Franklin, appraised at $15,000, is now worth $100,000.

On Lake street, between Franklin and Fifth avenue, 80 feet, then valued at $15,000, could not now be purchased at less than $80,000.

The northwest corner of Lake and State was appraised at $10,000, and is worth to-day a quarter of a million.

Lots on Randolph, between State and Market, ranged from $5,000 to $9,000, and are now selling from $80,000 to $150,000.

Lots on Washington, between State and Market, appraised at $3.000 to $6,000, are held all the way from $100,000 to $175,000 by the owners of to-day.

The northwest corner of Washington and State, appraised then at $3,000, would bring now $500,000.

Lots on Madison, between State and Market, were valued at $2,000 to $3,250 and range now from $125,000 to $200,000.

The northwest corner of Clark and Madison, 80x180, was valued at $2,250. Mr. Atwood is to-day paying interest on 20x80 ft. of this, valued at over $100,000.

The plat is of interest also as showing the changes in the business centres. Property for instance on Clinton and Carroll avenue was valued as high as the northwest corner of State and Madison.

The auction of Western lands, at the Real Estate Board rooms, was well attended. prices ranging from $2.50 to $4.50 an acre.

A public auction of 148 lots, just west of Humboldt Park and fronting on Diversey avenue, West 40th and Mason avenue, in the Town of Jefferson, will be held on July 17, at 3 o'clock. The property is owned by Thomas Parker and will be sold under the management of Ellert Barmm & Co.

Nelson Thomasson reports a lively market for acres.

Greenebaum Sons report a large amount of capital seeking investment which necessarily makes the rates of interest low. They find a moderate demand for money.

J. A. & S. G. Hair report an improvement in the sale of vacant property for the purpose ef immediate improvement.

Schroder Bros., during the last three or four weeks, have had a better trade in building lots than early in the spring—ranging from $300 to $10,000.

J. P. Bowes & Co. have sold the following: 25 ft. State and 54th, $42.50 a ft.; 50 feet State and 44th, $65 a ft.; 50 ft. at State and 60th, $35; 100 feet Lexington and 52d, $5,250; 100 feet, Kimbatk, near 57th, $2,500; 100 ft. Calumet and 63d, $1,400; 4 lots, 47th, near School, $2,600; 8 lots in new sub., at 44th and Walnut st., $6,000; 10 lots on Swan st., nr. School, for a school site, at $5,000; 48 ft. on Halsted and 57th st., $2,800. Premises 4929 State, $2,500; 323 ft. in Normal Park, amounting to $8,400; 15 cottages in Town of Lake, $800 to $2,000 each. For State st. property, of which they are making a specialty, they report a good demand.

Jane Law has sold to Charles B. Foote, for 98,691, the south half of the northwest quarter of Sec. 23, Township 38, Range 14, with certain exceptions.

CHICAGO REAL-ESTATE BOARD.

CHICAGO, July 7, 1886.

The regular monthly meeting of the Board was called to order, President E. A. Cummings in the chair.

The following named members were present: Messrs. W.W. Baird, F. A. Barnes, C. R. Calkins, F. R. Chandler, E. A. Cummings, E. S. Dreyer, R. C. Givens, H. C. Harvey, Bryan Lathrop; H. C. Morey, W. L. Pierce, Edgar M. Snow, Jno. N. Young and Myron A. Baldwin. The minutes of the previous meeting were read and approved.

The Membership Committee reported the name of Jas C. Young for agent membership. The report was adopted.

The Presideat announced the following Title Committee, pursuant to motion adopted at last meeting: H. L. Turner, A. B. Mead, W. A. Merigold, F. A. Henshaw, G. L. Warner.

He also announced that he had appointed Mr. Frank R. Chandler Chairman of the Committee on Protection of Property in place of Mr. H. A. Hurlbut, resigned.

Action on the adoption of the sale contract was next in order. Mr. Lathrop presented a communication in regard to this matter from Mr. R. W. Reynolds, embodying an entirely new form of contract. On motion of Mr. Snow it was resolved that the Chair appoint a committee of seven, which shall have the co-operation of the Attorney of the Board, and which shall, after comparing the contract presented by Mr. Lathrop and the amended one prepared by the former committee, and after considering the different suggestions which different members of the Board may offer, prepare a contract to be used by the Board. The action of the committee to be final.

The following committee was appointed: H. C. Morey, Bryan Lathrop, Edgar M. Snow, W. L. Pierce. W. W. Baird, H. C. Harvey, Byron A. Baldwin.

On motion, the revision of the Board Lease was referred to the Committee on Blanks, and Mr. H. C. Harvey was requested to present the form of Trust Deed used by him to the said Committee for their consideration.

Mr. H. C. Morey presented to the Board, on his own and Mr. Fernando Jones' behalf, two hand-bills of sales of Chicago real-estate, held in 1835 and 1836 respectively.

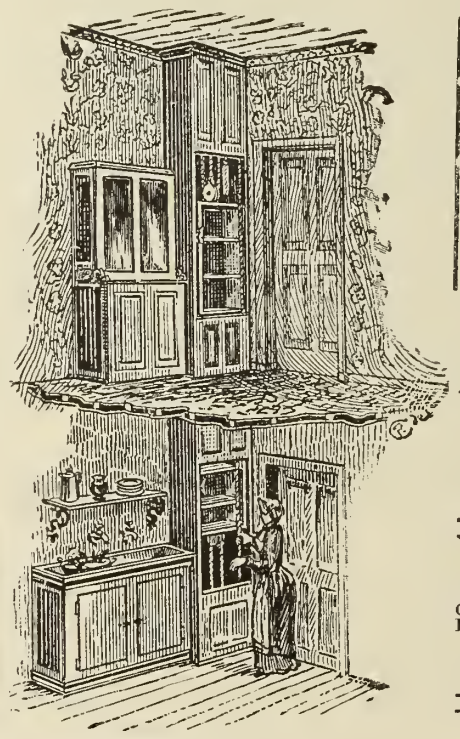
On motion, a vote of thanks was extended to the givers for their valuable and unique presents.

There being no further business before the Boaid, on motion, the meeting adjourned.

CITY COUNCIL.

Ordinances were passed for sidewalks on both sides of Crossing st from Paulina to Mendel st; Girard st from Armitage to W Clybourn place; both sides of Lubeck from Robey to Leavitt; both sides of Armitage ave from Elston av to Mendel st; both sides of Fowler from Leavitt to Evergreen av; both sides of Tilden ave from Aberdeen to Centre ave; both sides of 33d st from Stewart ave to Halsted st; both sides of 37th from Stewart ave to Butler st; both sides of 34th st from Ashland av to Charlton st; both sides 32d from Wallace to Dashiel st; both sides of Portland av from Douglass to 37th; both sides of 38th from Stewart ave to Halsted st; on w side of Leavitt from Rhine to Fullerton ave; w side of Talman ave from Ogden to w 15th st; n side of 30th st from alley east of Groveland ave to Lake Park av; s side of 29th st from alley east of Groveand av to Lake Park av. For curbing filling and paving east and w alley blk 54, Kenzie's Add. Same on Belden ave from n Clark to Hurlbut, for repealing ordinance for opening Asylum place from North branch to Elston ave; for repealing ordinance and annulling assessment for the improvement of Franklin st from Lake to Adams st; for establishing grade on Oakley av from w Van Buren to w Harrison st; for establishing sidewalk space on Dayton st from North av to Belden av at 14 feet; also for repairing Indiana st, w Huron st, &c.

Suburban Improvements.



HYDE PARK.

An ordinance was passed for sidewalk on the west side of Langley av from north line to south line lot 19, Margaret Johnson's sub.

The board of trustees met on Monday June 28, and passed an ordinance granting the Cook Co. Rapid Transit Co. a right of way from 41st st to the southern limit of the village.

The route laid down as follows: Commencing at Forty-first street, between Vincennes and St. Lawrence avenues, south to a point midway between 50th and 51st streets, thence east on a curve to Cottage Grove avenue, thence on or near that avenue to seventy first street, thence westward to South Park ave thence south to the right of way of the Chicago & Western Indiana, thence along that road to the Indiana State line. The road is to carry no freight.

Ordinances were adopted as follows: Opening and extending Superior avenue, between Eighty sixth and Eighty seventh streets.

FOR SALE by J. P. WHITE, 99 Washington St., Room 10:

BUSINESS PROPERTY A SPECIALTY. Few persons have the time or facilities for examining all there is for sale. Some of the best property is not advertised or even placed on the market. From these causes buyers often miss the best bargains. My long experience in keeping a record of the principal transfers and names of owners of this class of property enables me to offer special advantages to buyers.

J. P. WHITE,
Room 10, 99 Washington St.

FOR SALE.

RECEIVER'S SALE.

On Friday, July 16, at 11 o'clk, A. M.

At my office, Room 6,

97 Washington St., Chicago, Ill.,

I shall sell, subject to the approval of the Circuit Court of Cook County, the following described lots or lands, situated in Cornell, near Grand Crossing Cook County, Ill., viz.: All of blocks 1, 2, 3, 4, and 5, containing 46 lots each. Lots 1 to 22 and 39 to 53 in Block 6. Lots 1 to 7, Block 7. Lots 1 to 18, Block 8. Lots 1 to 18, Block 11. Lots 1 to 7 and 26 to 29, Block 13. Lots 1 to 13, 17, 28 to 31, 34 to 40, 43 and 44, Block 14. Lots 11 to 13, 16, 17, 28 to 44, Block 15. Lots 1 to 11, 36 to 46, Block 16. Lots 12 to 18, 30 to 33, 35, 36, with small cottage, 37 to 39, 42 to 44, Block 48. Being 411 lots in all, comprising over 40 acres, for the snm of forty thonsand dollars ($40,000), five thousand dollars ($5,000) cash, balance payable in three (3) years, with interest at the rate of six (6) per cent. per annnm, payable semi-annually, secured by trust deed on the premises, with privilege of release therefrom of any lots on conditions to be learned on applieation to the nndersigned. (Purchaser to pay all taxes and special assessments on the premises for the year 1886.) Unless a higher and better bid is then and there made, in which case said premises will be sold to the highest and best bidder. For further information apply to

SAMUEL D. WARD,
Receiver Pnblic Life Insurance Co. of Chicago.

HOW TO DECORATE.

—There is an increasing demand for California redwood as an interior finish, owing to its rich, warm, brown hne with a certain satin-like effect.

—The class of fnrniture most in favor at present is the English and Colonial styles of one hnndred and fifiy years ago.

—Gobelin tapestry is the correct thing to drape the walls of a hall or ante-room, large statues and bnsts in marble or bronze are placed in the intermediate spaces or valu able cabinets and similiar works of art; the windows are richly curtained and the doors draped with handsome portieres, the floor is of polished wood or is richly tiled, and a handsome rug completes the adornment.

—A new departure in table linen is in the highly embroidered cloths which have large floral patterns in crewel or cotton thread. These tablecloths, with extensive shrubberies sometimes seeming to extend from the hem up into the centre, are very beautiful.

CHICAGO, SATURDAY, JULY 17, 1886.

OUR SUBURBS
—AND—
SUBDIVISION PROPERTY.

Where the People of Chicago are Seeking Homes.

The extent of the sales in snbdivisions and subdivision property is far greater than many suppose, and the money invested in this class of real-estate, though in small sums, aggregates an immense amount. This fact may be somewhat realized when it is considered that over two-thirds of the bnsiness of last year was made np in sales of lots and small properties under $5,000.

It would be of interest and profit to many investors in city business and residence property to compare the average advance of property throughout our prosperous suburbs for the past three years with that of city real estate for the same length of time. Space will not allow separate instances of great advances in suburban real-estate, but certain it is that the general rise has been qnite marked, and has inured to the benefit of the many men of small means—salaried men and mechanics who have put their earnings into lots and homes in the different suburbs adjoining Chicago.

The large demand uow for suburban property (for the records are almost wholly made np of lots and small houses), indicate plainly that there is yet in store many paying investments in this kind of real-estate.

The easy payment plan which has been so generally adopted by those who are selling subnrban and subdivision property, make it possible for hundreds of salaried men to buy and own homes for themselves. It makes available for the purchase of homes, much of the money that has heretofore been paid for rent. The advantage to be derived by buying a home on the installment plan is self-evident, and needs no comment, for the same money paid for rent will, in the course of a few years, secure one a home of his own.

The question is in the selection of a place for that home—in the city or in the suburbs? The rapid growth of our suburbs show plainly their popularity among the people of Chicago. The advantages of a snburban home which the many are now coming to realize, have been plainly set forth in the following: "A suburban home means no ront to pay, no moving to do. It means trees, lawn, shrnbbery, flower garden, vegetable garden if you want it, pure air, room for your children to play, away from the street and its evil influences, better health, especially for the children, fewer doctor's bills, lower taxes, better citizenship, neighbor's who will take a more sincere interest in your welfare, a warm seat in a comfortable car. Every paymont on your home is a deposit in a savings bank that cannot break. Everything you do to improve or beautify it adds to its market value. Suburban homes are the easiest and cheapest to pay for. With $300 or more to pay down, what you now pay for rent will nearly, perhaps quite, pay the rest."

In the following will be found a brief description of some of Chicago's suburbs:

NORMAL PARK.

Perhaps no suburb of Chicago, within the past few years, has had a more marked and rapid growth, or now has a brighter future than Normal Park, adjoining Englewood on the sonth. Indeed, it has only been during the last four or five years that the people of Chicago were aware that they had a suburb known as Normal Park. Possessing the advantages of easy access to the city over seven railroads, pure air, lake water, gas, the best of society, and residences of an unexceptional character, it holds out nnwonted indncements to Chicago business men who are seeking homes for the comfort, health and enjoyment of themselves and their families. Many paying investments have already been made in this property and from the present demand, many more are still to be made. Prominently connected with this property, as well as that of Englewood, is JOHN A. BARTLETT, room 21, 152 La Salle street, who, from many years' residence in Normal Park, and from large negotiations in its real-estate, is a reliable authority for its values. He has a large amount of the property that is for sale on his books, and is thus enabled to make his services valuable to buyers.

HEGEWISCH.

Lying in Sec. 31, half way between Pullman and Hammond on the Calumet River, is situated the growing town of Hegewisch. The United States Rollin g Stock Company owns 100 acres of this land and has made extensive improvements and expended over $400,000 in the erection of buildings and purchase of the most improved machinery. Over 1,000 men are engaged by them. To furnish homes for this large number of mechanics and their families, a syndicate was formed which purchased nearly 500 acres of land in the immediate vicinity, a large portion of which has been subdivided and placed upon the market for sale. This property is under the management of CHARLES E. RAND—room 70, Calumet Building, 189 La Salle street. He reports the completion of a large number of houses and stores, and the erection of two hotels. The region presents very extraordinary advantages for manufacturing enterprises, lumber yards and all kinds of bnsiness which require a large amount of ground and exceptional railway and water facilities. Hegewisch is on the following lines of railway: Chicago & Atlantic, Nickel Plate, Pan Handle, Chicago and Western Indiana and the Belt Line, and is only one-half mile from the Michigan Central. Its dock frontage on the Calumet River is of the finest character, with navigable water to South Chicago. Hegewisch will bear investigation by those who pay large rents in the city. Valuable information may be obtained from Mr. RAND in regard to this property.

WILMETTE.

Two miles north of Evanston, on the Milwaukee Division of the C. & N. W. R. R., is located the beautiful suburb of Wilmette. It has a population of about 1,200, with good schools, churches, stores and elegant drives. It now has fourteen trains running each way on the Northwestern, and with the completion of the Chicago & Evanston this summer, which runs right through Wilmette, it will have railway facilities that will compare favorably with any other suburb. This new road will open up the choicest Lake-Shore property between Chicago and Milwaukee, and promises a coming prosperity for Wilmette property. As this suburb has never been boomed, and comparatively few are aware of its existence, property can now be bought here at a very low figure. The village is entirely out of debt and has just appropriated a large amount for graveling all their streets. E. T. PAUL, room 36, 164 La Salle street, the principal dealer in Wilmette property, is offering to purchasers either lots or tracts of five to sixty acres. Paying investments may now be made in this property, which will bear investigation by those who desire to realize a good income on money expended.

HERMOSA.

The town of Hermosa adjoins the city limits of Chicago at their northwest corner, and is surrounded by railroads and thoroughfares, giving easy access to the entire railway system of Chicago. The Omaha branch of the Chicago, Milwaukee & St. Paul R. R. traverses the town from east to west, and the Milwaukee branch of the same road rnns in close proximity to its eastern border. The Chicago & Northwestern "cut-off" runs along the west line, and the Belt-line terminates within a few rods of its sonthwest corner. Taking into consideration these unusual railway facilities, a number of large manufacturing establishments, thongh strongly urged by other cities holding out extra inducements to them, settled in Hermosa as offering the greatest combination of advantages, and are now running with full force there. Notable among these is the Expanded Metal Company and the Eclipse Furnace Company. The great warehouse of the Washburn and Moen Manufacturing Co. is also located here. Among the improvements of the last year are the erection of a large uumber of houses and stores, grading and graveling of streets, laying of sidewalks, etc. By actual count, 82 houses have been built here and a large number more contracted for. A new depot has already been constructed. A postoffice, telegraph station and schools are already established. Frequent trains are run to accommodate people from the city who live at Hermosa, and the point is favored by the railroads with the lowest fare made to any of Chicago's suburbs for the distance traveled. No firm have had more to do toward the growth of Hermosa than Mr. J. F. KEENEY, and C. P. KEENEY, 94 Washington street. Through their efforts, many of its manufacturing concerns and many of its citizens have been directed to Hermosa. They are now offering some splendid sites for manufacturing pnrposes and property suitable for subdividing and improviug, to meet the demands of those who are engaged in the several establishments located there.

ENGLEWOOD.

A thirty minutes ride on any line of the five railroads running south will bring one to the thrifty and beautiful suburb of Englewood. It takes but a glance to discover evidences of solid and prosperous growth. New houses, blocks, many substantial and elegantly built residences, stores, and halls for public amusement, are noticeable among the recent additions to Englewood. Indeed so rapid has this suburb been built up that Englewood has almost become a synonym for growth aud prosperity. At times the supply would not equal the demand of those seeking homes, who preferred the advantages of pure air, select society, low rents and taxes which it offers, to the high rents, foul air, etc., of the city. Prominently connected with the real-estate interests of Englewood is the firm of JEROME P. BOWES & Co., at 184 Dearborn street. They have a large assortment of property for sale in all parts of the suburb. Besides their Englewood interests, they deal largely in Normal Park, the Stock Yards district, in all parts of Hyde Park, and in South Side real-estate. They make a specialty of State street property. They have special facilities for building and have erected this spring a large number of houses which they sell on the easy payment plan. Fire insurance is placed by them in reliable companies and loans negotiated. Through many years of buying and selling of this property, they have become reliable authorities as to values and the reliable real-estate offered for sale, aud are thus enabled to make their services valuable to intending purchasers.

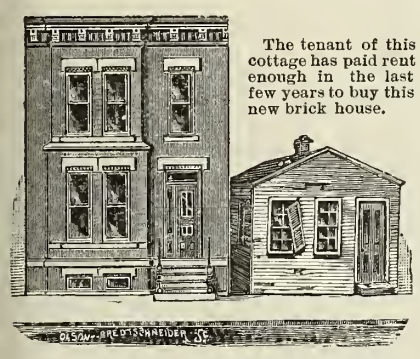
HUMBOLDT PARK.

The rapid extension of the limits of Chicago is due largely to the enterprise and push of her real-estate agents who give their attention largely to the snbdividing and improving of adjoining vacant properties. This is particularly true with Chicago in the vicinity of Humboldt Park, where subdivisions have been opened np and sold, and in many cases resubdivided. Among the active agents in this locality is M. D. DEAN, room 75, 79 Dearborn street. He has for sale a large amonnt of the desirable real-estate in this vicinity. With offices both at Humboldt Park and in the city, he is enabled to meet the demands of all. Besides his largo interests here, Mr. DEAN is negotiating for the purchase and sale of property in all parts of the city.

AUBURN:

Sitnated a few miles from the city, to the sonth, is the new and growing suburb of Aubnrn. It has the great advantage of passenger trains on five different roads, including the Chicago, Rock Island and the Eastern Illinois railways. There are at least fifty passenger trains, all of which must stop at the crossing, where there are two depots erected. Over 5,000 trees have been set out, side-walks laid, streets are being graded and graveled. Pure air and lake water are among its other advantages. Auburn is both a residential and mannfacturing point. Several manufactnring establishments have recently been erected there. Houses are being built of modern styles and improvements, and sold on suitable terms. A lake one-third of a mile long, surrounded by a park with two large rustic bridges where the streets cross it, is now being constructed. Ample facilities for rowing and pleasure will be afforded. The firm of MEAD & COE, 149 La Salle street, have the management of a large subdivision in Anburn, known as Anburn Park, and are able to give full information in regard to values of property and the advantages offered.

SUBURBAN BUSINESS PROPERTY.



While the larger demand for suburban property is for residences, it should not be forgotten or overlooked that the location of hundreds of families in our suburbs opens up a wide field for stores and business enterprises. This is particularly true in regard to Englewood, which numbers its increase of the past few years by thousands. With this growth comes naturally the demand for property favorably located to erect stores, which shall be adequate to meet the wants of the people. A new subdivision to supply this demand has been opened up between Wentworth ave. and La Salle street, 61st and the P., Fort W. & C. R. R. This property is now offered for the first time in the market, and is owned by B. F. JACOBS, 94 Washington street. Favorable terms may be made with him. He is also still selling lots and houses in the Univerity subdivision, which has been so rapidly built up through his efforts.

LAKE VIEW.

Among the many suburban towns situated on the north of Chicago and reached by less than a half hour ride by railroad is Lake View, noted for the prosperity it has enjoyed dnring the past few years. The access by street car lines is exceptional for a suburb. Many have already made paying investments by buying lots in the many subdivisions which have been opened up, in some cases doubling their money. Opportunities are still offered to men of small means, salaried men and mechanics to put their small savings into lots and make a good profit thereby. Among recent successfull subdivisions opened up in Lake View is that of H. C. Buechner, opposite the new high school and at the corner of Ashland and Graceland aves., and reached by the C. & N. W. Railroad and street cars. The lots are high, well drained with sidewalks and lake water. Out of the 88 lots offered in this suburb since the 1st of May, 37 have already been sold. He has bnilt six cottages and sold three before they were finished, selling them on the installment plan. He offers his lots on easy payments to suit purchasers. For plats or further information apply to H. C. BUECHNER, at 115 Dearborn st., room 72.

THE FAR WEST.

And yet not so far when a thirty minutes' ride on either the Madison, Lake, Randolph, Twelfth, Van Buren or Harrison street cars will carry one to the building sites of CAMPBELL BROS., builders and improvers of subdivisions. Dekalb, Campbell avenue, Lexington and Grenshaw streets, in the vicinity of Western avenue, have entirely been built up by them. This property is reached by three lines of cars—Ogden ave., Twelfth and Harrison streets. During the last year they have transferred their base of operations to Warren and Park avenues, near California avenue, where have sprung up eighty of their houses within a few months. This

The tenant of this cottage has paid rent enough in the last few years to buy this new brick house.

property has doubled in value during the last few months, and in a year will, from all indications, be 75 to 100 per cent. higher than it is now. There are no frame buildings, as it is newly built up with stone and pressed brick fronts. A word concerning the high character of these houses is here in order, for they are not after the usual style of cheap brick cottages, but fine residences. with pressed brick and stone fronts, and all the modern improvements. Their celebrated catalogue, containing beautiful illustrations of Chicago in 1830, and at the time of the fire in 1871, together with the cuts of their houses, showing the various styles, locations and prices, will be sent on application to their offices, 149 Madison street.

ECCLESTON.

The extensive purchases of CHARLES B. EGGLESTON in the vicinity of the 71st street station, on the Rock Island and Western Indiana railroads, have caused a change in the name of that station to Eggleston. This property has been subdivided and placed in the market. Within a short time a large number of lots have been sold and eight houses built, at a cost of not less than $3,000 each, and several more contracted for. The rapid extension of Englewood to Normal Park, and of Normal Park to Eggleston, gives this property a live market and offers special inducements to buyers to invest and gain the advantages of the general rise. The train accommodations are the same as those of Englewood and Normal Park, and other advantages characteristic of Chicago suburbs are here afforded. Over $50,000 will be expended during the season in laying sewers, water and gas mains, stone curbing and macadamizing all the streets; lamps for lighting are also to be put in. Thus all modern improvements are afforded to purchasers in Eggleston. J. P. MALLETTE & Co., have this property in charge and are selling it on the easy payment plan. They have special facilities for building. Among recent parties to whom they have sold and who have built residences there, are J C. McCabe, commercial agent for the Rock Island railroad; Mr. Porter, auditor for same road; Mr. Dewar, cashier of American Exchange National Bank; (Mr. Dewar's residence will cost $12,000); Otto Schmidt, scenic artist, and the Arnold School of Music. The firm own ninety acres of this property and are thus enabled to control the character of the houses built, which will in all cases be of a high order. Their offices are at room 508 Royal Insurance Company's Building, and at Englewood where they will meet and supply the demand of all those seeking first-class suburban property.

CHELTENHAM BEACH.

Perhaps none of our suburbs has been visited by more people during the last two weeks than Cheltenham Beach, now justly celebrated as a summer resort of Chicago. The grounds, which have been laid out at great expense, were literally covered on the opening days—the 3d, 4th and 5th of July.

The expenditure of so much money by the World's Pastime Exposition Company, and the daily visit of thousands of people, will of necessity increase the value of this property and give an active demand for Cheltenham real-estate. Much of this property is now ready for subdivision and will make paying investments to buyers. MALCOLM MCNEIL, 92 Washington street, the President of the World's Pastime Exposition, is an extensive owner of Cheltenham Beach property, and negotations may be made through him for the purchase of property choicely located here. Cheltenham Beach has the advantages characteristic of suburbs located on the Lake. Besides his interest at Cheltenham Beach, Mr. McNeal is dealing largely in city property, both improved and unimproved.

FERNWOOD.

Fernwood has a history of but three years, but in this short time has accomplished as much as many another has done in twice as many years. It is inhabited by an energetic, sociable and highly respectable class of citizens. Eighty per cent. of its male inhabitants are Chicago business men. Its railroad accommodations are such as to meet the demands of all classes of people. Thirteen trains each way are run daily, with a fare from eight to twelve cents. The growth of Fernwood has been due to the efforts of Messrs. E. L. GILLETTE & S. M. SMITH, 142 Dearborn street, room 9, who are extensive owners of this property, and have built nearly 100 tasty modern houses during the past three years. They build houses to order and require a payment of only ten per cent. and the balance on time, to suit purchasers. Plans of their houses, with prices, etc., will be sent on application, and parties taken any day free to see the property.

NORTH SIDE LAKE SHORE PROPERTY.

Some very desirable residence property has recently been brought into an active market along the lake-shore, from the northwest border of Lincoln Park to a point north of Edgewater. This has been brought about by the completion of the Lake View Boulevard, and also by the proposed extension of this boulevard to the south boundary of Evanston. A marked advance has been noticeable in this property and several important negotiations are under way, which will in due time, be made public. MR. BELDEN F. CULVER, room 15, 94 Washington street, is making a specialty of this property, and has for sale some of the choicest tracts along the lake-shore within these limits. The Lake View subdivision has been placed in his charge,—reached by the Northwestern and Chicago & Evanston railroads, and by street cars. Out of the 130 lots forty have been sold within the last few months, and fifteen houses either built or being built there. Full information may be obtained from him.

BROOKLINE.

Brookline is situated on the Fort Wayne and Lake Shore railroads, and within ten minutes walk of the Illinois Central. WILLIAM V. JACOBS laid out the village and has built sixty houses, two depots and an Episcopal Church, (St. Mary's) and a store, within the past three years. These houses have been sold to clerks and other business men working in Chicago. No liquor is sold within a half mile of the railroad station. An additional school house will be built during the summer. This town is unique inasmuch as the streets and grounds are laid out after a plan, and the houses set back from the street with grass plats and trees, and yet no two houses on a street are exactly alike. MR. JACOBS shows his property free of charge, and parties calling on him at his office, 118 Dearborn St., will be given full information. MR. JACOBS also represents an Eastern Insurance Company in loaning its money at 5 per cent. on improved property.

DOUGLAS PARK.

The building that has been going on in that part of the West side, in the vicinity of Douglas Park has assumed proportions of great magnitude and greatly increased the values of property. It requires a visit several times a year to keep pace with the improvements in this locality. Through the construction of a large number of especially attractive residences by heavy owners of this property combined with the building operations of individual buyers, a new impetus was given this property. Messrs Goldy & Zurburg, 111 LaSalle St., are controlling a subdivision in what is known as Douglas Park addition, and lots bought at prices now offered will make a paying investment. They are also the agents for an attractive subdivision in Maplewood, four miles from the city on the Wisconsin division of the C. & N. W. R. R. Another of their subdivisions is located in the growing suburb of Lake View. In addition to this subdivision property they are transacting a large business in North Side property, of which they make a specialty.

MORGAN PARK.

During the last five years very little has been done to bring before the people of Chicago the advantages afforded by the beautiful and attractive suburb of Morgan Park. But the increase in the demand for suburban homes of a high character has induced large owners of this land to reverse their former policy and offer for sale their entire holdings. The suburb is noted far and wide for its educational advantages, which, in many cases, are lost sight of by those who seek homes outside of the city. It contains a fine public school, military academy, female college and theological seminary. All these have attractive buildings. The high and rolling character of the land admits of cheap and perfect drainage and at the same time affords some of the most delightful scenery to be found around Chicago. Among other advantages afforded are the pure water, post-office, stores and railroad facilities. This property has an active representative in C. P. SILVA, 133 La Salle street, of whom full information may be obtained. Houses can be constructed and lots bought of him on terms to suit purchasers.

LA GRANGE.

Prominent among the many suburbs located within a short distance from the city is La Grange, noted for its beautiful location and promising future. Lying within twelve miles of the city, on the C. B. & Q. railroad, and having an elevation of eighty feet above the lake, its views of the surrounding country are unsurpassed, while its facilities for drainage are perfect. From a population 300 in 1881, La Grange has rapidly grown to nearly 2000 at the present time. It possesses superior advantages in the way of schools, churches and markets. Underlying the town is a fine bed of gravel from which the purest water is drawn. Among other notable featurers is four or five miles of macadamized roadway, the material for which is in plentiful supply within the corporation. T. BENTON LEITER, rooms 2 and 4, 81 Clark street, represents large interests in La Grange. He is selling desirable subdivision property in lots on the installment plan. Among other interests to which he is devoting himself is the care and management of central business property and office buildings. The Lakeside and Japanese buildings are in his charge.

Suburban Improvements.

HYDE PARK.

An ordinance was passed for a sidewalk on the south side of 49th st., from State to the first alley east; also for opening and extending Superior ave., from 86th to 87th sts.; for providing for water pipe in St. Lawrence ave., from 43d to Pierce sts., thence in Pierce st. to second alley west of St. Lawrence ave.; for sidewalk on the east side of Ellis ave., from 44th st. to 200½ feet north.; on the east side of Madison ave., from 75th to 76th sts.; also a wooden box drain in 71st st. from Woodlawn ave., to a point 6700 feet east of same.; for sidewalk on the south side of 57th st. from Monroe to Kimbark Aves.; Property owners have petitioned for a 6 inch water pipe in Housten ave., South Chicago, from 92d to 89th sts.; also for the improvement of 75th st. from Stoney Island ave., to Cottage Grove ave.; for water pipe in 73d st. from Cottage Grove to Evans Aves., and on the latter 300 feet north.; for additional water supply at Grand Crossing, including a steam fire department. Ordances are being drawn for a sewer in Chapel Place from 43d to 44th sts., and on 46th st. from St. Lawrence ave., to Grand Blvd. The Chicago City R. R. will lay cable tracks on State st.

TOWN OF LAKE.

Property owners are protesting against the building of an elevated railroad in the alley between Dearborn and Butterffeld sts.

CITY REAL-ESTATE.

The records the past week show the following important transactions:

Potter Palmer to S. E. Barrett, for $30,000, a lot facing east on the Lake-Shore drive, 75 feet north of Shiller street, and extending 75 feet to alley; A. C. Goodman to E. Cooling, for $34,500, property at the corners of West Congress street and Kedzie avenue; Charles L. Hutchinson to Charles Counselman, for $25,000, 200x120 feet, south front, northwest corner of Desplaines and Sebor street—Counselman selling the same tract for the same consideration to Sprague, Warner & Co.; M. L. Osgood to J. Barrell, for $150,000, thirty-two acres on Cornell avenue and fifty-sixth street; Illinois Central Railroad Company to Myron L. Osgood, for $140,000, thirty-four acres on Cornell avenue, between fifty-fourth and fifty-sixth streets.

S. E. McMillan has sold to Marshall Field, for $44, 150, 22½x198 feet on Adams street, 112½ feet east of Clark, south front.

S. P. Colt has sold to George H. Norman for $20,000 559x133 feet on Francisco street, southeast corner of Division, with other property.

HENRY SHARON & CO.,

At No. 226 LaSalle street, report the following sales:

No. 3341 Wabash ave., for J. R. Owen at $12,000; also 937 Oakwood Boulevard at $7,500; No. 1319 Oakwood Bulevard to Mr. McDowell for $9,300; also for E. P. Palmer to Keeley Brewing Co., at $35,000.

Mr. Henry Sharon who came here from New York a few years ago, is making rapid advancement in the business of buying and selling city realty. Possessing great natural ability, untiring energy and a thorough knowledge of values in the city proper, it is a safe prediction that he will be at no remote period one of the foremost real-estate merchants of Chicago. The extent to which he is already interesting foreign capital in the way of investments in Chicago would do credit to our oldest brokers.

FOR SALE by WASMANSDORFF & HEINEMANN, 160 and 162 Randolph-st., cor. LaSalle.

$17,000.	Milwaukee ave., large lot with good improvements.

THE
Real Estate and Building
JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, JULY 24, 1886.

THE MARKET.

The demand for suburban property still takes the lead. The architects are receiving orders for important work to be commenced at once.

Within the past week J. M. Van Osdel & Co. have been commissioned to draw plans for two fine structures in the vicinity of the Board of Trade.

It is said that the amonnt of work in Burnham & Root's offices for the year will aggregate seven million dollars.

The Chicago Suburban Transit Co. has recently been incorporated, with a capital stock of five millions. John Tomlinson, A. C. Knapp and J. M. Bryant are the incorporators. The aim of the company is to run elevated roads from the several depots to Lake View. Ravenswood, Rogers Park, Evanston, Hyde Park, Lake, Pullman, South Chicago, Hegewisch, Lawndale, Crawford, Oak Park and Custer.

This is a large undertaking and will reqnire the outlay of a considerable amount of money before the public will take any interest in it or offer it any help. So many schemes for elevated railroads have been in the wind during the past year that it will require something more than incorporation papers to place any confidence in this new enterprise. There is no doubt, however, that an elevated road to some of the suburbs above mentioned would pay handsomely.

At South Chicago work is being pushed rapidly on the Pan-Handle road. This road will have a decided effect on Colehour property. An extensive dock system will be inaugurated by this company.

Smith & Gilmore, of South Chicago, report the extension of the street-car line to Cummings, and the completion of a Belt-Line connecting South Chicago, Colehour and Cummings.

Edwards & Richards, of the same place, report an active business. They are handling R. W. Bridge's subdivision at Cheltenham Beach.

The address of B. F. Jacobs was incorrectly given in our issue last week, his office being at 99 Washington street. Mr. Jacobs reports an active demand for his subnrban property in Englewood.

H. C. Beuchner is arranging for the purchase of property in Lake View, suitable for immediate subdivision. The sales in his snbdivision now on the market have been qnite active.

Between the Illinois Central and the Lake Shore, 56th and 54th sts., Geo. A. Chambers, in connection with two or three others, has bonght an extensive tract which has been subdivided and is now being improved with stone sidewalks, street paving, etc. By September the Improvements will be completed sufficiently to put a part of the property on the market. A magnificent hotel, to cost between $300,000 and $400,000 will be built. The drive-way through Jackson Park, in the vicinity of this property, is being pushed rapidly and will make more attractive than ever the elegant drives along the boulevards and lake-shore.

F. J. Reed reports the houses left over since the first of May to be rapidly filling up.

W. O. Budd, of Englewood, has built, during the last few months, ten houses, which have been sold as soon as finished. He has recently purchased two pieces of property for the immediate erection of houses.

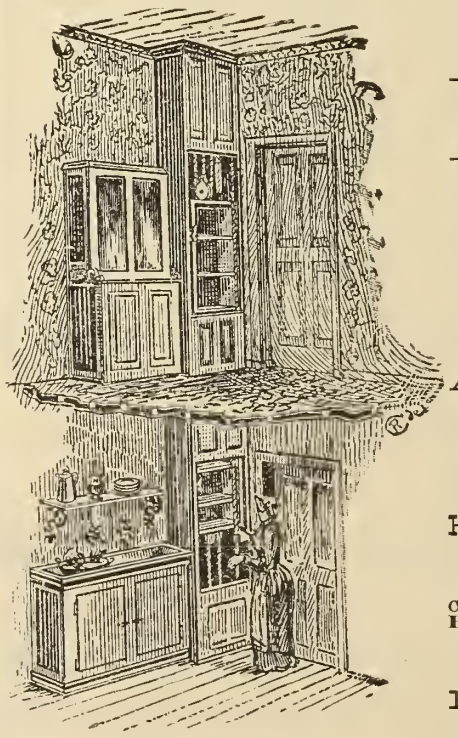
W. L. Davis & Co. have recently sold, at Argyle, eleven lots, comprising 625 feet.

Adolph Loeb & Bro. have made the following sales: Three houses and lots in Lake View at $9000; 3 lots, one on George st. and two on Wolfram st., at $600 each; one lot on Sherman, north of Polk, $10,000; two on Desplaines, near 51st st., $550 each. They are receiving a good demand for property at their branch office in Lake View. Within the last four weeks they have loaned $150,000 in various sums, at 6 and 6½ per cent.

E. F. Getchell & Co. report an active market.

J. L. Houghteling, of the firm of F. B. Peabody & Co., says: "The market for building loans is very active with us. We are transacting twice the amount of business we did last year. Rates of interest are 5@5½ and 6%."

H. C. Morey & Co. are still selling lots in their subdivision of Englewood.



An important sale in Hyde Park, for $80,000, is reported under "Suburban Deeds," by John Johnston, Jr., to N. C. Clement.

Among the terms and expressions in common use, there is none more eminently true and descriptive than that contained in the word "Real-Estate," applied to lands and houses. There is a "real" in the sense of intrinsic value in such possessions. Fashion and circumstances may increase the nominal price of real property or may depress it, but the fact remains that it is real and actual at whatever rate it is appraised. The occupier has a house over his head, and, whatever the market value may be, its value as a home remains the same. Your own house is a point of resistance against the chances of fickle fortune; still it should not be made by rivalry and ambition, a source of embarrassment rather than of strength. So common is such miscalculation that it has given rise and currency to the homely proverb that "fools BUILD houses and wise men BUY them." But fools do a great many other things, the result of which is disastrous to themselves. And wise men undertake the same enterprises, and follow them out with advontage and profit. If a man has the superfluity of means above his actual daily needs which enables him to gratify his taste for the artistic and the ornamental, he is not a fool because he adorns his home in preference to spending money for amusement in some other direction. But when the plan for a house includes the extra architectural ornamentation of covering it with a heavy mortgage, or where needed funds are diverted from his bnsiness, the real-estate may come to be a very good bargain to some shrewd purchaser.

It was once a common thing, and, perhaps, the custom still obtains in some districts, for a man—usually a young man—to HALF-BUILD a house for himself and his wife. The exterior would be perfectly and substantially built, roof and walls completed. Interior apartments would be finished just sufficient for the cozy habitation of the young couple, and all the expenses so far as incurred be paid. With the first investment in a cradle or an infant crib, the self-poised couple might find a new apartment desirable, and the owners had no fear of sheriff or foreclosure.

The city or town-bred traveler sometimes wonders how and why a neat and compact village has grown up in the country. There seems to be no particular reason for a village in such a place. But the genesis of many country towns is not hard to trace. Americans usually prefer to have bnt one family nnder the home roof. The young folks want homes of their own. The old couple build a new house in favor of a son or daughter. The new home may be the beginning of a new settlement, or an addition to one already founded. When once is found a convenient site for a blacksmith's shop, the cinders and sparks from the forge are the seeds of a village. Other trades follow. The postoffice department, which, with the railroad, is the grand promoter of new towns in the United States, is soon represented, and around them all gather the borough, the town, and the future city. These slowly operating causes have been snpplemented in late years by "building associations." They are institutions more in the spirit of progress. The readers of the REAL ELTATE JOURNAL are aware of what they have done for Chicago. But what bnilding associations have done and are doing in the country districts near the city can hardly be understood without actual observation. Some of the villages near Chicago look as if Aladdin's lamp had been at work. Within five years the number of houses of convenient size for persons of moderate means has more than doubled, and of stately mansions and costly residences not a few have been erected. The same activity has been shown in many other districts. Some lakeside resorts are centres of the good work of co-operative building. The advantages of "homes of their own" for the people cannot be overrated. In the distribution of the ownership of real estate is found one of the best guarantees of law and order, peace and industry.

A GLANCE along the business horizon reveals many encouraging signs. There is a growing tendency to harmonious co-operation between capital and labor. Trade is in a healthy and conservative condition, stocks of staples are not too large, and dealers have been carrying light stocks for such a long time that the first active demand will cause them to replenish their counters. Produce is moving steadily abroad, there is no unnatural speculation, and financiers consider the money situation very sound. All over the country there is a bountiful harvest, and there are no great strikes; the last, among the Chicago switchmen, having died out as it deserved, from its arbitrary attempt to dictate to the railroads. This favorable outlook is a good indication of a profitable fall businsss. It gives bnilders and manufacturers hope of a release from the period of dullness, during which many enterprises have been temporarily idle, or running on short time. To the merchant it is an augery of promise of many buyers, who will come from all sections of the country, to pnrchase heavily and to pay ont a good deal of cash, as THEIR country creditors are prosperous. The banks and bankers can gain from the present prospect some reasonable expectation of an active money market, when capital will be in demand, and when a host of new enterprises, the solid development of the conntry, in sections where it is needed, will receive good rates of interest- This fair outlook is like a bow of promise in the heavens to the railroads, who have so long been cutting each other's throats in rate wars for traffic that was hardly paying, that they will relish exceedingly a tax npon their transportation capacities. Meanwhile, let ns do what we can to make the promise of the present reality in the near future. With no extravagant expectations of fabulous profits, but with a good confidence in the coming of that prosperity which now seems almost assured, let ns go ahead without fear, banishing all forebodings of great labor tronbles, financial panics, and acting as if prosperity were not a prospect but a certainty. And in doing so we will be helping, largely helping to bring "good times-" We will be aiding, effectnally, in that restoration of active and paying trade for which the business community has been looking and hoping so long.

ISHPEMING, MICH.—A $25,000 school house is soon to be erected here.

IPSWICH, DAK.—The Farmers' alliance will build a 25,000 bushel elevator.

WATERTOWN, DAK.—The building improvements thus far commenced this summer foot up to $143,050.

PAULDING, OHIO.—Paulding county court-house, Paulding; cost, $45,000. E. O. Fallis & Co. are the architects.

$30,000; store building erected by Johnson & Larsen, cost $40,000; store building for C. C. Wales, to cost $15,000.

SIOUX FALLS, IOWA.—The principal buildings now in course of construction are: Desparois' warehouse, cost

MILWAUKEE, WIS.—A $40,000 brick church will be erected for the St. Hedwig's Polish Catholic congregation.

WAUKON, IOWA.—Architect F. D. Hyde, of Dubuque, reports: For C. R. Church, new tower, sanctuary, etc., cost $2,500. Plans under way.

KANSAS CITY, MO.—John Beatty will build a brick residence at 739 Locust street. It will be 25x62 feet and cost about $8,000.

MINNEAPOLIS, MINN.—The Minnesota and Northwestern Railway will build a $15,000 freight depot on Washington and Tenth avenue south.—P. J. Lamoreaux will erect six three-story tenements on Lyndale and Eighth avenues, at a cost of $27,000.

IOWA FALLS, IOWA.—Plans have just been completed by Architects Josselyn & Taylor, of Cedar Rapids, for a $10,000 school-house for this city.

WATERLOO, IOWA.—For Waterloo Improvement Co., remodeling and enlarging the Logan house, cost $15,000. Plans by F. D. Hyde, of Dubuque, now under way.

MARSHALLTOWN, IOWA.—A home for disabled sailors and soldiers is to be erected at this place at a cost of $100,000. Gen. Tuttle, chairman of the board of trustees of the Soldiers' Home, Des Moines, Iowa, can give all necessary information.

JACKSON, MICH.—Rev. Father Melaney has purchased the ground for a school to be erected upon. It will be built of brick and three stories high.—S. B. Collins is building an elegant residence on First street.—P. T. Loomis is to build a frame residence on East Main street.

DETROIT, MICH.—C. F. Cressler will erect an elegant five story office building on Lafayette avenue, just opposite the new postoffice. It will contain about 300 offices.—J. H. Farwell designs erecting on his property on Rowland street, opposite the high school, a building five-stories high and lighted by a skylight over an open court.

INDIANAPOLIS, IND.—J. Aldrich will erect a brick residence, costing about $1,000, on New Jersey street. Architect Bohlen has plans for an addition to Tomlinson hall, to be used as a market house. It will have a frontage of 100 feet on Market street and 195 feet in depth. The foundations will be of stone and the balance of brick, the gables being of iron and glass. It will cost about $30,000.

GREEN LAKE, WIS.—Thomas & Rodgers, architects of Chicago, have plans for a country residence for Mr. D. Pyott. The design is picturesque, having the lower story in split granite bowlders of different shades of color in random coursed work, and the upper story and gables of open timber work stained and filled in with pressed brick.

EAU CLAIRE, WIS.—The county commissioners of Eau Claire county have passed a resolution in favor of erecting a $25,000 county hospital for the insane. Twenty year 5 per cent. bonds will be issued, and the asylum will probably be commenced this fall.—The corner stone of the Congregational church has been laid and work on the superstructure is rapidly progressing.

CINCINNATI, OHIO.—E. Z. Rychen will erect a modern suburban frame cottage, two and a half stories, 32x40, to cost $4,000. D. T. Atwood, of New York, architect.

ST. PAUL, MINN.—F. J. Schulz will erect a $12,000 residence on Grant street, at the corner of Aurora avenue. Morris Beifield is at work upon a four-story brick block on Ducas street to cost $40,000, and C. Eitzer will erect a duplicate of this on the adjoining lot. Mrs. Mary Casey will build a $10,000 block of stores and flats on Minnesota street. The building permit taken out by L. Baker calls for an eleven-story stone, brick and iron block, stores and offices, to cost $240,000, and located on corner of Fourth and Cedar. Joseph Minea will build on Dakota avenue a $13,000 row of stores and flats.

OMAHA, NEB.—The new Board of Trade building is now underway and will be a fine structure five stories in height and will cost $75,000. President Millard, of the Commercial National bank, will soon erect a four-story brick block on Harvey street. Architects Mendellssohn & Fisher say that the Paxton block, the foundation of which is now in, will be the finest in the city. Architect Voss has completed plans for a handsome row of seven brick buiidings, three stories in height, to be erected on St. Mary's avenue, and for the Poppleton building. G. C. Barton, president of the smelting works, will build a $50,000 residence, and E. W. Nash, secretary of the same company, has underway a residence that will cost about $25,000. The Windsor hotel will put a three-story addition to the present structure. Plans for a $75,000 freight house for the U. P. railroad are about completed and the same company will erect a handsome union depot. Meyer Goldsmith will erect a $10,000 residence this season.

FOR SALE—By BERNHARD F. WEBER, Rooms 15 and 16, 84 La Salle st., Chicago.

We are making a specialty of property in the suburbs of Ravenswood and Lake View. Parties desiring to invest in good paying property, either improved or unimproved, in these suburbs will find it advantageous to call and confer with us.

FOR SALE by J. P. WHITE, 99 Washington St., Room 10:

BUSINESS PROPERTY A SPECIALTY. Few persons have the time or facilities for examining all there is for sale. Some of the best property is not advertised or even placed on the market. From these causes buyers often miss the best bargains. My long experience in keeping a record of the principal transfers and names of owners of this class of property enables me to offer special advantages to buyers.

J. P. WHITE,
Room 10, 99 Washington St.

ENGLEWOOD.

No suburb has been more noted for its growth and prosperity than Englewood. The demand for Englewood real estate has always been active and at times the supply of houses would not equal the demand of those seeking homes. The recent improvements are of a high order in both residences and business blocks.

The advantages of pure air, select society, low rents and taxes, which it offers, are being sought and enjoyed by Chicago's best business men.

Prominent among the builders in Englewood is W. O. Budd, 6213 Wright street, who has had marked success as a builder and real estate dealer in Englewood. He builds to suit purchasers and sells his houses on the easy payment plan. A sum of $300 to $500 being paid down and the balance in monthly payment. Further information may be obtained by applying to him at his office.

Suburban Improvements.

LAKE VIEW.

Ordinances were introduced for opening a street south from Sulzer street between Halsted street and Evanston av; same for Wilson avenue from Ashland avenue to the lake at a width of eighty feet: and for allowing the Chicago, Milwaukee & St. Paul railroad to lay a track on Clybourn avenue to the Lossing & Alden bridge works. These ordinances were laid over under the rules.

The Chicago City Railway Company presented an ordinance for a double track railway on Clark street. It provides that the track shall be laid from Diversy street to Graceland avenue within ninety days and to Lawrence avenue within one year. The cars are to be operated by animal power, "bobtail" cars to be used, and the board to regulate the speed and frequency of the cars. The provisions of this ordinance are almost precisely the same as that offered by the Union Street railway Company. It was referred the Committee of the Whole, where the other ordinances relating to Clark street now rest.

The main sewer in Diversy street from Racine avenue to the river was ordered.

The books show an increase in the assessment for 1886 over last year of $256,003. This year the personal property is listed at $222,405, against $$197,361 for last, while $2,299,340 is shown, as against $2,068,381 for 1885. Improved and unimproved lands are valued at $624,805 and improved and unimproved lots and blocks $1,674,535. Only $298 worth of diamonds and gold ornaments were returned. The horses carriages and wagons are put in at $76,903 and household and office furniture av $41,639. "No assessment on railroad property was made, because it is a waste of time. The property is represented as right of way, and any assessment would have to be thrown ont."

HYDE PARK.

The Village Board of Trustees met Monday afternoon. Petitions were received for the opening of Erie avenue from Ninety-second street to Sonth Chicago avenne, and for water-pipe and gas on the west side of Grand boulevard. between 42d and 43d streets, both of which were referred to the proper commitees. Superintendent Powell reported the estimated cost of the opening and extending of Ninety-fifth street, from South Chicago avenue to Erie avenne, to be $1,350.

An ordinance was passed vacating part of Powell, Bensley, Calhoun and Hoxie avenues and alleys in blocks 38, 39, 40, 41, 42, 43, 54, 55, 56, 57, 58 and 59 Irondale Sub in Sec 13, 37 14; for a twelve inch pipe sewer in 40th street from Lake avenue to Illinois Central R. R. also for the improvement of 40th St. from Lake Ave to Illinois Central R. R.

JOURNAL.

R. C. SMYERS, Editor and Proprietor.

CHICAGO, SATURDAY, JULY 31, 1886.

THE MARKET.

Plans are now being made for the establishment of a new suburb near the junction of the "Belt-Line" and the Grand Trunk Railroad, to be known as Morrell Park. Mr. Morrell, in company with three or four gentlemen interested in this property, have offered the South Division Street-Car Company $5,000 for the extension of the car-line on Archer avenue. But as the Company ask $10,000 for the same, nothing definite can be said in regard to an immediate extension of the line.

A new depot will soon be erected. This place is two miles north of Chicago Lawn, where considerable interest is manifest.

The Adams Street Railway are working for the right of way at the other end of their proposed line. Canvassers are busy getting the signatures of property owners on Adams street, west of Western ave. As a rule, little objection is raised, as this property would be materially increased in value by such a line. The barrier in the way of the company is the obtaining of the right of way between Centre aveune and Western ave., where the property owners are almost as a unit opposed to it. But with the present state of affairs, when railway grants and tunnel ordinances are passed with little consideration for the property owners, it would not be surprising if this seemingly insurmountable difficulty should disappear under the SCRUTINIZING eyes of our City Council.

The Cross Town Railway Co., with J. J. Curran at its head, are making aggressive movements toward the accomplishment of their road. The plan of this company is to make the property owners along the line, stock-holders.

The Lake-Shore Drive in Lake View is receiving the attention of the property owners of Lake View. The route has been laid out and accepted at a meeting held this week, and the committee further instructed to secure signatures of property owners te petitions asking for the construction of the drive. The route proposed extends along the lake shore, about half the width of the drive being on land that is now submerged. The water is so shallow that after a protection to the shore has been put in, the filling can be done with the sand-pump at a less expense than if the drive were wholly on land.

The new Iroquois "Club House" will probably be erected on an inside lot on Fourth avenue, near Jackson st., extending through to Dearborn street. The building will be eight stories high and cost $100,000.

The Committee on School sites of the Board of Education was authorized to advertise for sites within the following boundaries: District bounded by Polk, Twelfth and Jefferson sts. and Blue Island ave.; by 16th, 21st and Johnson sts., Centre ave.; by Harrison and 12th sts., Ashland ave. and Robey st.; by 12th street, the Chicago, Burlington & Quincy tracks, 26th st., Rockwell st. and Douglas boulevard; by the Chicago, Burlington & Quincy Railroad tracks, 26th st., Douglas boulevard and Kedzie ave.; and by 31st, 25th, Halsted and Ullman sts.

Chandler & Co. have sold three lots in Rosalie Villa, South Park, at $2.600 each, showing an advance of ten per cent. over last year's prices. Also, the southeast corner of 48th and Johnson st., 106 ft. front, at $10,000. They anticipate, from the present indication of the market, a very heavy business this fall.

The cable on Cottage Grove will be extended from 39th street to 67th street, with a branch on 55th street to the South Park station,

Turner & Bond are just completing ten houses on 41st street and Lake, Queen Anne style. They report a very active market.

John N. Young has sold a number of lots in his sub-division in Lake View during the last week.

The address of W. O. Budd, of Englewood, was incorrectly given in our last issue, it being No. 6013 Wright street.

John F. Thompson has sold in one subdivision in Evanston 220 lots in the last ten months.

The firm of Samuel Gehr & Son will hereafter be known as Arthur C. Gehr & Co., successors to the above firm. They report an increase in the demand for property within the last few weeks. They have sold several lots in their sub-division at Halsted and 52nd streets.

Pease Bros. are erecting a number of cottages on the west side.

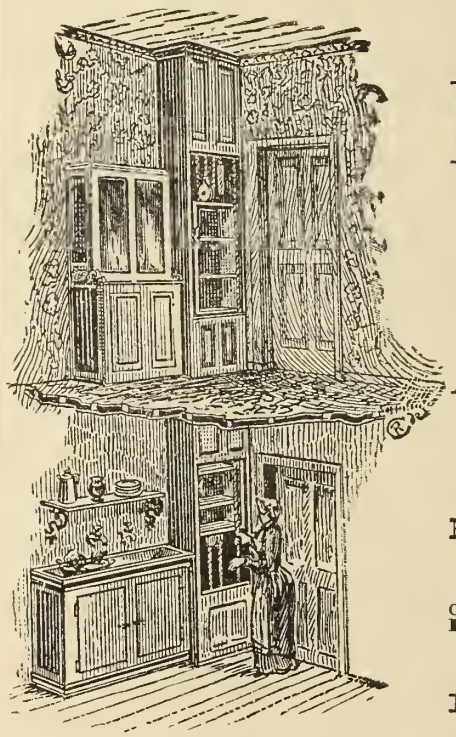
Wright & Turner have sold the following:—N. W. corner Taylor street and Oakley avenue, 50x100; Oakley avenue, west front, lots 44 and 45, with two 2-story flats; four lots on Twelfth, between Oakley and Leavitt streets; five lots on Irving Place, between Polk and Taylor streets; five lots on Oakley avenue, between Polk and Taylor; s. e. cor. of Twelfth street and Fairfield avenue, 112x208 feet (with another party.)

More inquiries have been made during the past week for properties at Lake View than have been made during the past six weeks.

Nearly all the agents and dealers report quite an improvement in inquires during the past few days, and a larger number of sales are in negotiation now than for a good while past. There is no particular reason given for this gratifying activity. As a consequence real estate people are in good spirits and looking for a ready disposal of all the new houses now nearing occupancy.

Modern cottages are multiplying in numbers and in devices and appliances to secure comfort. The cottage of to-day is far, far in advance of the cottages of twenty-five years ago. In fact there is very little relationship between them; cost has been reduced and luxuries have been piled on conveniences. Architectural skill and decorative art have well nigh exhausted themselves in their combined effort to render cottage surroundings and life attractive and luxurious. The modern cottages, while cottages in name, are scarcely so in fact. They are pretty little palaces of comforts and models of beauty. They afford great opportunity for the display of taste and talent and are destined to multiply in number, size and beauty.

DUMB WAITERS.



The dumb waiter of late years has become a necessity to a large class of people on account of the great amount of labor saved and the convenience afforded. It has become one of the essentials in houses built with all modern improvements. Among those now offered to the public none is more popular with the public than the Swezey Dumb Waiter. The following are some of its interesting points:—By the arrangement of the guides and the counter weight, the catching of the car at any point in the shaft except when it is desired to arrest its progress, is effectually obviated. The friction at the same time is so far reduced and the car so easily balanced that the labor entailed in its operation is reduced to a minimum. The most important improvement, however, is the improved safety catch invented by Mr. Swezey, and used at each story and with the aid of which the downward progress of the car can be arrested at will at any of the openings. It releases itself when the car moves upward, so that although it can only be applied voluntarily, it can not be used to prevent the use of the car maliciously, and is under easy control either at the story at which it is applied or from any opening in the shaft. By a combinatinn of such advantages the Swezey dumb waiter holds a prominent place. Says F. W. Campbell, of Campbell Bros., the well-known builders, to our reporter in a conversation the other day: "Swezey undoubtedly has a fine dumb waiter. We use it whenever we have a call for a dumb waiter in our buildings." Mr. Swezey, at 120 Twentieth St., is the manufacturer as well as the inventor, and oversees the construction and the erection of his dumb waiters. An investigation into its merits is desired.

REMOVAL.

A. M. Knoble, for some time located in the Portland Block has removed his office to the Hansen Bldg., 116 and 118 Dearborn St. R. 24. Mr. Knoble is giving his attention almost exclusively to North Side real estate, and makes the buying and selling of this property a specialty. He is thoroughly posted in regard to the business and residence property that is for sale in this locality, and can make his services of special value to buyers. There has been considerable activity in North side real estate, especially in the property along the lake shore. Paying investments have already been made and as the market is on the advance, many more are still to be made.

That land is drifting into the hands of a few people in this country, as Henry George would have us believe, is untrue. In such a state as New York, where the land is nearly all in private hands, the number of farms in 1860 was 196,000; in 1880 241,000. In Illinois there were 140,000 farms in 1860, and 255,000 in 1880. The average farm acreage in New York in 1860 was 106; in 1880 99. In Illinois it was 146 in 1860, 124 in 1880. The average in Texas has declined from 590 to 208 in that period; in Georgia 430 to 188; in Alabama 346 to 139; in Connecticut 99 to 80; and in Pennsylvania 109 to 93. As land increases in value under pressure of population and new wants, it is dividing into smaller and smaller parcels. Small farms too, are more productive per acre than large ones.

Dainty lamps now shed a soft light over the dinner table, for instance, the palest of yellow glass globes, with a light decoration of flowers, crowned by a shade looking like a crumpled yellow lily, and when this tiny flame is kindled inside the slender chimney the whole looks like a fairy-flower.

COUNTRY BUILDING NEWS.

Advance Information to Architects, Builders, Contractors and Dealers in Building Material.

HOWELL, MICH.—A $10,000 school-house will soon be commenced.

MILNOR, DAK.—A flouring mill to cost $30,000 and a 30,000 bushel grain elevator, are to be erected here at once.

MANCHESTER, MICH.—A new city hall is to be erected here at a cost of $5,000. Address A. Conklin, President of Council.

TIFFIN, OHIO.—The Ursuline Sisters will build an $80,000 convent. E. O. Fallis, architect, of Toledo, Ohio, has completed the plans.

COLUMBUS, OHIO.—W. J. Dawson will build a three-story brick business building, 50x75 feet, on Broad street, between Gift and Skidmore st., to cost $4,000.

DENVER, COL.—Wm. Hough, of New York, is preparing plans for two semi-detached brick and frame two-and-a-half story residences, each 43x50, to cost $3,000 each, for H. V. Furman.

KANSAS CITY, MO.—Hale & Cooper will excavate for the foundation of a building to be erected on the south-east corner of Seventh and Walnnt sts. It will be 152x266 feet and built of stone, and cost $15,000.

SPRINGFIELD, ILL.—John E. Baker, of Newark, N. J., is drawing plans for a two-and-a-half story brick and frame dwelling, 30x48, for W. W. Tracy, assistant cashier of the First National Bank, to cost abont $6,000.

CHIPPEWA FALLS, WIS.—On the 29th of June the corner stone of the new Catholic church was laid and work is progressing rapidly on the building which will cost $50,000 and be one of the finest buildings in the State.

MINNEAPOLIS, MINN.—The permit has been taken out for the erection of the new Masonic Temple, at the corner of Sixth street and Hennepin avenue, by the Masonic association of this city. It will be eight stories high and cost $200,000.

JAMESTOWN, DAKOTA.—Lloyd & Watson are building a block of five stores on the corner of Second st. and Fifth ave. The block will be one story in height, with a galvanized iron cornice and plate glass front. T. M. Grove, architect, and Robt. Bigger, contractor.

DUBUQUE, IOWA.—F. D. Hyde is the architect for the following: C. S. Keller is building a block of three-story brick residences, 54x58 feet, to cost $6,500. W. S. Bradley is erecting a four-story brick warehouse, 72x113 feet, to cost $12,000. Wm. Ryan is erecting a brick stable, 22x62 feet, to cost $1,500.

MINNEAPOLIS, MINN.—The Crusaders will erect a $6,000 hall on the Immaculate Conception church property. The new Orphan Asylum on Chicago avenue is now under way. The building will cost $40,000, and will be very handsome. The material is pressed brick and Kasota stone. Wm. Glessmer will build an $8,000 brick store on Central avenue. Architects Goodwin & Fiske report for R. H. Jones a block of five stores, brick, three stories high, corner Franklin and 14th avenues south, 112 ft front by 90 feet deep; cost $20,000.

ST. LOUIS, MO.—H. Lampour, two-story and mansard brick dwelling; cost, $4,000; F. Knittel, contractor. Mrs. M. Kiel, two-story brick dwelling; cost, $6,000: Dauer & Co., contractors. P Roettger, two-story and mansard brick dwelling; cost, $6,900; J. Stander. Mrs. L. Stocklo, two-story and mansard brick dwelling; cost, $4,200; C. F. May, architect; H. Dries, contractor. J. Frien, four adjacent two-story brick dwellings; cost, $10,000; T. H. Torrence, contractor. W. F. Chave, two-story frame dwelling; cost, $3,000; L. J. Evens, contractor. F. Raeman, three adjacent two-story brick dwellings, cost, $4,000; F. Raeman, contractor. F. Raeman, two-story and mansard brick dwelling; cost, $4,000; J. Rapp, architect; J. J. McMahon, contractor. L. E. Roberts, two-story brick dwelling; cost, $5,000; S. P. Simmons, architect; H. Magee, contractor. Dr. Wm. C. Green, two-story brick dwelling; cost, $7,500; C. A. Vonbrock, architect; H. C. Fryday, contractor.

FOR SALE by J. P. WHITE, 99 Washington St., Room 10:

BUSINESS PROPERTY A SPECIALTY. Few persons have the time or facilities for examining all there is for sale. Some of the best property is not advertised or even placed on the market. From these causes buyers often miss the best bargains. My long experience in keeping a record of the principal transfers aud names of owners of this class of property enables me to offer special advantages to buyers.
J. P. WHITE,
Room 10, 99 Washingtou St.

CITY COUNCIL.

CHICAGO, July 15-19 23.

An ordinance was passed for curbing, grading aud paviug Western avenue from Halsted st to Clybourn avenue; for grading aud plankiug alley from Piue to St. Clair Sts. between Illinois and Indiana Sts; for opening an alley in block 9, Rockwell's add to Chicago; and in block 5 Morris' aud others sub w½ sw¼ Sec 18 39 14; for establishing side-walk space on Mohawk st from North av to Wisconsin St; also an ordiuance was passed for the extension of the R. R. tracks of the C. W. D. R. R. Co on W Lake st.

The following ordinance was passed:

That authority is given to the Chicago West Division Railway Compauy, to construct aud test such system of operating street cars by cables, as it may select, in connection with the tracks of said company already laid on Madisou street or the tracks about to be laid on West Lake street from Homan avenue to Crawford avenue.
